

RAILROADS KILL ANIMALS WORTH MILLIONS YEARLY

Superintendent Stimson
Urges Co-operation to
Save This Large Waste.

Superintendent Stimson of the Richmond division of the Pennsylvania in a general notice to owners of live stock, township officers, newspaper editors and employees of the railroads, urges reduction of the millions of dollars wasted by the killing of cattle, hogs and sheep.

Owners are urged to keep live stock in fenced enclosures; township officials are urged to pass ordinances making the same obligatory; engineers are instructed to report stray stock and to avoid hitting the same and section men are requested to enforce the order.

Newspaper editors are appealed to in order that the movement for the conservation of live stock may be brought to the attention of the public by the publication of this order.

Roadmasters and maintenance of way officials will hold their association convention from Sept. 18 to 20 in Chicago when matters and methods will be discussed, and there will be papers and lectures on track supply department work and the new appliances urged for way maintenance. Among the exhibitors in the track supply department will be the Hayes Track Appliance company of Richmond.

T. H. Carrow, of the Safety First General committee of the Pennsylvania will be a prominent speaker at the Sixth Annual meeting of the National Safety First Council in New York City Thursday. He will also be heard at the meeting of the steam railroad council, a safety first congress of railroad men.

James F. Fahnestock, general treasurer of the Pennsylvania system, announces that arrangements have been completed for the safe keeping of Liberty Loan bonds purchased by Pennsylvania employees and that the interest will be collected by adding the same to the pay rolls twice a year, June 15 and December 15. There will be no charge. The amount subscribed so far is \$3,500,000 by the employees, and this convenience dates from the time the bonds are surrendered for safe keeping.

General Superintendent of Motive Power, J. T. Wallis, of the Pennsylvania system, has been conducting a series of tests of the apparatus added to the shop equipment at seven of the rail mills to replace drag tests of carbon steel rails, an exhaustive article on the same appearing in the Railroad Age Gazette of Saturday last.

Beginning Sept. 17 all Cincinnati conductors and engineers will be examined on the book of rules. Yardmen will be examined in the office at No. 4 track of the Klondyke yard. N. and W. men who run to Cincinnati and Dayton and U. R. R. men between Dayton and Dodson are included. The exams to last until Sept. 29.

Pennsylvania Siftings
The work of lining up the rails south in order to admit of the laying of two additional tracks is proceeding.

Wm. Metzger, exponent of the happy time, and head of the crew dispatchers is on a vacation at South Bend.

T. A. Crabb, the second oldest engineer on the Richmond division, is laying off at Windfall, Ind., on a vacation.

J. P. Myers, master wrecker and relief chief, is back again on the job after a two weeks' vacation.

Wallace Freeman of Fort Wayne, former employee at the car shops, is visiting old friends in Richmond.

C. F. Needham, machinist on the Richmond division, has gone to Columbus, O., on company business.

It has been estimated that the average of the Pennsylvania employees taken at the first draft was 3,000.

W. A. Baker, boilermaker foreman's clerk, wore a happy smile, Monday. He will get his vacation next week.

C. H. Paust, gang foreman, has offered fifteen different explanations as to what went wrong with the engine

CONVICTS BUILD CAMP

Convict labor gangs are being used extensively in the work of preparing Camp Wadsworth, Spartanburg, S. C., where the New York Guardsmen will go into training. The photograph shows a road gang constructing a new highway to the camp.

Address of American Consul Used Against Pro-Germans

MINNEAPOLIS, Minn., Sept. 10.—The local committee of the American Alliance for Labor and Democracy, today opened its campaign to drive pro-German propaganda from labor's ranks in Minnesota.

Part of the campaign literature will be the address yesterday by Wesley Frost, who drew a graphic picture of his experience as American consul at Lusitania after the sinking of the Lusitania, the Laconia and scores of smaller craft.

"They were not idle dreams. They were the statements of our weeping men and women, sworn to before Almighty God."

The happy hunting ground of the German submarine stretched out in the ocean south of Ireland," he said. "Hundreds of men and women told me their pitiful tales with the voices of their dead still ringing in their ears. They told too, of the grim jokes of

submarine commanders who in some cases placed survivors on the tops of U-boats and submerged, later to reappear and permit the crews to take snapshots of the struggling victims to be sent home to their relatives and sweethearts.

Plans for four bowling leagues for the new Twigg alleys were laid at a meeting of the bowlers of the city at the alleys Sunday.

The alleys are equipped to care for two league contests each night, and it is planned to have four leagues of six teams each, with three match games in each league week. The four leagues that have applied for the use of the alleys are the Knights of Columbus league, the Business Men's league, the Industrial league and the City league.

Two of these leagues formerly used other alleys. The Business Men's league and the Industrial league are new in the bowling circles of the city and will be made up of teams from business houses and factories.

Arrangements will be made some time this week for the care of women who are interested in bowling, by Manager Twigg. Two of the six alleys in the room are to be held open for women bowlers at all times and if enough interest is manifested in the sport among the women of the city, a Woman's league will be organized. Special instructors will be hired for women bowlers. Twigg announced Monday he was planning to hire two professional women bowlers to act as instructors.

Further league plans and the arrangement of schedules will be made some time in the next two weeks, and league bowling probably will begin about the first of October.

The bids will be opened and the bonds sold Tuesday morning in the county commissioners' room at the court house.
