

## WRIST WATCH GIFT OF SCHOOL TO "HOBE" NORRIS

Former Student Appears in  
Chapel — Mrs. Johnston  
Talks On Art.

High school did honor to Harold Norris, a former student, Friday morning at the chapel exercises.

Norris is home on a furlough from Jefferson barracks, where he is in charge of a recruiting company at the barracks.

After a number by the high school orchestra, under the direction of Ralph C. Sloane, Norris made a short talk after which he was presented with a gold wrist watch, by Benjamin Null of the English department, the gift of the school.

Principal Bentley introduced Secretary Albus, who spoke.

He urged all students to attend the lecture to be given Monday evening at the Coliseum by Lieutenant and Mrs. Peat under the auspices of the Commercial club.

Tells of Pictures.

Mrs. M. F. Johnston, a member of the Art association and manager of the exhibition now at the gallery, gave a description of the pictures chosen by the students and members of the faculty in a recent contest.

In selecting the picture by William Ritschel as first choice, Mrs. Johnston said the students had shown remarkable intelligence. The second choice, a picture by Bundy, is a beautiful one, she said, and she urged the students to study Bundy's work more carefully as she believed he meant to Richmond art lovers what Riley means to Indiana.

The exercises were closed by singing "America," under the direction of Mr. Sloane.

## Combing Won't Rid Hair Of Dandruff

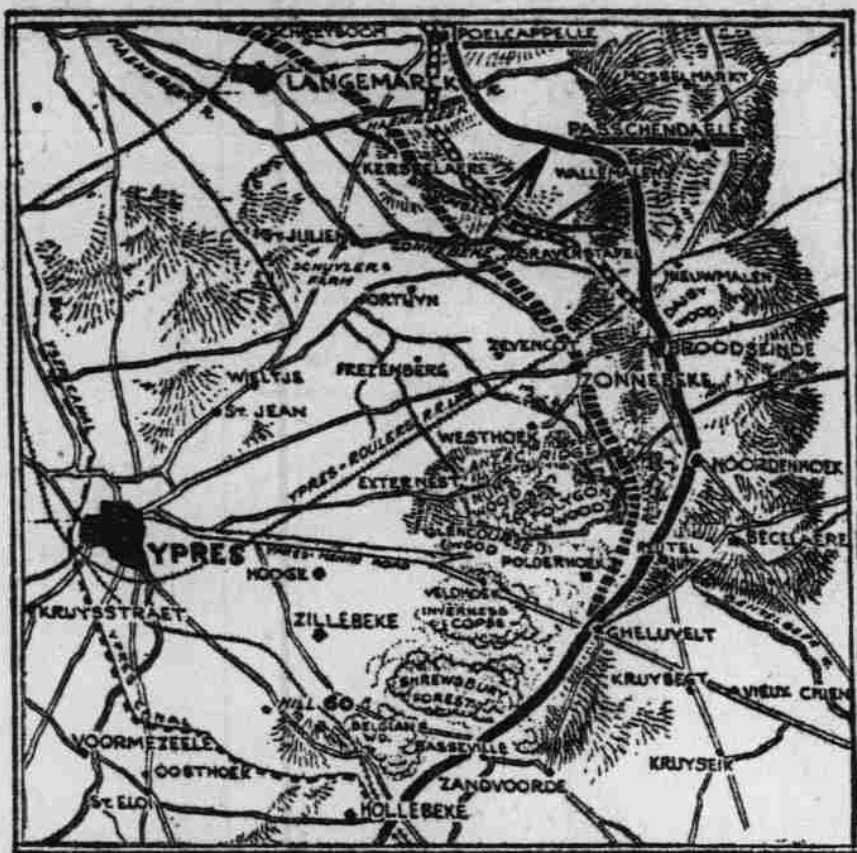

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.

French troops in the Reutel sector joined in the battle.

## THIS WOMAN TOLD TO CHOOSE

Between Operation and Death. Cured by Lydia E. Pinkham's Vegetable Compound.

Des Moines, Iowa.—"My husband says I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound. Pinkham's Vegetable Compound. I soon commenced to feel better and am now well and able to do my own housework. I can recommend Lydia E. Pinkham's Vegetable Compound to any woman as a wonderful health restorer."—Mrs. BLANCH JEFFERSON, 703 Lyon St., Des Moines.

## Nervous Wreck— Now Live Wire

Makes Everybody Sit Up and  
Take Notice.

One of our big league ball players had been going back for some time, no matter how hard he tried he could not get his old time Pep and Ginger into the game, it was up hill work all the time. He was one of those honest hard working fellows and it finally got him "goat," his nerves went bad, he commenced to run down, could not eat or sleep and steadily kept slipping. Doctors and medicines were of no help.

One of his many admirers said to him, "Why not try Phosphated Iron, everybody is boosting it." Grasping at the last straw, the poor fellow took a try at it. The way he came back was an "eye opener," he was there in every department of the game, his nerves were like iron, he could hit the ball and was no time getting back to the three hundred mark, while his base running and fielding were great.

Discussing the matter with our reporter, he said, "Would you believe it, I could feel the iron charging my blood with health and strength, while the way the Phosphates steadied and renewed my nerve force was almost too good to believe. Phosphated Iron took hold of me right from the start and sure did make a new man of me, and you can bet I carry a good supply on all my trips."

Doctors will tell you that you must have plenty of Iron and Phosphates in your system if you want pure red blood and steady nerves of iron. Every one who is run down, nervous, tired and has that "all in" feeling, should try Phosphated Iron and you will never be without it again.

Special Notice—To insure physicians and patients receiving the genuine Phosphated Iron we have put up in capsules only so do not allow dealers to substitute pills or tablets, insist on the genuine in capsules only. For sale in Richmond by Conkey Drug Company.
