

PREBLE SENDS 29 SELECTS TO TRAINING CAMP

Increment Gives County Full Quota of 162 Required by Law.

EATON, O. April 1.—Twenty-nine of thirty Preble county draftees, the county's last increment of its full quota of 162, under the first call, left here Saturday morning for Camp Sherman, Chillicothe.

Emmett Burger, the one absent draftee, was inducted into the service in Roanoke, Va. Three of the men selected to go with the increment were excused. They were Warren Johnson of Camden, Robert DeMotte of Lewisburg, and Chester Bickel of West Alexandria. Bickel was excused pending further action by the district medical advisory board.

The places of the three excused were filled by Stanley Waldren of West Manchester, George B. Grottle of West Manchester, and Elmer Brawley of New Paris. Waldren had requested that he be given a place in the increment.

Select Alternates

Grottle and Brawley were selected as alternates when the list of thirty men was selected. Roy Hendrickson of Lewisburg was given the place of Ennis Hunt, school teacher, of Verona, a few days before the increment was to leave for camp. He had requested that he be given a place.

Following is a list of the men making up the increment: Walter Ammerman, Eaton; Charles C. Clear, Eaton; Roy Davis, Eaton; Roy Runyon, Eaton; Clark Kinsinger, Eaton; Fred Lyons, Eaton; James Smiley, Eaton; David Kirschner, Eaton; Robert Williams, Eldorado; Walter Steiner, Lewisburg; Sterling McClanahan, Eldorado; Verna Fortney, West Alexandria; Robert Unger, Lewisburg; Nevin Burger, Lewisburg; Russell Aker, New Paris; Carl Barnett, New Paris; Daniel Thacker, College Corner; Orville Andrews, Gratiot; Benjamin Schell, West Alexandria; Oliver Strogo, Gratiot; Elmer Butt, Gratiot; Grant Sink, Lewisburg; David Brown, New Paris; John Protzman, Lewisburg; Roy Hendrickson, Lewisburg; Stanley Waldren, West Manchester; Elmer Brawley, New Paris; George Grottle, West Manchester; Elmer Comer, New Paris.

Journeymen Painters Ask for An Increase in Pay from Bosses

The following has been submitted: The public probably knows by this time that the journeymen painters of this city have been compelled to leave their jobs on account of the wage scale for the coming season, as they were asked to remain for the same price, formerly paid by the contracting painters, which they (the journeymen) find is not possible. The enormous increase in living expenses compel them to ask more pay. In two years they have had a raise of 12 1/2 per cent. In the same time expenses have increased from 65 to 122 per cent, so to a glance any one can see they are justified in their demand for more money.

The situation here last winter ought to convince any one that the painter must be able to save a little in order to tide over the two to four months he is out of work. The cash and carry plan and the coal paid for before unloading, no matter how good or how much credit a workingman had, he could get neither without the cash unless he became a subject of charity. He wants to tell the citizens of this city that he wants to earn and pay his way if allowed to do it.

The employers gave the men an increase of 2 1/2 cents an hour in 1917 and raised their price ten cents per hour, so in some cases they made a profit of 17 1/2 to 20c per hour per man. We are asking an increase of 40 per cent against the increase of 65 to 122 per cent in the cost of living and they think the demand is reasonable and just.

Names of Delinquents Sent to State Officer

The names of seven men who failed to file their questionnaires with the selective service board will be sent this week to the Indiana state adjutant general by Clem Carr, chairman of the local board. If these men can be found through the efforts of the adjutant general's office, they will be immediately arrested and compelled to enter the service. The police received a list of names from the selective service board several days ago and have located some of the delinquents, but there were seven of the men who could not be found.

Richmond Boy in Base Hospital From Injuries Received on Duty

Mr. and Mrs. J. A. Mobley, of 807 1/2 North F street, have received word that their son, Corporal Leroy Mobley, of the 91st Aerial Squadron, in service with the American Expeditionary Forces, located somewhere in France since last October, is now in the base hospital, where it was determined by X-ray examination that his most serious injury, received while engaged in his duties upon the Flying Field, February 14, consists of two fractures of the right arm. The report stated that while it would require a couple months yet to fit him for duty again, at best, it was hoped that no permanent disability would result.

Corporal Mobley enlisted last July and after a brief training period at Kelley Field, San Antonio, Texas, was promoted to the rank of corporal and sent to France early in the fall; since then his letters to home-folks, on account of the strict censorship, gave no details of his movements.

However, in his most recent letter he mentioned just receiving his Xmas box which was sent from Richmond, Nov. 15, and arrived only after long delay.

Regarding the recent sinking of the troop ship, he expressed the sentiment of the American boys by saying: "We are well prepared for anything that may come our way and are anxious for the opportunity to retaliate for the loss of those who had no chance to fight back and the bigger and the sooner they come at us, the better pleased we will be to get back at them, so expect some interesting happenings soon."

It is not known whether the Flying Corps with which he is connected were engaged in any unusual activities at the time of his injury or not. Delbert Mobley, a brother of Leroy, is doing his bit for his country in construction work at the Naval shipyards in Norfolk, Va., since minor physical defects have prevented his enlistment at various recruiting stations, and was the means of his being given honorable discharge papers, after being in camp with the National Guard, to train at the time of the Mexican disorder.

The boys are grandsons of Milton S. Bottorff, of near Columbus, Ind.

If the reader has a "bad back" or any kidney ills and is looking for an effective kidney medicine, better depend on the remedy endorsed by people you know. Doan's Kidney Pills have given great satisfaction in such cases. Richmond citizens testify to this. Here is a case of it:

J. B. Engelbert, 124 South Fifth St., Richmond, says: "I had attacks of kidney trouble and my back ached so severely I often had to sit around for weeks at a time. Whenever I moved, I had sharp, dagger-like pains through my back and I could get no relief day or night. My kidneys acted irregularly and annoyed me a lot. I got Doan's Kidney Pills at Lukens & Co.'s Drug Store and they took all the soreness and aching out of my back and put my kidneys in good shape. I always depend on Doan's Kidney Pills when I have the least return of the trouble."
