

EASTER MUSIC FOR CHURCHES IN CENTERVILLE

Community Chorus of Sixty-five Voices Gives a Recital.

CENTERVILLE, Ind., March 28.—A community chorus of sixty voices will give a sacred Easter cantata next Sunday evening at the M. E. Church at 8:30 "new time." Miss Vesta Rollman, music director of the high school, has charge of the chorus, with Miss Marie Terry, pianist. It is as follows:

Now is Christ Risen.
The Lord is Risen, Chorus by choir.
Morn's Roseate Hues, chorus of Women's voices.
Gethsemane, Quartette.
Angels Descending, chorus.
O Sacred Head Now Wounded, contralto solo.
For God so Loved the World, chorus.
(a) And Very Early in the Morning.
(b) Now is Christ Risen, chorus.
If Ye Then Be Risen with Christ, soprano solo.
The Trumpet Shall Sound, chorus.
Oh, Come Let Us Sing to the Lord, final chorus.

Soloists: Miss Laura Hill, Mrs. Carleton, Mrs. Hurst, Carl Baker, Ira Kent.

A special Easter program will be given at the M. E. Church Sunday morning in connection with the Easter sermon. Easter readings will be given by Louise Stafford, Elizabeth Palmer, Thelma Russell, Mary King, Mary Lambert, Carlissa Ahl, and Martha Commons. Special numbers by the choir: "Lift Your Glad Voices," "Crown Him With Many Crowns," "Rev. O'Connell will give an Easter sermon entitled: "The Endless Life." Greenstork will be invited to unite with this service and will probably contribute toward the program.

The funeral of Miss Mildred Bowers was held from the Christian Church Thursday morning at 10:00 o'clock; Rev. McCormick, officiating. Miss Bowers lived here all her life.

The war mothers will have their first meeting since organization next Wednesday, afternoon, at the Red Cross rooms. Every mother is urged to be present. Mr. and Mrs. Henry Brumfield and Miss Alice Kluge, of Richmond, were guests Wednesday of Mrs. John Sullivan. Mr. and Mrs. Ross Keaton, of Marktown, Ind., spent a part of the week with Mrs. Anna Lasley and family. The freshman class of the C. H. S. gave a surprise farewell party to Howard Roberts, a member of the class, Wednesday evening.

HELPING THE MEAT AND MILK SUPPLY

(Special Information Service, U. S. Department of Agriculture)
LIVE STOCK INCREASES—SHOULD HAVE MORE

Federal Reports Show 1917 Gains and 1918 Needs.

Specialists Tell How to Get More Pork and Beef This Year—Value of Animals January 1 Last Was \$8,263,524,000, an Increase of 22.7 Per Cent in a Year—Figures from Revised Estimate.

Live stock men are on the job. A gratifying increase in the principal classes of live stock during 1917 is reported by David F. Houston, Secretary of Agriculture, in a recent statement. The increases reported as for January 1, 1918, on farms and ranges of the United States, according to a revised estimate for 1917, are: Horses, 353,000; mules, 101,000; milk cows, 390,000; other cattle, 1,857,000; sheep, 1,284,000; swine, 3,871,000. The total number of horses is estimated at 2,153,000; mules, 432,000; milk cows, 2,284,000; other cattle, 43,546,000; sheep, 48,900,000; swine, 71,374,000.

The increase of 4.5 per cent in numbers of "other cattle" is due to an increase of 4.2 per cent in calves, 22.7 per cent in heifers, for milk, 8.5 per cent in other heifers, a decrease of 3.2 per cent in steers, and an increase of 1.9 per cent in "other cattle" (milk cows not included). Swine over six months old increased 4.5 per cent; those under six months increased 7.8 per cent.

The number of live stock on farms—that is, stock in cities and

villages—is not estimated yearly, but their number in 1910 as reported by the census was: Horses, 2,153,000; mules, 270,000; cattle, 1,879,000; sheep, 391,000; swine, 1,288,000. The census of 1910 also reported 106,000 asses and burros on farms and 17,000 not on farms; 2,915,000 goats on farms and 115,000 not on farms.

In average value per head horses increased \$1.39, mules increased \$10.59, milk cows increased \$10.96, other cattle increased \$4.96, sheep increased \$4.69, swine increased \$7.75.

In total value the increases are: Horses, \$6,319,000; mules, \$63,058,000; milk cows, \$278,388,000; other cattle, \$282,431,000; sheep, \$238,338,000; swine, \$598,378,000.

The total value January 1, 1918, of all animals enumerated above was \$8,263,524,000 as compared with \$6,735,612,000 January 1, 1917, an increase of \$1,527,912,000 or 22.7 per cent.

The number of beef animals should

be maintained, and in areas where it is clearly the best range and farm practice, should be increased, says the program for agricultural production in 1918 recently made public by the United States Department of Agriculture. Since the outbreak of the European War and the consequent depletion of the European supply of cattle, the task of meeting the increasing demands for beef and beef products, to a large extent, has been put upon the people of the United States.

