

MOTORIZED MAIL ROUTES 'MOTORED' BY FARM HORSE

Edwards Adds that One Can Depend on Family Hoss in All Weather.

By NATE EDWARDS.
ECONOMY, Ind., Jan. 24.—A letter from a soldier to his home folks. Word was received from Captain Emshwiler, who commands a unit at Atlanta, Georgia, that is interesting. He writes: "There are so many things the government does not furnish enlisted men, such as tobacco, cigarettes, hand soap, and a great many little things that go to make camp comfortable. In going across there are several things in the way of food we will want, as the fare on the transport is not very inviting to a man who is sea sick, and nothing but a cup of good hot coffee will stay down. The boys were all about knocked out with their last typhoid vaccination, but, thank God, it is over."

Linnie Swain, one of the big corn growers in Perry township, has 5,000 bushels of corn to gather. He is the man that bred up the calico corn to perfection. It is thought that much of the corn that is covered with snow will be greatly damaged. There will be a force of hands and teams placed in the fields as soon as the weather will permit of the harvesting of the crop.

Fort Cranor and Jim Mumbower drove a large herd of fat cattle to the Richmond stock yards Tuesday. The motorized rural route system is now motored by faithful old farm horses. Gasoline engines are all right at times, but the family horse one can depend on at all times, whether the weather is hot or cold.

Judge Pugh and Tom Stewart were out bright and early Tuesday morning to see some of the big snow drifts east of town.

The county pikes are again congested with snow and men and teams were busy Wednesday clearing the snow away.

Pete Beckman has returned to Fort Benjamin Harrison after being an over Sunday guest of his family.

Ad Chenoweth, Frank Cain and Orville Miller are in Indianapolis looking after hogs they shipped Monday.

Several farmers are going to send away for seed corn, that has been priced to them at \$5, \$6, \$7, and \$10 a bushel.

Dr. Loop and family are back from Thornton where they attended the funeral of Mrs. Loop's father.

Five Inspirational Services Announced

Five inspirational sermons will be given at the Friends church on South Eighth street, beginning February 3, and lasting until March 3, by the pastor, Rev. Andrew F. Mitchell.

The public is especially invited and all members of the church are urged to be present.

The following are the topics for the five sermons:

Feb. 3—The Riches of Our Inheritance.

Feb. 10—Christian Baptism.

Feb. 17—Do This in Remembrance of Me.

Feb. 24—The Son of God, a Prince of Peace.

March 3—The Quaker Program for Present Action.

Six Race Horses Burned When Stable is Destroyed

OXFORD, O., Jan. 24.—Fire yesterday morning destroyed Harry Hamman's stable, in which were housed thirteen horses. All perished. Six were valuable race horses, well known in Ohio and Indiana county fair circuits: Miss Silco, pacer, 2:09 1/4; Lois Directly, pacer, 2:09 1/4; Grace Hussey, trotter, 2:09 1/4; Don Roma, Jr., pacer, 2:12 1/2; Fame Direct, pacer, 2:13 1/4; and Summit, trotter, 2:16 1/4. Loss, \$10,000; partly covered by insurance. Cause of fire unknown.

MIDDLEBORO, IND.

Pleasant Seane and wife spent Sunday with Mr. and Mrs. Floyd B. Seane. Miss Maggie Starbuck spent Tuesday afternoon with Charles Albright and family. Mr. and Mrs. Brower Higgs of Newcastle, are the parents of a baby son, William Charles. Mrs. Higgs was formerly Miss Cloey Alexander, of this place. Jesse Griffith of Portland, Ind., has been visiting Charles Townsend and family since Sunday. The Gleason Lodge will furnish the dinner at Lee Moore's sale the first of February. Fred Davis and sister Carrie, of near New Paris, called on Clyde Thomas and family Sunday afternoon. Dora Townsend, of Richmond, spent Sunday with Charles Townsend and family. Mrs. Cora Swisher's sale was largely attended and things sold well.

WANTS GLEE CONCERTS.

OXFORD, O., Jan. 24.—R. H. Kirkendall, director of the Y. M. C. A. entertainments at Camp Sherman, Chillicothe, is negotiating with Prof. A. W. Martin, director of music, Miami University, for a series of glee club concerts, to be given during the spring vacation.

TO GIVE LECTURE.

