

105 "BLUE DEVILS" ARE CHEERED BY GOTHAM CROWDS

Pershing's Boys and French Veterans Boost Liberty Loan Drive.

(By Associated Press)
NEW YORK, April 30.—New York again paid enthusiastic tribute today to the 105 battle-scared French "Poulets," who arrived here unexpectedly yesterday to aid the Liberty Loan campaign. The fighters, who represent some of the crack corps of the French army, including the Alpine Chasseurs or "Blue Devils," marched to the City hall, where they were officially welcomed by Mayor Hylan.

Every "Poulet" in the contingent is a veteran; all wear the cross De Guerre and some of them the cherished Cross of the Legion of Honor for conspicuous bravery on the battle-fields of the Marne and at Verdun.

Many of the soldiers are young peasants who have not even seen Paris, and they viewed the sights of New York, especially in the skyscraper district, with unfeigned astonishment and delight. Everywhere they were greeted with a tumultuous enthusiasm unusual for New York.

The presence of the Frenchmen and Pershing's veterans added impetus to the loan campaign here, which so far has proved disappointing. The district's total subscriptions at the close of business were \$564,180,000, which means that more than \$65,000,000 worth of bonds must be sold every day this week if the minimum quota of \$900,000,000 is to be attained.

Senreco Tooth Paste Power-
ful To Save the Teeth and
Prevent Diseases

"All dressed up with a hole in his shoe" was a bit of sarcasm a girl flung at a young man friend whose entire outfit was new except his punctured shoes. Right enough, too. Either to man or woman a shabby pair of shoes would spoil the appearance of the most elegant garments ever worn.

What about the teeth? Dress in all the finery you please, if you open your mouth exposing a decayed set of teeth your attractiveness ends right there. That's a hole in the shoe for you. This applies both to men and women. Girls, and young men, you lose half the admiration which would be directed toward you if you have bad teeth. You won't be pleasing with a mouthful of decay. You can't be healthy either. The condition of the teeth have a telling influence on other organs of the body. Bad teeth and the diseases, bad heart, and even the eyes. Medical science shows that bad teeth produce unhealthy conditions all over the body.

With Senreco Tooth Paste at your service—a scientifically prepared preventive of Pyorrhea—there's no need of having a mouthful of decayed teeth. Used regularly on a set of good teeth the deadly germs have little chance to live. You should never let them exist long under its thorough cleansing properties. As a cleanser and preventive of disease Senreco is unequalled. Advanced cases should be treated by your dentist.

Use Senreco Tooth Paste. It prevents decay. As a dentist, if you should not pay all attention to your teeth, Of course we won't say our Tooth Paste will cure Pyorrhea. If you already have it, your dentist is the doctor. Even if you are afflicted with this terrible disease Senreco Tooth Paste will help to overcome it with your dentist's assistance. But we don't want you to contract any ailment of the mouth and teeth, nor do we desire that you should preventive far better than to have to go through the trials of a cure. Have your teeth by Senreco Tooth Paste and the problems of the mouth will live to do foul and painful diseases. By taking excellent care of your teeth you may save stomach, intestines, heart, lungs, and kidneys. Make all preparation to keep the teeth clean and do it with Senreco Tooth Paste, the latest discovery of dental science. Sample of Senreco free, if you wish. Senreco Tooth Paste, Cincinnati, Ohio.

Uncle Sam's Medals for Heroes

The medal of honor (left) and the distinguished service cross.

The medal of honor is the highest award of the United States government. It is presented in the name of congress for distinguished gallantry in battle or for heroism of an especially distinguished character not performed in the regular line of duty.

The distinguished service cross was recently authorized by order of the president. It is awarded to those who, since April 6, 1917, have distinguished

themselves by extraordinary heroism in connection with the military operations against an armed enemy of the United States under circumstances which do not justify the medal of honor. One hundred of these crosses have been shipped to France. Since these have been struck off, however, it has been decided to leave off the oak leaves, making the cross plain.

These medals, with their representative values, have their counterparts in the Victoria cross of Great Britain and the medal militaire and croix de guerre of France.

HAVE ROSY CHEEKS
AND FEEL FRESH AS
A DAISY—TRY THIS!

Say glass of hot water with
phosphate before breakfast
washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, that one week of inside-bathing will have them both looking and feeling better in every way.—Adv.

NEED BRIDGE MEN FOR NAVAL RESERVE

A call has been issued by the naval reserve to 200 experienced bridge men, pushers, locomotive crane engineers and crane engineers, to be enrolled for the construction of a number of high steel structures abroad. The work is of great magnitude and only men skilled in steel erection will be enrolled.

Advanced rating applying to such class of labor has been provided for and opportunities are offered to men of suitable fitness to enroll as chief petty officers and petty officers first and second class. The pay ranges from \$55 to \$94 a month with insurance and allotments such as are granted to the regular naval force.

About 250 men have already enrolled on this project, and this is the last call that will be made.

Civil Engineer T. A. Baldwin, of naval reserve will be at the navy recruiting station at Indianapolis Monday, May 6, to explain the service to all men interested. Transportation will be furnished to Indianapolis by the Richmond navy recruiting office to all men wishing to enroll in this branch of the service.

