SHOP MEETINGS HELD TO BOOST LIBERTY SALES

Workmen Pledge Aid to Wayne County's Campaign—Veteran Invests Pension.

Farms and factories are doing their bit in insuring the success of the Liberty loan and in every bank in the county the small subscriptions are forming the greater part of the total. Today's total subscriptions were \$25,050 making a grand total of \$730,000 in the county.

Meetings have been held by the Liberty loan committee with the heads of sixteen factories in the city and the co-operation of workmen has been assured. The methods of urging the bond sales to the employees is left to the heads of the different factories but in every one of the plants visited results have been obtained.

List of Factories. The support of the loan has been pledged by: United Refrigerators company, F. & N. Lawn Mower company, Malleable Castings company, Beebe Glove company, Pilot Motor Car company, Dille McGuire company, J. M. Hutton company, American Seeding Machine company, Davis Motor Car company, Jones Hardware company, Starr Piano company, National Automatic Tool company, Elmore Reel company, A. H. Bartel company, Wayne Works, Swayne Robinson company.

At one of the local banks yesterday, a veteran of the Civil war, who lives north of the city applied for a bond. He declared that he had been saving his pension money to cover the expenses of his burial that he wanted to do his part. "Uncle Sam has been generous and has given me this money so its no more than right that I should let him use it for a while," he declared.

Boy Sells Calf, Buys Bond. In one instance an entire family of three converted their individual savings into Liberty bonds. In the family was a boy about 12 years old who had saved money from a calf that he had raised and used it in buying a bond.

The shortage in the Liberty loan subscriptions are not as great as the figures given out by the treasury department show, according to the local loan committee.

"In Wayne county alone there was about \$10,000 that had not been reported at the close of yesterday's business. If this average is maintained in Indiana alone it would mean a difference of \$920,000," declared one member of the committee.

"Class" Is Wanted At Forum Meetings, Asserts Lockridge

Ross Lockridge, of Indianapolis, in his talk before the Forum last night, said he saw no reason why Indiana should not have a constitutional convention.

"The suit to be tried in the supreme court June 15 as to the constitutionality of the convention is not being taken seriously," Lockridge said.

He spoke in favor of the initiative and referendum.

Lockridge urged his hearers to organize the county more thoroughly. "Small towns need to be organized and instructed," he explained.

Although the attendance was small, Lockridge said it was a regular Forum crowd.

"The class of persons who attend, is more important than the number," he said.

Smith Form-a-Truck \$350

Get your Hauling done in Daylight.

DISPENSE with costly, plodding horses. Get a Smith Form-a-Truck. Haul the same loads as 2 teams now haul—in half the time. When you go to town make the trip in one-third the time required by horses.

Hauls Anything—Anywhere

Don't take your horses out of the fields for hauling. Don't delay farm work. Smith Form-a-Truck will do work of four horses—at half the cost. Costs no more than a good team and harness—\$350.

Save two drivers' wages. Farm help cost is going up. Never in the history of America has it been so high.

Use Smith Form-a-Truck for hauling milk, grain, crops, feed, manure, lumber, coal and everything else on the farm.

Save 20 Acres

Government Agricultural statistics show that it costs \$441 a year to feed and stable four horses—that they eat the entire feed raised on 20 acres. Care—veterinary—medicine—shoeing—bedding—all cost extra.

Smith Form-a-Truck will save all this money—costs but \$140 a year.

Horses eat whether they work or not. And they work only 100 days a year. Smith Form-a-Truck costs you nothing while idle.

8c a Ton Mile

The lowest hauling cost in the world. Less than 8c per ton mile—exclusive of driver's wages. 6,000 to 8,000 miles per set of tires—12 to 18 miles per gallon of gasoline—12 to 15 miles per hour.

For Six Cars

Now use a new or used Ford, Maxwell, Dodge Bros., Chevrolet Buick or Overland chassis with a Smith Form-a-Truck attachment and get a fully guaranteed, powerful, strong, 1-ton truck.

