

GERMANTOWN IS PERMITTED TO HONOR PERSHING

Official Seal Set on Patriotic Zeal of Wayne County Village.

By W. R. POUNDSTONE.
WASHINGTON, Aug. 22.—An Indiana community, the town of East Germantown, in Wayne county, is the first in the United States to officially honor General "Black Jack" Pershing, commander of the American forces now in France, by adopting his name as its own.

Acting upon a petition, said to have been signed by practically every resident of the town, J. C. Koons, First Assistant Postmaster General has officially notified Congressman Elliott that East Germantown now appears in official records as Pershing.

Indiana another blue ribbon first of the larger states to support a quota of volunteer troops; the state to complete arrangements for registration of men of military age; one of the first to subscribe its share of Liberty Bonds, and one of the leaders in subscribing its quota of the National Red Cross War Fund, Indiana again steps forward in being the first state to name one of its towns after the gallant soldier who is to lead the American army in its fight to "make the world safe for democracy."

Anyone who doubts that the women of that old Burnt District are not "doing their bit" to help Uncle Sam win the war should pay a visit to the office of Congressman Elliott here. So far, more than two thousand requests for government bulletins on home canning and home drying of fruits and vegetables have been compiled with by Mr. Elliott. These requests have been received from women living in every county in the district and a number from residents of other states. Letters asking for these bulletins still continue to pour in and Mr. Elliott has had to secure a second supply to meet the demand.

In the general distribution of these useful booklets, Mr. Elliott was greatly aided by newspapers all over the district, who invited their women readers to write to him for the food conservation bulletin. A number of other congressmen now are arranging with newspapers in their districts to advertise the bulletins.

Indiana newspapers recently gave considerable publicity to the action of Mrs. Lavin Zook, of Dublin, Wayne county, in writing to the local congressional board that she was proud to give her husband to the colors, assuring the board that while he was at war she would "see her way through."

And now official recognition is given to Mrs. Zook's self-sacrificing patriotism. In a letter addressed to Congressman Elliott, Provost Marshal General Crowder, quotes the letter Mrs. Zook addressed to the local congressional board her husband reported to, and adds: "The sentiments of Mrs. Zook are particularly praiseworthy and it gives me great pleasure to express my appreciation."

State Superintendent of Public Instruction Ellis and C. O. Williams, Wayne county, representing the state of Indiana, were in Washington Monday to meet with federal educational authorities and were successful in securing aid for the promotion of vocational education in the Indiana schools. The first year, Mr. Williams reports, Indiana will receive about \$25,000 from the United States government for this purpose.

American Jack Tars in For a Swim

It is not all work and no play for our Jackies now in European waters. This photograph shows sailors from one of Uncle Sam's warships diving overboard in a harbor, "somewhere on the French coast." Swimming is encouraged among the men of our navy as a healthy exercise and as an art useful for sailor.

Russian Diplomat to Address Veterans

BOSTON, Aug. 22.—The Russian ambassador, Boris A. Bakhmeteff, and members of the special mission which accompanied him to this country, were welcomed to this city today. Arriving early in the day they were escorted to a hotel for breakfast. Fifteen minutes before the start of the parade of the national Grand Army of the Republic, the Russian envoys were taken in autos over the parade route. Mayor Curley accompanied the party, with an escort which included two companies of the state guard.

The arrangements for the remainder of the day called for an address by Ambassador Bakhmeteff to the constitutional convention and an informal reception at the state house followed by motor trips to the north shore, Concord, Lexington and Cambridge. Tonight the ambassador will address the Grand Army at Faneuil hall and the envoys will attend a mass meeting on the Common.

Your "Get-Away Power" in Summer is a matter of fuel-food for the human engine. Food that is hard to digest and low in nutritive value does not supply energy for the day's work. It uses up needed power by overtaxing the digestive organs. Shredded Wheat Biscuit is all food. It is 100 per cent. whole wheat and is prepared in a digestible form. Changing from meat and potatoes to Shredded Wheat brings a mental buoyancy and physical alertness that make one eager for the day's task. Eat it for any meal with sliced bananas, berries, or other fruits. Made at Niagara Falls, N. Y.
