

THOUSANDS OF VOTES RECEIVED FOR CANDIDATES

Still Plenty of Time to Get Into Palladium's Auto Contest.

Many new nominations have been received during the past twenty-four hours from all parts of The Palladium's field and will be included in the next published list. Thousands of votes have also been received which proves that the contest is growing in interest at a rapid rate and nearly every town and hamlet soon will be represented with a live worker.

There is plenty of time to get into the contest and win the grand prize, so do not delay but send in your name right away. Just fill in one of the nomination blanks published elsewhere in The Palladium which is good for 1,000 votes and forward to the Contest Manager and your name will be entered among the list contending for a grand prize.

Remember that it does not cost you one cent to take part and win. Don't forget to save the free coupons which are good for 50 votes each. Send them to the manager before date of expiration.

About the Prizes
There are twelve big prizes to be given away, consisting of a \$1,410 Chevrolet "Eight," which is a big, roomy seven-passenger touring car which is certainly a beauty. Next in line comes a five-passenger Chevrolet automobile valued at \$655. The third prize is a Saxon "Four" valued at \$410. All automobiles were purchased of the Berthard Auto Sales company, of this city, who are agents for same. Three \$100 Starr phonographs, three beautiful diamond rings and three dandy gold watches will also be given away. Ten percent cash commission will be given candidates on new subscriptions, provided they are not successful in winning one of the prizes.

60,000 Votes
Sixty thousand votes are given for the first year subscription turned in by each candidate. If you have not yet turned in your first yearly, better get busy and do so tomorrow. This will give you a fine start and get you on the right road toward VICTORY! Make a start and the rest will be easy.

The big Booster vote period is now on and subscriptions, both old and new, will count for more votes this week and next than they ever will again during the contest. The Booster period lasts only until 8 o'clock Saturday night, October 6th. Get your friends to give you their old or new subscriptions right away and turn them over to the contest manager so as to get the most votes.

There are thousands of old and new subscriptions which can be used for the asking. With a \$1,410 Chevrolet automobile as grand prize, no one should need any urging to get busy and take advantage of the vast opportunities presented through the plans of the contest.

New Candidates Entered.
Several new candidates have entered the list since the last publication, and there are still a great many towns that have not as yet put forward their favorite daughter. Therefore, if your locality is not represented by a wide-awake and ambitious candidate, fill out the nomination blank that appears in this issue and send it to the campaign manager. Upon receipt of this blank you will be immediately supplied with full and complete information concerning the campaign. It is a good plan to get in the race while it is still in its infancy; do not wait until your friends have pledged their support to some other candidate as an early start in any sort of a race means a strong finish.

There are two ways in which to secure votes, one way is by clipping the 50-vote coupon that appears in each issue of the paper and sending it to this department. The other way is by securing subscription payments and sending them to this department. Upon receipt of the remittance we will make out a voting ballot to cover each and every payment, and will acknowledge receipt of same to the contestants. Contestants have the privilege of accepting and accepting for all moneys that they may be able to collect from their friends to be applied on subscriptions. The number of votes given on the various payments depends entirely upon the amount of money paid according to the voting schedule, which appears in each issue.

Work Anywhere.
Candidates are in no way restricted as to the locality in which they may secure votes on subscriptions. For instance, if you are entered in District No. 1 you are privileged to secure subscriptions in any other of the two districts. In fact, there is absolutely no limit as to the locality in which you may work.

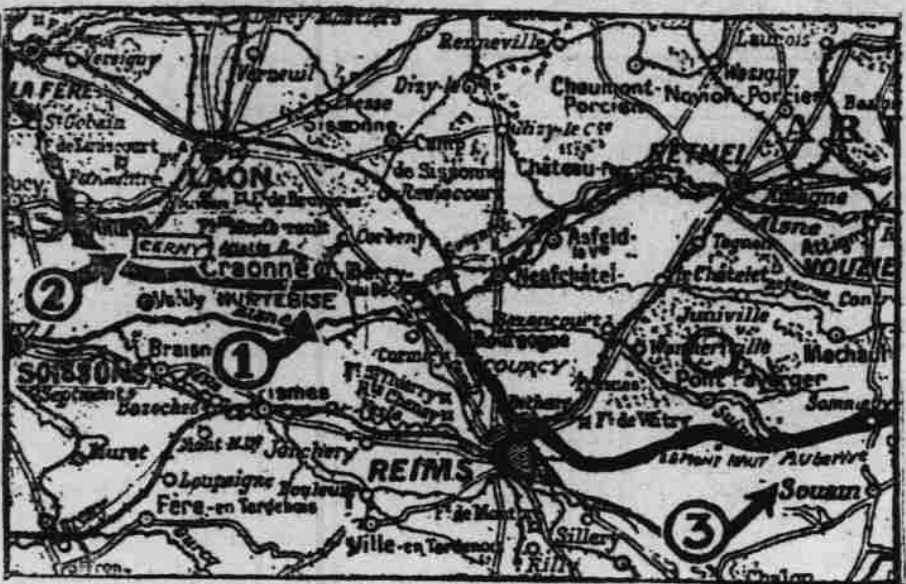

The office of the campaign manager is located in The Palladium building, and was created with the idea of thoroughly posting all of the candidates and their friends. We believe that the better you understand the proposition, the easier you will find the work. If there are any points in reference to this campaign that are not entirely clear, call, write or phone No.

The Battle in France

In the region of Hurtebise and Craonne (1) the artillery firing has increased to major proportions. At Cerney (2), too, there has been a terrific duel of big guns. The artillery activity in the Champagne (3) also has increased.
