

RICH AUSTRALIAN BUYS INSURANCE ON 500 SOLDIERS

"Sheep King" Takes Out \$1,000 Policies On Men Who Have Enlisted.

SYDNEY, Australia, Sept. 7.—(Correspondence of The Associated Press)—A scheme for insuring soldiers from Australia in this war, which was launched early in July by Sir Samuel McCaughey, the "sheep king" of the Commonwealth, is now in operation.

Sir Samuel is an octogenarian bachelor pastoralist who lives at North Yanco in this state, New South Wales. To him Australia owes much. He was a pioneer irrigationist and his sheep ranch at North Yanco is one of the finest on this continent. A few years ago his sheep properties totalled 2,300,000 acres and the number of sheep shorn on them was a million yearly. The wool often reached more than \$2,500,000 in value.

He came to Australia 60 years ago from his native town in the north of Ireland and is a member of the Legislative Council, the upper house of the New South Wales Parliament. Prior to the war he made important contributions to patriotic funds, including one for equipping troops for the Boer War, and his charities then and now are numerous.

Sir Samuel's latest patriotic gift, the terms of which are contained in a deed of declaration now made public, is an undertaking to insure the lives of 500 Australian soldiers. Each policy is to be a special one in an Australian company for \$1,000 payable if the insured soldier meets with death or total disablement. Only recruits who have enlisted since early in July are eligible. The deed provides for other patriotic Australians joining with Sir Samuel in the scheme.

Sir Samuel stipulates that the children of the men insured "shall include illegitimate as well as legitimate children, and dependents shall include the mothers of such illegitimate children." This liberal provision has excited favorable comment in Australia.

The work of carrying out the scheme has been entrusted to a board of four prominent citizens. A year after peace has been declared, should there be any unexpended funds the money may in the discretion of this board be spent for the further benefit of the insured soldiers or their dependents or it may be turned over to any philanthropic fund or institution connected with the war.

Attendance at New Madison High School Makes New Record

NEW MADISON, O., Sept. 7.—More than 100 students have registered in the high school, the largest number in its history. Full time is to be given to the teaching of domestic science. A new music teacher, Miss E. Rich, of Hamilton, has been engaged. The school gives an enlarged course, and more electives than formerly, so as to fit the course to the pupil.

Supt. C. W. Williams is gratified at the attendance since the opening, Monday.

ROQUE PLAYERS FROM ALL OVER AMERICA TO PLAY

NEW PARIS, O., Sept. 7.—Entries for the Interstate meet of roque players comprise lovers of the game from all parts of the United States. The hotels and boarding places here are meeting the demands and will accommodate the visitors. The tournament opens Monday. The competitions will last all of next week.

OATS PROSPECTS GOOD

ELDORADO, O., Sept. 7.—According to A. W. S. Locke, elevator man, wheat has an average from 25 to 35 bushels per acre in this section, and oats are doing as high as 50-60. The outlook for corn is not so promising. It will only be a 50-60 crop.

I'll Show You How Corns Peel Off!"

Ever Peel a Banana Skin? That's it! "I should worry about those corns. I just put some 'Gets-It' on." Corns used to pester the world into a frenzy, enduring pain, digging, slicing toes, tinkering with plasters and tape, trying

ing to fix a corn so it wouldn't hurt. But now no one in the world "should worry," because the moment you put "Gets-It" on, it means the end of a corn. There is nothing in the world like "Gets-It"—nothing as sure and certain—nothing that you can count on to take off a corn or callus every time, and without danger. The corn never grew that "Gets-It" will not get. It never irritates the flesh, never makes your toe sore. Just two drops of "Gets-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right off with your finger and there you are—corn-free and happy with the toe smooth and corn-free as your palm. Never happened before, did it? Guess not.