OXFORD, O., Jan. 24.—Dr. Lewis Hunt Anderson, head of the department of history and philosophy of education, will deliver an illustrated lecture to the students of the Western College for Women Saturday evening, subject, "Present Day Educational Methods."

Tests lately conducted at the Raul (Ill.) flying field with a new aerobane control that gives a pilot free use of his hands have been acclaimed highly gratifying.

German Aliens Must Register

Between 600 and 700 German alien enemies in Richmond will be compelled to register their names, and facts concerning them, at police station, beginning February 4.

All citizens or subjects of the German empire, being males of the age of 14 and upward and not naturalized as American citizens are compelled to register, or be penalized by the United States government.

Chief of Police Gorman will be in charge in the city building. Aliens will be allowed to register between the hours of 6 o'clock in the morning and 8 o'clock at night.

All of these persons must be registered not later than February 9, or they will be taken into custody by police authorities.

Any alien, who has declared his intention of becoming a citizen of the United States by taking out his first naturalization papers, but who has not obtained his second papers, making him an American citizen, must register.

Registration shall be made by affidavits, accompanied by four unmounted photographs of himself. These photographs must be on thin paper, with a light background. The photographs must be brought to police station when he registers.

Persons required to register should understand that in so doing they are giving proof of their peaceful dispositions and of their intention to conform to the laws of the United States.

Every registrant should read carefully the form of registration affidavit handed to him and ask the registration officer for explanation on all points not clear to him before attempting to fill out the blanks. Registration officers are instructed to give registrants all possible aid in the way of explanation and advice.

Each registrant is required to furnish four unmounted photographs of himself, not larger than 3 by 3 inches in size, on thin paper, with light background. All four photographs should be signed by the registrant across the face of the photographs, so as not to obscure the features, if the applicant is able to write.

Three blank forms of registration affidavit must be completely filled out by the registrant or his representative (with the exception of the blanks indicated to be filled out by the registration officer and the description of the registrant and the placing of finger prints on the blank) and must be produced by the registrant personally to the registration officer and be signed and sworn to by the registrant in the presence of and before the registration officer, who will fill in the description of the registrant and supervise the fixing of the finger prints and the attaching of the photographs. If the registrant can not write he must make his mark in the signature space and affix his left thumb print in the space provided opposite the signature space.

The finger printing is a method of identification and follows the practice observed in the military and the naval service of the United States.

The registrant is hereby informed that he must again present himself before the registration officer who took his oath after ten days but before fifteen days from the last day fixed for registration in his registration district to obtain a registration card, upon which he must sign his name, or make his mark, and place his left thumb print in the presence of the registration officer.

Famous Estate Recalled Through Death of Mrs. William Baxter

Mrs. William Baxter, 87 years old, widow of William Baxter, for many years prominent among temperance workers of Indiana, and one of Richmond's most vigorous and active citizens, died suddenly Wednesday after a brief illness.

The Baxters formerly occupied one of the largest and most beautiful estates that in former years were a feature of the residence portion of Richmond. The Baxter homestead was known as "Cliffside." Its entrance

INJURIES ON ICE FATAL TO WOMAN

FOUNTAIN CITY, Ind., Jan. 24.—Injuries sustained when she fell on the ice proved fatal to Mrs. Lavina Pierson, who died at her home here Monday. Funeral services were held Wednesday.

Miss Georgia Hatfield returned to Earlham College Tuesday.

Mr. and Mrs. J. J. Overman are spending an extended visit with their son, Mr. and Mrs. Howard Overman of Richmond.

Miss Olive Harrison entertained the following girls Sunday: Misses Irene and Minnie Malmes, Ruth Fulghum and Georgia Hatfield. Miss Norene Mikese called in the afternoon.

Lyman Richardson is working in Richmond this week.

The Loyal Daughters class of the Christian church held its monthly business meeting at the home of Mrs. Ada Harrison, Wednesday afternoon.

Miss Norene Mikese of New Madison, Ohio, who has been spending a three-weeks visit with her sister, Mrs. William Bond, returned to her home Sunday evening.

Miss Bessie Foreman was in Richmond Tuesday.

None of the churches were open last Sunday, but several religious services were held at homes.

