Churngold The Perfect Substitute for Butter

What Is Butter?

Butter is a fatty substance produced from milk and cream. It is almost entirely digestible and nutritious. Without salt, it is of a sweetish, insipid taste, not "good" to most people, yet not unpalatable. It contains more or less BUTYRIC ACID which makes it get rancid and often causes indigestion. It may be artificially colored or not, at the maker's option. There are no government restrictions in its manufacture or sale.

CHURNGOLD is the perfect substitute, made of government inspected fats and churned and sold under strictest government rules and supervision. Being of highest rank in purity, it does not get rancid.

As the bandit he captures two American girls and the young American oil field manager who is the bridegroom of one of the girls and the brother of the other one. Having the three in his power, El Jaguar gives the man the right to take one of the girls into safety, but the other must remain with him. The young American is at a loss what to do; whether to leave his young sister to the mercy of the bandit, or his bride of a few days.

Margaret Illington, the famous dramatic star, who will be remembered for her successes on the speaking stage in "Within the Law" and "Kindling," will shortly star upon the screen at the Murrette on Friday and Saturday, in the Lasky-Paramount production of Basil King's famous story "The Inner Shrine," which was prepared for the screen by Beatrice C. DeMille and Leighton Osmun.

The announcement that Miss Illington had decided to appear in photodramas caused the greatest interest in motion picture circles since the announcement that Geraldine Farrar was to appear on the screen, as Miss Illington has always been considered one of America's most distinguished and popular actresses.

Her first stage work, which firmly established her as one of the leading stars of the country was as the wife in Henry Bernstein's drama, "The Thief." Miss Illington appeared in this for over a year in New York City, and later

on tour. If you would see the battlefields just as they are today in foreign lands—if you would all but hear the thundering of the mighty machine guns, the singing of the flying shrapnel, the thud of falling earth, the moans and cries of wounded men—you may see them with all the vivid action of living war in the Mutual Film Corporation's stirring picture play of war, "Motherhood," in which Miss Marjorie Rambeau plays the leading part. Washington Offerings For the Week

Valeska Suratt appears at the Washington theater beginning on Monday in another William Fox drama, "Wife Number Two." The run will continue for 2 days.

"Wife Number Two" is one of the best pictures ever put out by the famous Empress of Fashion, the title won by Miss Suratt from her beautiful creations. It is the story of a young, beautiful girl who at her father's insistence marries a man much her senior. From the first her wedded life is unhappy, despite the efforts of her husband, a widower, to devote himself to his bride.

Finding fifty aristocratic extras was the most difficult job Director Frank Lloyd ever tackled. When the director began casting for the latest William Fox super de luxe photodrama, "American Methods," in which the eminent William Farnum plays the leading role, he decided that the men and women he employed for the scenes of Parisian society would look the parts. He was tired of seeing persons on the screen wearing evening dress, as if they had never had it on before.

Yes! You truly can lift off every hard corn, soft corn or corn between the toes, as well as hardened callus on bottom of feet without one bit of pain.

A genius in Cincinnati discovered freezeon. It is an ether compound and tiny bottles of this magic fluid can now be had at any drug store for a few cents.

Apply several drops of this freezeon upon a tender, aching corn or a callus. Instantly all soreness disappears and shortly you will find the corn or callus so shriveled and loose that you lift it off with the fingers. You feel no pain while applying freezeon or afterwards.

Just think! No more corns or calluses to torture you and they go without causing one twinge of pain or soreness. You will call freezeon the magic drug and it really is. Genuine freezeon has a yellow label. Look for yellow label.
