

2,000,000 MEN NEEDED TO TAKE RUSSIA'S PLACE

American Military Experts
Prepare to Fill Gap if Slavs
Collapse.

By ARTHUR SEARS HENNING
WASHINGTON, June 8.—The military collapse of Russia will require the United States to furnish 2,000,000 soldiers as soon as it is physically possible to do so, in the opinion of not a few war department officials.

It is estimated here that with Russia out of the military reckoning Germany will be able to transfer nearly 2,000,000 troops from the eastern to the western front. This transfer is believed to be in progress, and a terrific drive by Hindenburg on the British and French is expected to materialize within the next few weeks.

England has approximately 1,500,000 men in France, 1,000,000 in the Levantine countries, and is holding 2,000,000 at home, some of whom are still in training and some of whom are held to resist a possible invasion by Germany. England is raising an additional 500,000 men to meet the waste of battle but is said to be unable to increase the size of the British army on the western front.

Confess Delay in Drive
The British confession of a slow-up in the drive on the Hindenburg line was made in the article by the military correspondent of the London Times which was cabled to this country yesterday.

A recognized military authority, who reflects the opinion of the war department, expressed the belief today that the military critic of the Times was not the author of the article but that it was written with the authorization of the British general staff if not by a member of the general staff himself.

The article contained information, he asserted, that was not available to any civilian or other person not connected with the British war office. He characterized the article as England's explanation of the slowness of the advance, occasioned by its inability to assert a superiority of force over the central empires.

More Germans to West
"The London Times war states that there are seventy-six German divisions and thirty-six Austro-Hungarian divisions on the Russian front," he said. "They are inactive, and available for use in the west, which would give them a distinct superiority over the allies, taking into account the superior transportation facilities of the central powers over the English and French armies."

"This total of 121 divisions means that, counting 15,000 to the division, the Germans and Austrians have 1,815,000 troops available for service in the west whenever they are needed. This puts the allies back to where they stood four months ago, and means that to make up the deficiency of the Anglo-French-Belgian armies the United States will have to send

To Live Long!

A recipe given by a famous physician for long life was: "Keep the kidneys in good order! Try to eliminate thru the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, and exercise so you sweat—the skin helps to eliminate the toxic poisons and uric acid." For those past middle life, for those easily recognized symptoms of inflammation, as backache, swelling "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric (double strength). This is a wonderful eliminator of uric acid and was discovered by Dr. Pierce of Invalids' Hotel, Buffalo, N. Y. If your druggist does not keep it send 10 cents to Dr. Pierce for trial package and you will know that it is many times more potent than lithia and that it dissolves uric acid as hot water does sugar.

HOME FOLKS TESTIFY.

Fort Wayne, Ind.—"I have been made most comfortable by the use of Dr. Pierce's Anuric Tablets. When I started to take this medicine my right kidney pained me at each excretion and my back ached all the time and was so stiff I could scarcely get up after lying down. The first bottle I took of Anuric completely cured me of these conditions, and the rheumatism in my shoulders, hands and feet is diminishing so rapidly I can scarcely believe that Anuric has done so much for me in so short a time. I feel extremely grateful for this relief and am only too glad to recommend Anuric every chance I get."—Miss S. J. Roberts, 917 Cottage Ave.

White serge looks cool, refuses to muss or wrinkle, and comes up fresh and smiling from every cleansing. The lines of this suit are both youthful and smart—a consummation devoutly to be wished. The unusual features are the wide pocket hem at the front of the coat, the greater length of the coat tails, the belt low in front and high in back, the flaring cuffs, the loop stitching of heavy white floss and the satin buttons. All is developed in spotless white.

With the suit is worn a hat of gray hemp, with a crown and semi-brim of vivid turquoise blue felt, through which laces a wide gray faille ribbon.

practically 2,000,000 soldiers to France.

"The London critic placed the blame for this misfortune on Russia. The provisional government of Russia has not been able to hold the Russian troops up to the butchery of war.

"They are tired of fighting and lacking in discipline. They are not moved by pleas for national honor, for their Slav brethren, the Serbs, or for the allies. They want peace, and unless they can be overcome they will have it.

"The allies are no longer counting on assistance from Russia this year, and all their plans for military operations in 1917 will have to be made over.

"The only hope for making the Russian army effective, even if Russia does not retire from the war, is through the restoration of discipline among the troops, which would require many months to accomplish. At the present time the soldiers have the situation in their own hands and they refuse to fight.