The exports of dressed beef and beef products have increased 177 per cent during the last three years. The shortage of beef abroad, like the shortage of other meat products, doubtless will be accentuated as the war progresses.

Beef production can be increased in the settled farm areas of the Nation, and especially in the South. It can be increased everywhere by preventing the loss of flesh by calves during their first winter and keeping calves growing during this period so that beef animals may be marketed at earlier ages, thereby requiring the maintenance of fewer stocker cattle and making possible the maintenance of larger breeding herds; by using a larger proportion of bulls on the range to insure larger calf crops; by using good bulls only; by reducing the tick-infested areas as rapidly as possible; by eliminating as far as possible the losses from disease and predatory animals, by transferring animals from regions of scarcity of feed to those where there is an abundance of feed; by providing a more ample supply of winter feed and better shelter, and by utilizing all roughage produced, either as fodder, hay, or silage, and supplementing these feeds with more nitrogenous concentrates and less grain.

GROWING CALVES FOR BEEF

In order that calves may be qualified for the production of baby beef, that is, fattened and matured for market between 1 and 2 years of age, they must have quality and good finish. The consumer does not want the unfinished yearling, and the calf that does not have quality will not take on a high finish. Neither will the calf lacking in early-maturing qualities fatten properly during the latter part of the feeding period, but instead it will use most of the feed which it consumes for growth. The feeder should keep this in mind and first determine whether his calves are good enough to

compete on the fat yearling market, and if he decides that they are not, they should be finished with coarse feeds and marketed later.

The deep, wide-bodied, thick-fleshed calf with short legs and an abundance of quality as indicated by fineness of hair, texture of skin, smoothness of flesh, and general refinement about the head and other parts of the body, is the type best suited for making prime baby beef. Uniformity in size, weight, and color should not be overlooked either, because such factors are an advantage in marketing. These points are of great importance in selecting calves that will make rapid gains and return the most pounds of meat for the amount of feed given them.

WHITEWATER, IND.

The fine weather of the last week has caused the farmers to be very busy gathering corn, shredding, plowing, and sowing oats. Mr. and Mrs. John Hunt has gone to Richmond to visit a few days with their son, R. Hunt, and family. Mrs. Osro Bloise and his mother, Mrs. Emma Bloise, are visiting Mr. and Mrs. Ellis Grave of Marysville, Ohio. Alsil Clopp of Centerville, Ind., was the guest of Mr. and Mrs. A. B. Austin and family, Sunday. Mr. and Mrs. M. L. White, and William White, were the guests of Mr. and Mrs. Clarence Hough and family of Sparta, Sunday afternoon. Mrs. Emma Bloise and daughter, Nina, and son, Rex, were the guests of Mr. and Mrs. J. K. Thomas Sunday. Ray Barton has purchased a new Ford machine. Miss Edna Hill spent Sunday with Miss May Parker. The teachers of this place attended the institute at Richmond Sunday. Cleve Eyle of Richmond was a caller here Sunday. Mr. and Mrs. Sam Addleman and family were the guests

Merchants Organize for War Conservation

EATON, O., March 28.—The Preble County Merchants' association has effected a permanent organization, with the adoption of a constitution and by-laws. Advancement of the commercial, industrial and civic life of the county is the aim and object of the association. Concerted action toward a rigid observance of the food administration program during the period of the war, and for conservation in all directions, are also objects of the association. It is hoped to secure membership of every merchant in the county in the association.

REMOVED GALL STONES WITHOUT AN OPERATION

Simple Remedy Brought Relief After Doctors Said Knife Was The Only Way.

MRS. MARY E. FRANSE

Mrs. Mary E. Franse, of West Point, Nebr., is firmly convinced, through her own experience, that stomach trouble and gall stones can be effectively treated and permanently relieved without an operation. In a letter to the Pinus laboratories Mrs. Franse says: "Ten years ago I was about to undergo an operation for gall stones when I heard of your treatment. Dreading an operation above everything, I determined to at least try Fruitola and Traxo, and have never been sorry I did as I have not been troubled with gall stones since."

Fruitola and Traxo are compounded from the original Edsall formulas at the Pinus laboratories in Monticello, Ill., and can be purchased in drug stores; a doctor's prescription is not necessary. Fruitola is a pure fruit oil that acts as an intestinal lubricant, and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste, to the sufferer's intense relief. One dose is usually sufficient to indicate its efficacy. Traxo is a tonic-alternative that is most effective to rebuild and restore the weakened, run-down system.

A booklet of special interest to those who suffer with stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois.

Mr. Robert Williams,
Galesburg, Mo.

December 27th, 1917—

Dear Sir:

You are right when you say in yours of December 24th that Senreco is a remarkably good tooth paste and that it has a strong story to tell, but the difficulty lies in putting that story in such language as will convince the public.

The Senreco story of a medicinal paste that not only cleanses the teeth but also keeps mouth and gums healthy, when put on paper does not sound very different from the story of just any ordinary dentifrice.

For that reason we make every effort to get the people to try Senreco. After that Senreco tells its own story - and fully 90% of them are Senreco users and boosters from then on.

