

99 OF "101" ARE MADE SOLDIERS OF UNCLE SAM

Start on Road to Berlin Taken by All But Two of 40 Percent.

Starting as the clock on St. Andrew's church struck two, and continuing at the rate of five a minute, 98 young men of Wayne, Boston and Franklin townships of Wayne county became soldiers of Uncle Sam when the 40 percent of the districts share were called into service by the Richmond army board Thursday afternoon.

Williams to Oppose Teaching of Foreign Tongues in Schools

County Superintendent Williams will leave for Indianapolis Thursday evening to attend a meeting of the State board of education to be held Friday morning.

Superintendent Williams received a letter from L. P. Benezet, superintendent of the Evansville, Ind., schools asking him to support a program which will be presented to the board at this meeting, which will do away with compulsory courses in foreign languages in Indiana schools.

The letter spoke of the lack of necessity for foreign languages in courses such as industrial and commercial and declared that Indiana was behind many other states in this matter.

Cites An Example. The letter also cited an example from the Evansville negro school

where 700 negro boys and girls are taught Latin.

"It seems absurd to me," the letter declared, "to teach these darkies about Gaul and Helvetians when they should be learning how to lay bricks and wash dishes."

Umpleby is Given Watch by Fellows

Members of the operator's department of the Pennsylvania office force here presented C. R. Umpleby, who leaves Friday morning for Camp Taylor with a wrist watch Thursday afternoon. The watch was given to Umpleby at a meeting of the office force of the department Thursday afternoon.

"WORST PAUPER" CHARACTERIZED BY DR. TEBBETS

American Friends Board of Foreign Missions.

"That kind of a man is the poorest man I know," he said. "All we have and all we are belongs to God and not ourselves. A man should ask himself how much of God's money he shall give instead of how much of my money shall I give."

Should Give Tenth

"Every man should give at least one-tenth of his income," he continued. "He who invests his money in the Kingdom of God is investing it where it will do the most good for his children and the children of every one else."

Dr. Tebbets said that he believed ministers generally were failing to impress this question more firmly in the minds of their congregations because they feared the congregation would think they sought an increase in salary.

"Any Christian would not regard the subject in that light," he said.

