Tuesday is meatless day. Instead of meat use cheese, nuts, eggs, milk, cereals, beans and peas. There are many good ways to cook them. They give you body building material for which you eat meat largely—protein—and a lot of it. Protein is the body building material and is needed by every one, especially children. But if there are other things besides meat which have an equal amount of protein, why not use them and help save a fighting material?

2366—This attractive model would develop well in blue serge, with a trimming of soutache braid. The waist closes at the side, under a jaunty collar. The skirt is arranged in plaits. The pattern provides a short, wide sleeve, and one finished in wrist length, both with a smart cuff. It is cut in 4 sizes: 6, 8, 10 and 12 years. Size 10 requires 4 1/2 yards of 36-inch material.

## GETTING TOO FAT? TRY THIS—REDUCE

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist (or if you prefer write to the Marmola Co., 864 Woodward Ave., Detroit, Mich.) for a large case of Marmola Prescription Tablets. 75c is the price the world over. By doing this you will be safe from harmful drugs and be able to reduce two, three or four pounds a week without dieting or exercise.—(Adv.)

## CONTRIBUTED VERSE

The shots and shells were screaming  
Upon the field of "No Man's Land"  
And the French and English armies,  
Hard pressed on every hand.  
When, loud and clear close in their  
rear  
Came the shouts of a mighty host.  
Hold the trench for we are coming  
Your brothers from over the sea,  
For we love to fight to help the right  
No matter where it may be,  
Your Uncle Sam with his million men  
Will finish what you have begun.  
Uncle Sam heard you call from over  
the sea,  
And he feels that your cause is just  
So we're coming to fight to uphold  
the right  
To change "Me and Gott" to "In  
God We Trust."

## Sewing Circle With Much Whispering

We Are All Greatly Indebted to Those Who Tell Their Experiences.

Before the arrival of the stork there is much to talk about. The comfort of the expectant mother is the chief topic, and there is sure to be someone who has used or knows of that splendid external help—Mother's Friend. Nausea, nervousness, bearing-down and stretching pains and other symptoms so familiar to many women are among the dreaded experiences thousands of mothers say they entirely escape by the use of this famous remedy.

Its influence on the fine network of nerves and ligaments just beneath the skin is wonderful. By the regular use of Mother's Friend during the period the muscles are made and kept soft and elastic; they expand easily, without strain, when baby is born and the pain and danger at the crisis is naturally less. Mother's Friend is for external use only; is sold by all druggists, and should be used with the utmost regularity. Write to the Bradford Regulator Co., P.O. Box 120, Atlanta, Ga., for a valuable and interesting "Motherhood Book." There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written and will be a splendid little text book for guidance, not only for yourself but will make you helpful to others. And in the meantime do not fail to get a bottle of Mother's Friend from the Drug Store, and thus fortify yourself against pain and discomfort.—Adv.
