

# QUAKERS OBJECT TO DRILL WORK AT CAMP TAYLOR

Members of Church Say They Will Die Before They Will Fight.

LOUISVILLE, Ky., Sept. 28.—Camp Taylor became a hotbed of war interest today when Mennonites and Quakers among the selected men declared they would submit to imprisonment and even to death before they will fight.

When orders were issued today for the daily drill work, members of these two religious sects refused to appear and declared their intention to resist any effort to compel them to fight.

Pending settlement of the trouble, officers immediately assigned the men to work of handling coal and service in the camp kitchens.

Leaders of the protesting soldiers announced their intention to appeal to Secretary of War Baker and a report of the trouble also has been forwarded to the war department by the camp officials.

How many of the protesting soldiers are from Indianapolis is unknown, but it is known some of them were sent to Camp Taylor from cities in Indiana.

The "religious" problem is only one of the questions confronting the officers in charge of the camp. A great number of aliens are in camp and it is doubtful whether some can be compelled to serve. The state department at Washington has urged the various state boards to be careful in ordering aliens into service when they have not declared their intention to become a citizen.

The Indiana boys in camp are proving that Hoosier wit and wisdom extends to army service as well as to the arts of the pen.

Purchase of 200 acres of land for an addition to Camp Zachary Taylor has been announced. Barracks for the accommodation of an additional 8,000 men will be erected at once.

## SEVENTH CONSIGNMENT TO RICHMOND RED CROSS

MILTON, Ind., Sept. 28.—A large consignment of surgical dressings and muslins have been forwarded by the Milton Red Cross to Richmond. This makes the seventh consignment. The chapter meets twice a week with an average of 18 members present. Mrs. Dr. Denny has charge. The instructors are Mrs. Minnie Bragg, Mrs. Albert Newman.

More than 80 per cent of the refining and smelting of drosses and scrap metals in the United States is carried on in the territory east of the Mississippi and north of the Ohio river.

# Cloud Owns Clock, 107 Years Old; Which Morton Gave to Pealle

CENTERVILLE, Ind., Sept. 28.—Homer Cloud has a clock made by the Terry company, that is 107 years old, formerly the property of Governor Oliver P. Morton. The latter presented this heirloom to William Pealle in 1860 for his office when Pealle was elected secretary of state.

Mattie Pealle, a descendant, gave it to Emily Anderson, her friend, and when the latter had a sale ten years ago, the clock was by mistake included in it and was bought by Homer Cloud of this city.

It was recognized later by the Pealles at the Cloud home.

CENTERVILLE, Ind., Sept. 28.—Thomas Jessup, retired attorney, and an officer of the Old Settlers association, is feeling badly as a result of injuries received in an accident on Main and Eighth street, Richmond, some time ago when he was run over by an auto.

## CROW IN PUBLIC EYE

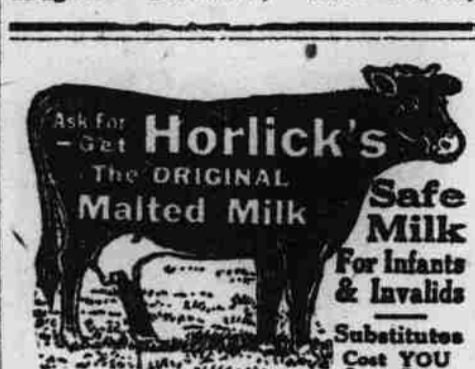

CENTERVILLE, Ind., Sept. 28.—As a contractor and hog raiser William Crow is in the public eye today. He has the contract for the \$150,000 building for his nephew, Walter McCone, at Richmond, and shipped a double deck of 126 hogs, the average weight of which was 254 pounds, or approximately 32,004 pounds, to Indianapolis.

an iron enclosure, the dial outside being of mock silver, and the inner dial for the alarm of the same metal. The works are heavy and of solid brass. The clock is still in service, and is treasured as a heirloom.

The Terry company, its makers, were the predecessors of the Seth Thomas company, which took over its factory.

# Girls! Juice of Lemons Clears and Whitens Skin

Prepare a quarter pint of lemon beauty lotion at the cost of a small jar of ordinary cold cream

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon juice gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness, and tan and is the ideal skin softener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy or toilet counter and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms, and hands. It naturally should help to soften, freshen, bleach, and bring out the roses and beauty of any skin. It is marvelous to smoothen rough, red hands.

## SKIN WITHOUT WRINKLES Now Easy to Have

There's no excuse for any woman having wrinkles now. It has been found that a simple mixture of axolite and witch hazel has a remarkable action upon the deepest wrinkles, no matter what their nature, whether caused by worry, habitual frowning, a debilitated condition or the ravages of Father Time. This harmless remedy, which anyone can easily make and use, homely as both an astringent and a tonic. The combined effect of tightening the skin and heightening its vitality is to immediately effect every line and wrinkle, keeping the cuticle smooth and firm as in youth.

The proportion is one ounce axolite (powdered) to one-half pint witch hazel, ingredients which are found in every drugstore. The solution should be used as a wash lotion. It is equally effective in disposing of flabbiness of cheek and neck, as well as sagging below the eyes.

**Smoke Is Unburned Coal**  
**This Globe**  
**Hot Blast Burns It All**

And not only does it burn the coal, but every particle of combustible material contained in coal—the gases for instance, which in nearly every heater are absolutely lost. These gases (which amount to about 40 per cent of the heat of coal) will not burn unless mixed with highly heated oxygen. Our Hot Blast arrangement supplies the necessary highly heated oxygen, turning these gases into the most powerful roaring blue flames. In this way the New Globe Hot Blast will generate from 40 to 50 per cent more heat than any other stove (on the same amount of coal). We guarantee it to be the most powerful and economical heater on earth.

Saving Fuel, Saving Time and Money. It burns the coal in an economical manner, cutting your usual winter coal bill fully one-half. Use any kind of coal—block coal, shoveled, mine run and, best of all, we advise you to buy Common Slack Coal. It costs much less to start with, and with a Globe Hotblast it gives equally as good results. If you want heat day or night and make a wonderful saving of time and money, there is no stove that equals the Globe. Buy yours tomorrow.

Here is the only successful medium priced heater that burns any and all kinds of fuel.
