## "Mystery Ship" Will Sail For Russia

A PACIFIC PORT, Jan. 2.—While the Russian steamer Shilka, regarded as a "mystery ship" for some time after her arrival from Vladivostok under Bolshevik control, is still closely guarded by police and federal officers, the sailors are now allowed the freedom of the city.

Government officials, it was said today, have decided there is no reason for detaining the steamer and she is now taking a cargo of pig iron for the return voyage.

When the Shilka arrived here last month, it was said she had brought \$100,000 in gold for the defense of the Industrial Workers of the World now awaiting trial at Chicago and for a time it was thought she might be interned. Sailors of the Shilka's crew have been buying merchandise heavily for sale on their own account when they again reach Vladivostok. Their rubles have been accepted by local merchants as having a value of ten cents. One sailor purchased twenty pairs of women's shoes, retelling for \$10. He said they would sell in Russia for \$30 a pair.

Help put the business of the country on a war basis by buying War Savings Stamps.

## Grocers of County in Meeting Tonight

A special meeting of retail grocers of Richmond and Wayne county has called by Food Administrator Weidner for Wednesday night in the Commercial club rooms. Weidner requests that every grocer be present as the meeting is important.

## NEGOTIATIONS CONCLUDED

STOCKHOLM, Jan. 2.—The Svenska Dagbladet ascribes to the Swedish foreign office information that negotiations with the United States have been concluded satisfactorily. It says that an agreement has been reached under which 11,000 tons of necessities, chiefly coffee, petroleum and drugs, will arrive in Sweden about the middle of February.

## DROUGHT-STRICKEN CATTLE CARED FOR BY U. S. FOOD ADMINISTRATION

Enough cars have been requisitioned through the efforts of the United States Food Administration to bring 150,000 head of cattle out of the drought-stricken districts and place them in territory where there is ample pasturage and water to sustain them. Conservation of these cattle is extremely important because of the world shortage of meat.

## BRITISH ADVANCE THREE WAYS

Above—Cavalry crossing bridge thrown over British trench, and infantry below making way along trench bottom. Below—British tank lumbering through wrecked village street.

The photographs show three methods of British advance on the western front. The network of trenches which rendered cavalry practically useless to the British early in the war do not bother the horsemen so much since engineers have built portable bridges which are thrown across the trenches.

The infantrymen are in their usual place—below ground level on the trench floor.

The tank is roaring and rumbling through the wreck of a village near Cambrai.

## Hoover Partly Responsible For Largest Cuban Sugar Crop

WASHINGTON, Jan. 2.—One of labor troubles in Cuba, the food administrator said, Herbert Hoover's first acts in his effort to handle the food situation was to try to settle strikes in the Cuban cane field so this country's supply might be protected, he told the senate investigating committee today.

"A few days after I arrived from Europe the state department asked me to see what could be done to settle

## SHE HEADS ARMY SERVICE LEAGUE

Mrs. Albert L. Mills.

The wife of Major General Albert L. Mills, U. S. A., has been elected president of the Army Service League, an organization of army women who will supply soldiers with knitted garments and other comforts before they go abroad.

## Unthinks Observe 50th Anniversary

Mr. and Mrs. W. A. Unthank celebrated their golden wedding anniversary New Year's eve at their home, West Main street.

Fifty years ago, after their marriage, Mr. and Mrs. Unthank went to Cincinnati and took a boat for St. Louis, there taking a covered wagon to the interior of Kansas, where they settled. Later they returned to Richmond.

Dinner was served to the children and grandchildren. The oldest grandchild and family, who reside in Washington state, were unable to be present. The table was decorated with fifty yellow candles and with yellow flowers.

H. P. Thomas of Arpa, a brother of Mrs. Unthank, was among the guests.

## THIRD LIBERTY LOAN.

WASHINGTON, Jan. 2.—The next national loan will be designated officially as "The Third Liberty Loan"—not the Victory Loan, or Freedom Loan, or Peace Loan, as had been suggested. This was made known today after receipt of hundreds of suggested names from persons all over the country in response to a request for submission of ideas.

## WILL DETOUR TRAINS.

CHICAGO, Jan. 2.—Through passenger as well as freight trains may be routed around Chicago, instead of through the city, in order to increase the efficiency of the national transportation system.

Italy possesses rich mines of zinc, but as it is not a coal-producing country the output of the metal is limited.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.  
Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpors.  
Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.  
No gripping is the "keynote" of these little sugar-coated olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.  
If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.  
Thousands take one or two every night just to keep right. Try them. 10¢ and 25¢ per box. All druggists.

## GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.  
Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage Musterole in with the finger-tips gently. See how quickly it brings relief—how speedily the pain disappears. Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia), 30¢ and 60¢ jars; hospital size \$2.50.