SUNDAY SCHOOLS TO TAKE OFFERING FOR RELIEF WORK

Richmond Sunday schools will contribute toward the Armenian and Syrian relief tomorrow.

Rev. J. Edgar Williams, chairman of the work here, announced that a special campaign will be made in Richmond next week. A house to house canvass will be made. The special offerings which are taken, will be donated to this relief, this year. Reports show that thousands of children in the Holy lands are starving.

The auditor's report of the American committee for Armenian and Syrian relief, shows that every dollar received, actually reached the people for whom it was intended. No portion of the funds was employed for administrative expenses. This was provided for privately.

Up to April 1, \$2,826,320.60 has been sent. This money buys food and clothing, and general provisions for those exiled in the eastern countries. None of it is spent on salaries for consuls, missionaries, or other workers.

Money is being sent to different parts of Syria, Egypt, Palestine, Turkey, Russia and Persia.

Persons are urged to support this canvass which will be made. Large sums are not asked, but something from everyone.

Each committee man is to have a number of workers. The county will be divided into townships, and groups will solicit by townships. Several hundred workers will take part in the campaign.

According to the population, Wayne county has been apportioned \$50,000. Announcement is made that every one in the county will be visited.

Foulke presided at the meeting last night. He gave a talk on the gravity of the situation, and the needs of the Red Cross society. Miss Lulu Marvel, of Atlantic City, cousin of Dr. Charles Marvel, told of the work being done there.

A basket luncheon will be the feature. Each member is allowed to bring one visitor.

HARDWARE MERCHANT

Builds Nerves and Body

No business man stands higher in his community than does H. R. Beamer, hardware merchant, of Ohio. Nervous prostration left Mr. Beamer a physical wreck. Read what he says a physical bottle of Hull's Superlative did for him: "Five years ago I had nervous prostration; was in a very run-down condition—only weighed 128 pounds. My nerves were so weak I could not sleep nights, and in the morning would be all in and unfit for work. I got a bottle of Hull's Superlative and took only three drops at a dose. That one bottle cured me, and my weight increased to 16 pounds. Hull's Superlative is certainly a great nerve and body-builder. Persons similarly afflicted should profit by Mr. Beamer's wonderful experience. Hull's Superlative has a long list of cures to its credit, covering a period of more than twenty years. In fact, this remedy acts so quickly that the first dose often produces astonishing results. This wonderful remedy is compounded from roots, herbs and one berry. It is nature's great assistant, and has proven its worth in rheumatism, tonsillitis, colds, grip, infantile and other forms of paralysis, kidney, bladder and stomach trouble, nervous conditions, etc. All druggists sell Hull's Superlative for only \$1.00 a bottle and the A. J. Hull Medicine Company, of Findlay, O., will gladly supply any information desired.—Adv.

The Countryside Invites You

BRIGHT, beautiful June Sundays with all Nature in its happiest mood—it's the happiest time of the year for the man who owns a LEXINGTON Minute-Man Six.

Your car seems to share your enjoyment. The engine purrs happily, the hills do not bother it, on and on you go speedily, easily, comfortably. It's the acme of motor car pleasure.

The LEXINGTON Minute Man Six owes its speed, its power, its complete dependability to the Moore Multiple Exhaust System. This exclusive feature of the LEXINGTON gives 22.8% more power with less gasoline, makes a smoother, more flexible engine, reduces carbon and ignition trouble, and helps you get better results from present day low grade gasoline.

Probably no other car can be driven with less gear changing and is so responsive in high gear. This means pleasurable driving.

In the sociable, four-passenger LEXINGTON Clubster you get what is assuredly the most popular type of car right now—it combines the style and chumminess of the roadster with the capacity of the touring car.

No other four-passenger model you can buy will give you the satisfaction you will find in the LEXINGTON—and you'll have no trouble making up your mind when you see it and ride in it.