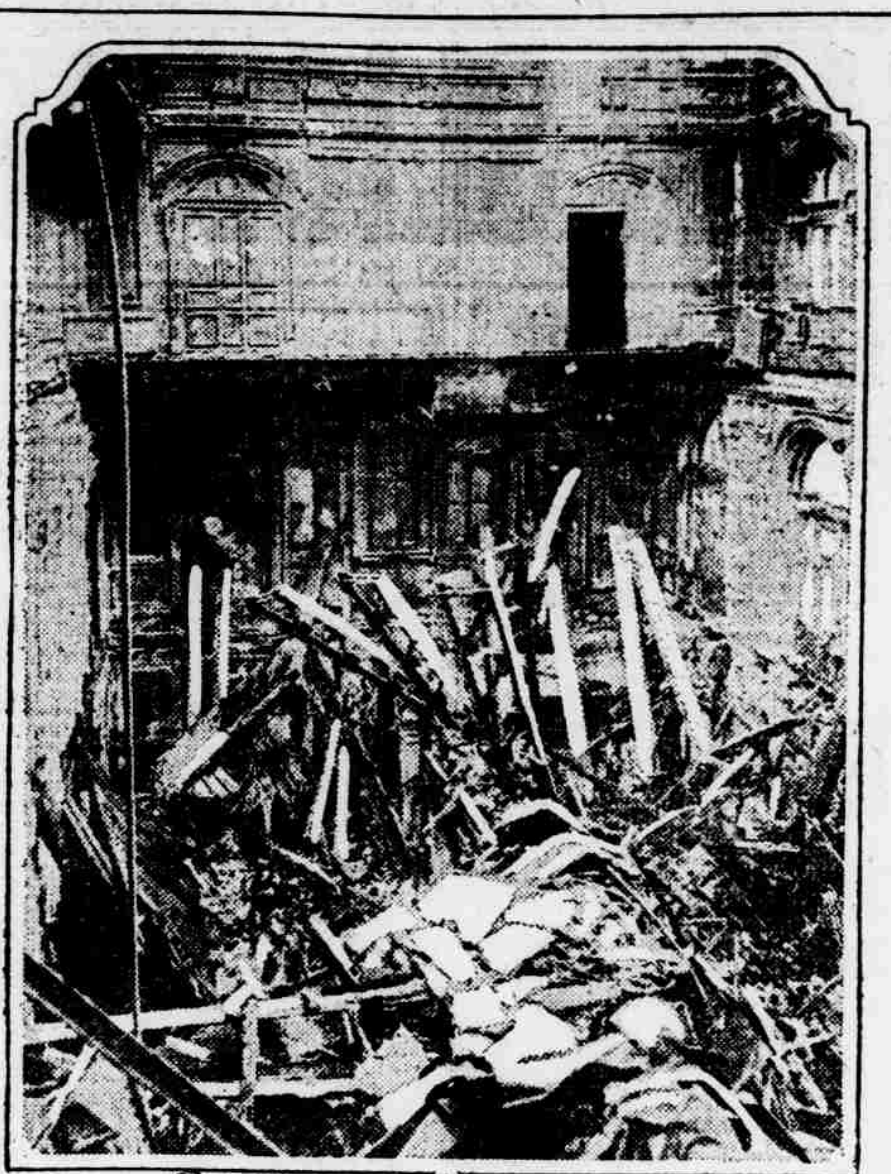

Miss Iva McNutt spent the week-end with her parents.

WILLIAMSBURG

Mr. and Mrs. Mance Hough entertained at Sunday dinner Rev. and Mrs. Ulmer and daughter, Ruth. Miss Ruth Smith, and Helen Smith of Greensfork and Ruth Sanns of Richmond spent Sunday afternoon with Miss Anna Piehe and Gwendolyn Stegall. The M. E. Sunday school had no services Sunday on account of the shortage of coal. Miss Winifred Compton of Richmond spent Sunday with parents of this place. Mrs. Mance Hough was a Richmond shopper Friday. Rev. L. P. Ulmer and Floyd Bell were in Richmond Friday. The Progressive club will meet with Mrs. Raymond Cain Wednesday afternoon. Mr. and Mrs. Emory Oler entertained Sunday Mr. and Mrs. Charles Newman, Mr. and Mrs. John Newman and daughter, Louise, and Mr. and Mrs. Chester Franklin and son. Mrs. Charles Newman spent Tuesday with Mrs. Emory Oler.

Wood is almost an imperishable substance, and if kept from the attacks of organisms, both animal and vegetable, will practically last forever.