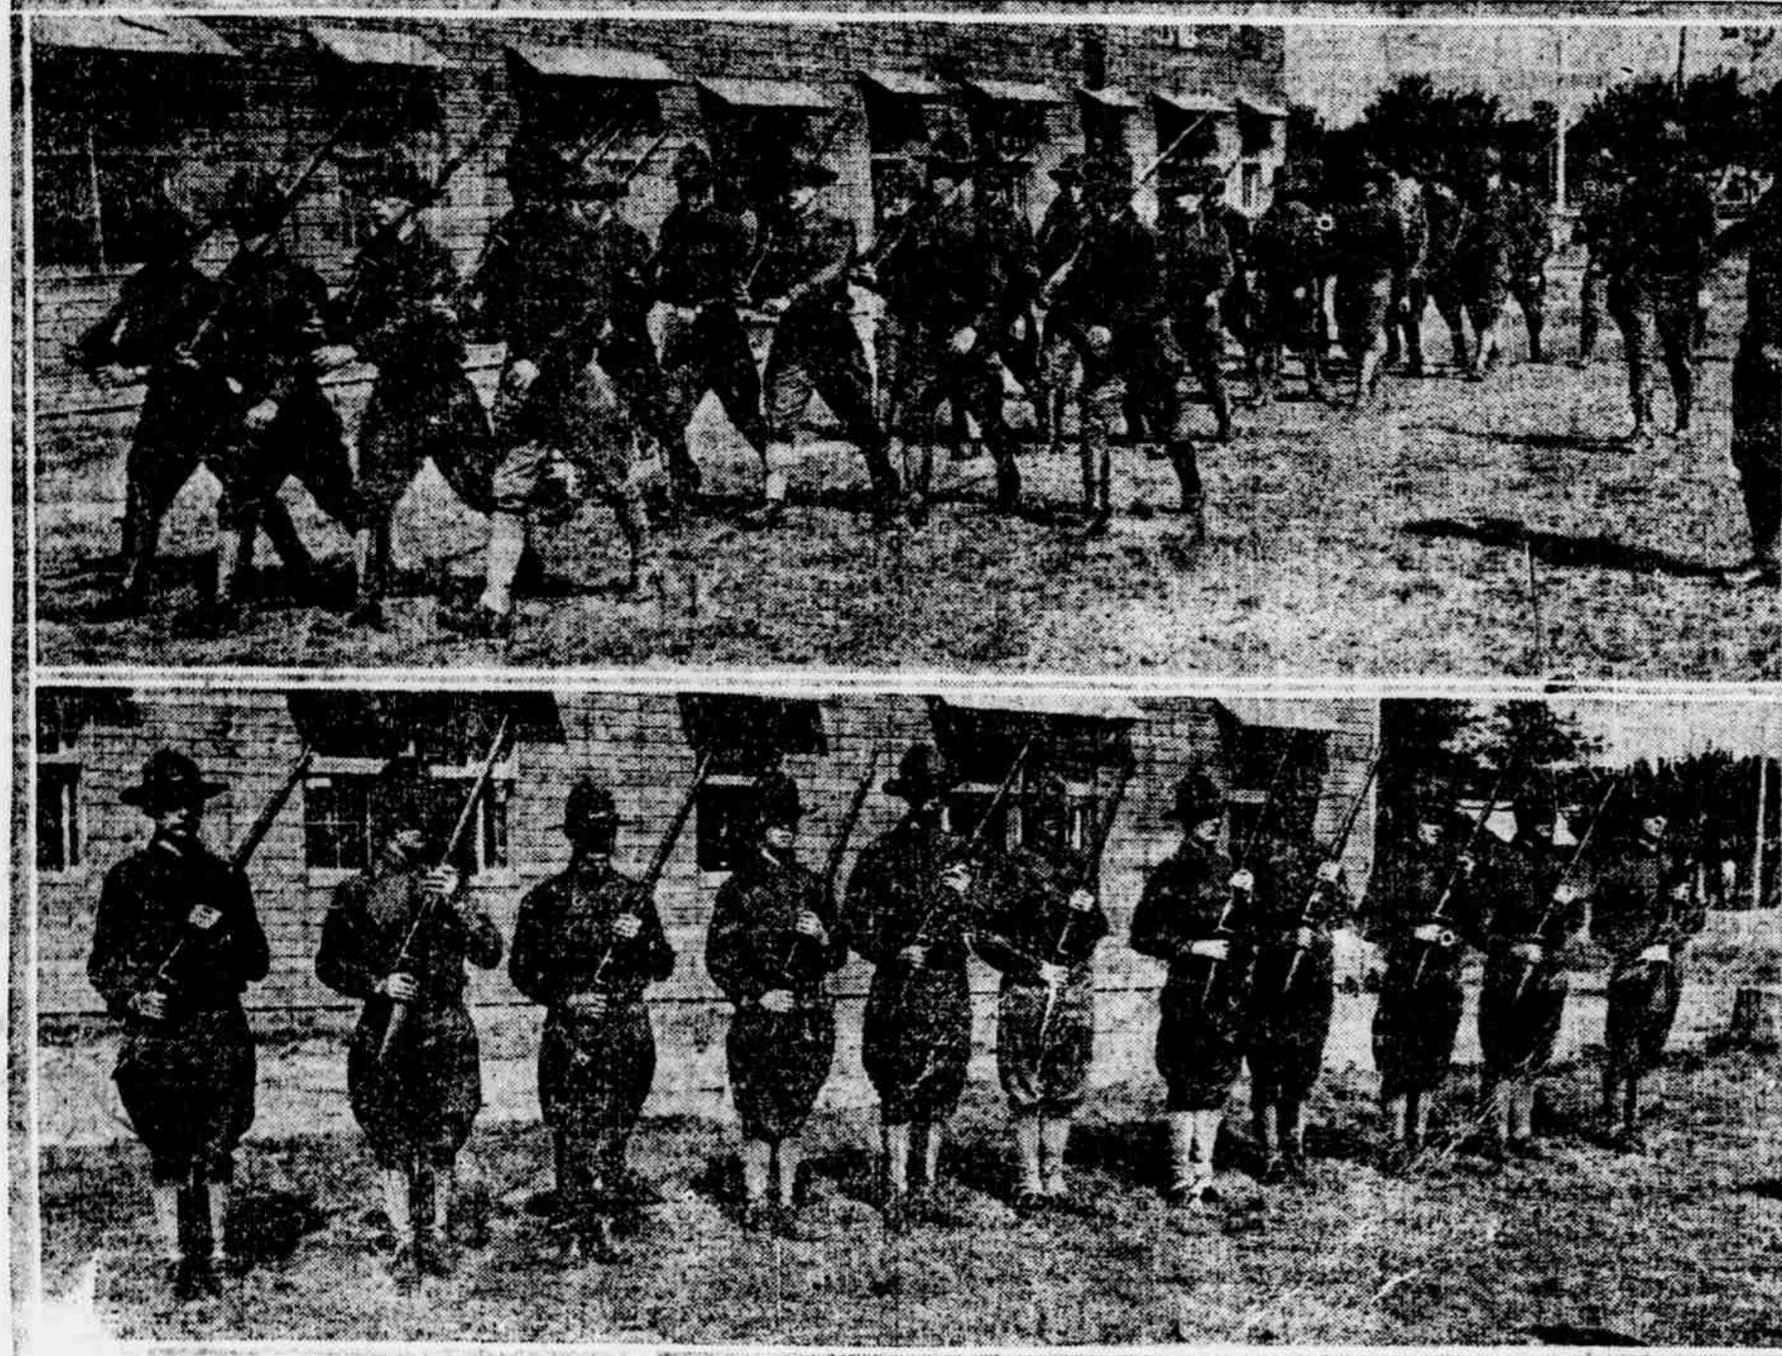

Rev. George Levering, at the close of Dr. Tebbets' address, said he hoped that the principles would be embodied in a manual for girls and boys being prepared by the Five Years Meeting of Friends.

All great problems will be solved and wars will end when the "home is right." Dr. I. Howard Taylor, of the Home Altar League, declared at the general meeting, in a plea for family worship and religion in the home.

He said there has been a perceptible spiritual decline in the church, due partly to commercialism and infidelity.

"Every Christian should have a family altar," he said.

They're Getting Guns at Rockford

Headquarters detachments are first to get arms at Camp Grant and are here shown drilling with new weapons. The men look and act as though they had been in the service for months instead of only a few days and it is expected that many of them will soon be made noncommissioned officers.

dered to appear for roll call at two o'clock, only three were late and two failed to appear. One of the men who failed to answer to the call is in the hospital and physically unable to enter the service and the whereabouts of the other is unknown.

Sheriff Carr, chairman of the board complimented the men on their promptness and at the same time impressed upon them the necessity of promptness in military life. He also spoke favorably of the Italians who were among those in the list. All but one of the Italians were present and only one of ten was late.

"Released on Town Leave."

After the roll call at 2 o'clock the men were released on "town leave" until 5:30 o'clock Thursday afternoon, at which time they will return to the office of the board for "retreat." Following the roll call at 5:30 o'clock all of the men who were given permission to stay at their homes on the last night before entering the camp will be free until 8 o'clock Friday morning, when they must report for entrainment.

At 8:35 Friday morning the men will leave the office of the board and march in a body to the station where at 9:40 o'clock they will leave on a special train for Louisville and the camp.

All of the men are required to report at the office of the conscription board before going to the station, and must then go to the station in a body. This is required by government orders and cannot be changed by the board.

POPULAR MUSIC AIM OF COURSE

A popular series of music, by the greatest artists available, at popular prices was the aim of the People's Music Course.

That the people have appreciated the fidelity with which the music course managers have kept to this aim is evidenced by the season ticket sales at Martin's Music Shop which daily mounts higher.

That the course is to be popular in character is evidenced by word received Thursday from Kline L. Roberts, manager of the Cincinnati Symphony orchestra, in which he says he will see to it that his orchestra presents a program of popular appeal, while not sacrificing its artistic merit.