Asks Investigation of Von Tirpitz's Policy

(By Associated Press)
AMSTERDAM, April 30.—In the current number of the *Prussische Jahrbücher*, Professor Hans Delbrück, German historian, accuses Admiral Von Tirpitz of lack of foresight during his term of office in the matter of construction of submarines.

"Von Tirpitz was fascinated with dreadnoughts," he says, "and even during the war hindered the construction of new submarines, in the belief that the few he had consented to build were sufficient to beat England in a few months."

Delbrück calls upon the *reichstag* to order an investigation into Von Tirpitz's naval policy.

Nephew of Wayne Man Wins Medal for Bravery

MILTON, Ind., April 30.—Charles Hale has been notified that his nephew, Claude Gillian, who is serving with the British army in France, has been awarded the "distinguished conduct medal" for gallantry in action. The medal is the next highest honor which may be received by a non-commissioned officer in the English army. Gillian was slightly wounded while in first line action on March 27.

CIGARETTES RAPIDLY "FADING"

AMSTERDAM, April 30.—For some time past, the cigarette in Germany has been growing thinner and thinner until at present the weight of tobacco

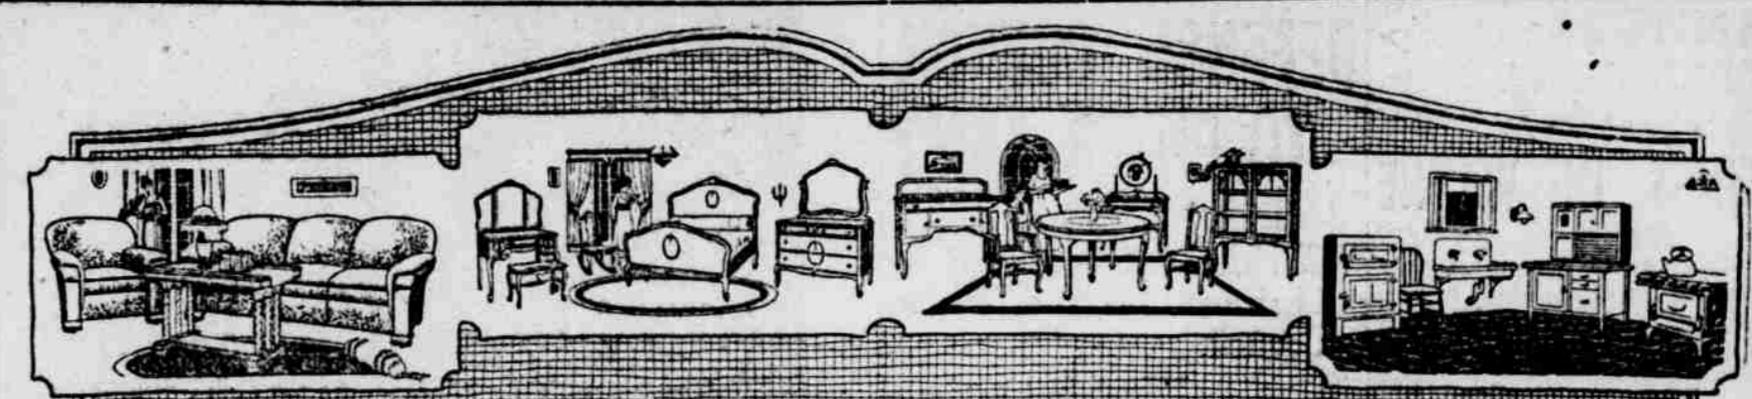

is little greater than of paper. The pre-war cigarettes in Germany, when sold by the ounce, ran about sixteen to the ounce.

To Relieve Catarrhal Deafness and Head Noises

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of *Thiethwaite's* and add to it a pint of hot water and a little of granulated sugar. Take 1 tablespoonful four times a day. This will often cure quieting the skin from the distressing head noises. Close and nostrils should open, breathing becomes easy and the mucus stops dropping into the throat. It is easy to prepare, costs little and is pleasant to take. It quickly vanishes. Skin becomes firm, smooth, fresh looking—bears no trace of treatment except that of enhanced health. *Thiethwaite's* is a safe, simple, effective prescription. Try it. It is a safe, simple, effective prescription. Try it.

Such startling, sensational results come from a very simple, harmless home-made wrinkle-smoother, there is no need for anyone with those hateful marks of age, illness or worry. No need of fooling with worthless pastes, creams, rubs, and foods. Just oil the skin. No need rubbing, massaging, steaming—senseless methods which expand and loosen skin and underlie wrinkles, aggravating the condition. Better, saner, surer, is the scientific *saxolite* formula. Thousands have successfully tried it—thousands of wrinkles are gone, wrinkles are gone, saggy cheeks, double chin—thousands of wrinkles are gone, wrinkles are gone, younger looking, happier! The secret of *saxolite* is to dissolve one ounce of powdered *saxolite* in one-half pint with *hazel*, and bathe your face in this. The effect is almost magical. Every day you cross the complexion quickly vanishes. Skin becomes firm, smooth, fresh looking—bears no trace of treatment except that of enhanced health. *Saxolite* is a safe, simple, effective prescription. Try it.