BOLSHEVIKI WRECK PART OF KREMLIN

Ruin of Kremlin interior after Bolshevik attack.

This remarkable photograph is the first to arrive in the United States showing the damage inflicted upon one of the buildings of the famous Kremlin in Moscow by the Bolshevik forces at the outbreak of the revolt against the provisional government.

The rooms shown in this picture are irreparably damaged. The floor torn up, the walls broken, the ceiling smashed, the several rooms turned into a mass of debris, much like a

building in the direct line of fire during an intense bombardment.

Of course these rooms are only a small part of the numerous structures that compose the Kremlin, which was not so severely damaged in other quarters.

The Kremlin is probably the most famous building in Russian history, and it has undergone many changes since it first was built in the fifteenth century. Invaders' troops often passed through its gates. Napoleon's army was the last invading force to enter the Kremlin.

German Suffragists Present United Plea For the Ballot

AMSTERDAM, Jan. 6.—By Mail.—The question of woman suffrage is beginning to agitate Germany. Despite the government's forcible insistence that this and kindred questions must not be made the subject of agitation until after the war.

Three formidable national organizations, are now openly campaigning in Germany on behalf of woman suffrage—the Woman's Department of the Social Democratic party, the German Imperial Union for women's suffrage and the German Women's Suffrage society. These organizations have just issued a united manifesto, which is regarded as the opening gun in a determined campaign. In this manifesto, they say:

"Up to the present, Germany stands in the lowest rank of nations as regards women's rights. In most civilized lands women have already been given a large share in public affairs. German women have been granted nothing, except within the most insignificant limits. In New Zealand, Australia and most American states, and even before the war in Finland and Norway, they had been given political rights; today England, Sweden, Russia and many other countries give them a full or limited franchise. The war has brought a full victory to the women of England, Canada, Russia and Denmark, and large concessions are within sight in France, Holland and Hungary.

Denied Any Share. "Among us Germans, not only the national but even the communal franchise is denied, or even a share in the industrial and commercial courts. In the demand for the democratization of German public life our legislators do not seem to even admit the existence of women—the question is limited to the extension of the share of citizens of the male sex in administrative and legislative affairs.

"But during the war, the co-operation of the women in public life has unquestionably grown from year to year until today the number of women engaged in various callings in Germany exceeds the number of men.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a glass of Salts if your Back hurts or Bladder bothers you —Drink more water.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink.—adv.

The work they are doing, includes all spheres of male activity; without them it would no longer be possible to support the economic life of the people. Women have done their full share in the work of the community. Does not this performance of duty involve the right to share in the building-up and extension of the social order?

"The women protest against the lack of political rights, in virtue both of their work for the community and of their worth as human beings. They demand political equality with men. They demand the direct, equal and secret franchise for all legislative bodies, full equality in the communes and in legal representation of their interests. This first joint pronouncement on women's demands will be followed by others until the victory of our cause is won."

ONLY ONE "BROMO QUININE" To get the genuine, call for full name, LAXATIVE BROMO QUININE. Look for signature of E. W. GROVE. Cures a Cold in One Day. 30c.

MR. FARMER

When you begin to plan a public sale, begin planning to advertise it. Then remember these facts:

1. The Palladium reaches more people interested in farming every day than any other Eastern Indiana paper.
2. Farmers now ride in cars and seldom read roadside advertising.
3. Buyers coming in automobiles, will come from a wider territory than you can cover with anything but newspaper advertising.
4. The Palladium's advertising rates, per thousand readers, are the lowest.

TEACHERS WILL LOSE THEIR PAY

Richmond teachers will not receive pay for days lost through the operation of school-closing orders from the fuel administrator.

In certain sections of Indiana, where special contracts between the township trustees or other school officials and teachers exist, allowances will be made.

The opinion comes from Ele Stansbury, attorney-general, who prepared a statement for State Superintendent of Instruction Ellis.

This opinion gives leeway to the trustees or other school officials to hold school later than usual or make up the time lost on Saturdays in case the trustees or teachers so desire.

County Superintendent Williams said Wednesday the advisability of holding the county schools six days a week is being considered.

ACCEPTS COMMISSION

FRANKFORT, Jan. 24.—C. L. Hinkle has given up his position as superintendent of the Toledo, St. Louis & Western Railroad company, to accept a commission as major in the American Railroad force in France.