There is a Senreco user in Pittsburgh who has introduced our product into the families of thirty-four of his friends. Enthusiasm? No, not entirely. Simply a case of Senreco making good. It is just as stated above. If they will try Senreco - if they once become acquainted with a real dentifrice - with what a dentifrice can and should be - they are Senreco boosters from that time on.

Your druggist or toilet counter can supply you with Senreco. It comes in large, two ounce tubes and retails at 25¢.

Why not get a tube to-day? Try it. We stand behind every package of Senreco with a money-back guarantee.

Very truly yours,
SENRECO,
CINCINNATI.

THERE IS NOW NO QUESTION OF MOTOR TRUCK ECONOMY

The cost of hauling with an International Motor Truck today is little less than one-half the cost of doing the same work with horses, provided the truck is kept reasonably busy.

An International is always ready for work. Its steady, day-by-day, year-in and year-out service, due to its built-in quality, and to the prompt service we give International owners, makes this truck especially economical.

Compare the International engine, frame, springs, rear axle and wheel drive with those of any other truck sold to carry equal loads.

Then consider that this truck is backed by a seventy million dollar corporation with 76 years of manufacturing experience and with 90 direct company branches in the United States—seven of them in Indiana. Where can you get greater assurance of steady service and low hauling costs?

There are four sizes of International Motor Truck—1500, 2000, 3000 and 4000 pounds capacity. All are built with a durability that means a reasonable first cost and lowest last cost. Write or call on us for literature and full information.

SAFE, GENTLE REMEDY CLEANSES YOUR KIDNEYS

For centuries GOLD MEDAL Haarlem Oil has been a standard household remedy for kidney, liver, bladder and stomach trouble, and all diseases connected with the urinary organs. The kidneys and bladder are the most important organs of the body. They are the filters, the purifiers of your blood. If the poisons which enter your system through the food and stomach are not entirely thrown out by the kidneys and bladder you are doomed. Weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, headache, pain in loins and lower abdomen, gall-stones, gravel, difficulty when urinating, cloudy and bloody urine, rheumatism, sciatica and lumbago, all warn you to look after your kidneys and bladder. GOLD MEDAL Haarlem Oil Capsules are what you need.

They are not a "patent medicine," nor

a "new discovery." For 200 years they have been a standard household remedy. They are the pure, original imported Haarlem Oil your great-grandmother used, and are perfectly harmless. The healing, soothing oil soaks into the cells and lining of the kidneys and through the bladder, driving out the poisonous germs. New life, fresh strength and health will come as you continue the treatment. When completely restored to your usual vigor, continue taking a capsule or two each day; they will keep you in condition and prevent a return of the disease. Do not delay a minute. Delays are especially dangerous in kidney and bladder trouble. All druggists sell GOLD MEDAL Haarlem Oil Capsules. They will refund the money if not as represented. In three sizes, sealed packages. Ask for the original imported GOLD MEDAL. Accept no substitutes. —Adv.

NEW RECORDS FOR Your Talking Machine

Stracclari has made a record for Columbia of Cortigiani vil razza dannata, the song from "Rigoletto" which won him fame in his New York and Chicago debuts. In Chicago last November, he was interrupted half way through this song by an audience that simply could not hold back its applause. In New York and Boston his greatest success was also won in his interpretation of this beautiful aria.

"Beautiful Isle of Somewhere" has been sung for Columbia by Oscar Seagle. This air won its early fame as McKinley's favorite hymn, but that was a long time ago, and its popularity has increased since. The hymn gains much by Mr. Seagle's sympathetic rendition of it. On the other side of this record is "Ten Thousand Times Ten Thousand," sung also by Mr. Seagle.

Casals with his cello has just made two more notable records for Columbia. These include Mendelssohn's "Spring Song" and Faure's "Aprils Un Reve" and both catch nuances of cello shading never so successfully registered before.

"Good-bye, Dolly Gray," sung by Hugh Donovan, tenor, with the assistance of the Broadway Quartette.

"Chu Chin Chow" has worked its way quickly into the records of all time. Columbia has just made two of its most popular melodies secure for tomorrow. The pieces chosen are, "Any Time's a Good Time," sung by Robert Lewis, tenor, and "At Sixty Time," recorded by Charles Harrison, tenor.

William McEwan, once a Glasgow music hall program-boy and now known as "the world's sweetest Gospel singer," has made two new records for Columbia. "Meet Mother in the Skies" is the first of these and on the other side is the touching song, "My Mother's Bible."

One of the patriotic song-bits of the day has recently become a new Columbia record. It is "Tom, Dick and Harry and Jack, Hurry Back," and was sung by Arthur Fields. On the other side is another of Mr. Fields' songs, "I'll Come Back to You When It's All Over," composed by Mills.

War has revived two famous oldtime favorite songs. Both have been recorded by Columbia. They are "There'll Be A Hot Time in The Old Town To-Night," sung by Arthur Fields, and the Peerless Quartette with orchestral accompaniment, and
