

## ORDINANCE TO CORRECT EVILS IN MARKET READ

Stall and Space Auction System Will be Eliminated by Pending Bill.

An ordinance providing radical changes in the operation of the city market system was introduced for first reading at council meeting last night.

The ordinance aims to correct evils which have existed in the Richmond market system, recently pointed out by Prof. Stockman of Indiana University, who, after a careful investigation, state-wide in scope, declared in a public statement that the Richmond system was the worst in Indiana, finding especial fault with it because of the plan followed in auctioning off stalls and wagon "backups" spaces, and of permitting commission dealers to operate at the market.

The proposed ordinance aims at a system which will provide more competition between market gardeners with resulting lower prices.

**Eliminates Auction System**  
In brief, the measure eliminates the stall and space auctioning system. It provides for the rental of each stall at \$2 a month and makes no charge for wagon space. The stalls would be allotted each month, the gardeners drawing for places. Under the terms of the ordinance, commission dealers would be prohibited from operating at the market.

Council was very much divided in its opinion as to what changes should be made in the market system. Several of them voiced objections to barring commission dealers from the market.

William Ehnert, a farmer, protested against the present system, claiming the charges for places in the market were exorbitant and asserting that the market house was inadequate. He made no statement as to why the market was not more generally utilized by produce growers. Councilman Wilkins asserted that the modern farmer was making so much money that he no longer cared to deal in garden produce.

**Pay Raise Bill Passes**  
On third reading an ordinance increasing the pay of the firemen and patrolmen from \$75 to \$80 per month was passed. It becomes operative July 1. This ordinance also increases the salaries of the fire and police chiefs from \$120 to \$125 per month, the first sergeant of police from \$80 to \$85 per month, and the salary of the assistant fire chief from \$80 to \$85.

Council also adopted a resolution favoring increases in the salaries of the marketmaster, sanitary inspector and

## REPUBLICANS IN CONGRESS MORE LOYAL THAN FOE

Senator Curtis Shows Hagerstown Voters Which Side Supports President Best.

HAGERSTOWN, Ind., June 20.—No more successful nor enthusiastic Republican meeting ever was held in Jefferson township than the one addressed here last night by Senator Charles Curtis, of Kansas, Republican leader in the upper house of congress. The meeting was held in the I. O. O. F. hall and it was completely filled.

Declaring that the Republicans were giving loyal support to the government in all its war measures Senator Curtis pleaded for the election of the Republican congressional nominee, Richard N. Elliott of Connorsville, pointing out that only through the medium of a Republican majority in congress would it be possible to meet that all important need of the American people at the close of the war, a protective tariff.

Senator Curtis also emphasized the fact that it was even important to enact a protective tariff as a war measure, to the end that the republic could finance the war without imposing crushing taxation burdens.

Judge Raymond Springer, of Connorsville, who defeated "Brother George" Gray for the circuit judgeship in Fayette county, attended the meeting and when called upon to make a few remarks paid eloquent tribute to his old friend, "Dick" Elliott. Judge Springer said the voters of the sixth district would make no mistake in sending Elliott to congress. He enumerated Elliott's many qualifications for the office and the crowd applauded enthusiastically at the conclusion of his address.

## PAROLES SOUGHT BY THREE PRISONERS

Three petitions sent by the state board of paroles, have been received by Judge Fox. In two cases the applicant for clemency from the state board is under a sentence of from one year to eight, but have served less than the minimum sentence.

Lewis Fox, sentenced from this city for the embezzlement of about \$500 belonging to the colored Knights of Pythias, asked for a parole. In his petition, Fox declared that he took the money with the intention of returning it but was arrested before he had a chance.

Harry Foster was the other prisoner sent from Wayne county to petition for a parole. Foster was sentenced some time ago for petit larceny. He pleaded guilty to the charge of stealing about eight pounds of brass.

Raymond Puthoff, sentenced from this county in 1915 to the reformatory for from two to fourteen years on a charge of entering a house to commit a felony, was the third.

No action has been taken on any of the petitions as yet.