Russia May Help Germany
The allied governments fear that Russians, ignoring the central authority, will assist Germany in replenishing her military stores and food depots, being lured to this treachery by the great profits offered by Germany.

The entente governments, it is said here today, will request Japan soon to share in the allied shipping burden. All the entente nations and the United States are risking their vessels in the common cause, while Japan, with few exceptions, is engaging her ships in a profitable carrying business free from all risks.

On The Boards

"One Girl's Experience" was given a most commendable production by the popular Otis Oliver Players at the Murray last evening. It proved to be the best melodrama seen at this theatre in some time. The story is about a poor working girl, who afterwards turns out to be the daughter of the owner of a factory where she is employed. That the large audience liked the play was evident from the applause that greeted the players from time to time. A pleasing vein of comedy relieved the tense situations and balanced the performance nicely.

Sarah Gibney was the heroine Lucy, and acted the part in a manner that pleased all. Ashton Newton played the hero Paul in a pleasing manner, his work is full of pep and ginger which the audience liked. Jack Robertson as the villain played the part so well that he was cordially hated from the front. Which is true art and only a seasoned actor like Mr. Robertson can do it. Harry Royal and Pauline Le Roy were excellent in their parts. Charles Phipps as the father and

Glenn Argo were both up to their usual standard. "One Girl's Experience" will be seen for four more performances, the last one Saturday evening.

ONLY ONE OVERCOAT

COPENHAGEN, Denmark, June 2.—Only an old person or an invalid is permitted to have a winter as well as a summer overcoat in Germany, under new order issued by the German Imperial Clothing Bureau, it is learned here. In addition, the person desiring to have two overcoats, must produce a medical certificate stating that the physical condition of the applicant is such as to make the winter coat necessary.

BOY SCOUTS IN CHINA

PEKING, June 8.—Many boy scout organizations exist in the larger Chinese cities. At Tsing Hua College, the institution near Peking established with the Boxer indemnity money refunded by the United States government, there is an especially flourishing organization of boy scouts, which holds camp fire singings and gives frequent exhibitions of scoutcraft.

WOMEN MOTORISTS HIT TWO EATONIANS

EATON, O. June 8.—Two Eatonians were run down Thursday by automobiles driven by women, but each fortunately escaped serious injury. One was Earl Young, director of the Commercial club band, who was struck when at Main and Barron streets by an automobile driven by Miss Myrtle Benham, of West Florence. The other was Willard Larkin, 10 years old, son of G. G. Larkin. Just as he rode his bicycle out from the curb near the Post hardware store on Barron street an automobile driven by Miss Margaret Herbert was backed out. The lad was knocked off the wheel and thrown to the ground....The annual banquet and reunion of the alumni association was held Thursday evening in the opera house. A Japanese operetta was staged....Miss Edith Hart, court stenographer, has been reappointed by Judge Risinger for a term of three years. The salary is \$75 a month....Under auspices of the Owl club, Japanese operetta will be presented Friday evening at the opera house. Proceeds will be given the county Red Cross chapter....Charles W. Eldson, J. V. Dye, H. L. Risinger and V. V. Brumbaugh have been appointed trustees of the public library by Mayor Foss. Eldson and Dye will serve a two-year term, while Risinger and Brumbaugh have been named for three years.

Whole Wheat and Milk—the two most perfect foods given to man.

Dietetic experts may quarrel about everything else, but they are agreed on this. The proper combination is Shredded Wheat Biscuit with milk—the greatest amount of protein (the element that builds muscular tissue) for the least money. Two or three of these Biscuits with milk make a nourishing breakfast on which to start the day's work and they cost only a few cents. A boon to the housewife because they are ready-cooked and ready-to-eat. Delicious with berries or other fruits. Made at Niagara Falls, N. Y.

Senreco
The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

PAPER MONEY ISSUED

ROME, June 8.—The treasury department has arranged for a \$60,000,000 issue of paper money in bills of one and two lire to take the place of silver pieces of this denomination. Since the issue of 5-lire bills, two years ago, the 5-lire silver piece has disappeared from circulation and is now sold by banks at a premium.

BELL-ANS Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

Diamonds As An Investment

Precious stones are getting scarce and are, therefore, increasing in value.

Most of the markets are inaccessible at the present time.

Luckily for you, we buy diamonds in large quantities. Just before the war started, we stocked up heavily. The result is we have a most complete stock now—when there is such a big demand for precious stones—and our prices have not gone up.

You will find our Diamond Department capable of giving you many valuable suggestions.
