

BEEF RATIONS AGAIN, TO LAST UNTIL SEPT. 15

Plea is Made to Meet Needs of American and Allied Armies.

WASHINGTON, D. C., June 13.—To meet the needs of the American and allied armies and the civilian populations of France, Great Britain and Italy, the American people were asked by the food administration today to place themselves on a limited beef allowance from now until next Sept. 15. Householders were requested not "under any circumstances" to buy more than one and one-quarter pounds of clear beef weekly, or one and one-half pounds, including the bone, for each person in the household.

Hotels and restaurants were asked not to serve boiled beef more than two meals weekly, beefsteak more than one meal weekly and roast beef more than one meal weekly.

"The demand for beef for our army, the armies of the allies and their civilian populations for this summer," said the food administration's announcement, "are beyond our present surplus. On the other hand, we have enough increased supply of pork this summer to permit economical expansion in its use. It, therefore, will be a direct service to our armies and the allies if our people will in some degree substitute fresh pork, bacon, ham and sausage for beef products."

French President Gets \$50 from U. S. Farmer

(By Associated Press.)

PARIS, June 13.—President Poincaré has received from an American farmer a letter containing \$50 and the explanation that the money, one-tenth of his worldly possessions, is to pay in part, the debt of the United States to General Lafayette. The president has formally notified the council of ministers of the receipt of the letter and the money.

The incident has evoked great enthusiasm in the French press. La Liberté uses the episode as the inspiration for a long article in warm praise of America.

MAY COME TO U. S.

(By Associated Press.)

LONDON, June 13.—It is reported in Copenhagen, says a Daily Mail dispatch from that city, that M. Borovsky, the Bolshevik minister to Sweden, is to go to Washington as Bolshevik ambassador to the United States. The minister is now in Berlin.

SOLD 'EM FOR JUNK

(By Associated Press.)

MUNCIE, Ind., June 13.—At the close of the school term today high school students gathered together all German text-books and sold them for junk. The proceeds were turned over to the Red Cross to help defeat the Kaiser.

FLIERS AID INFANTRY

LONDON, June 13.—Fourteen German machines were brought down by the British yesterday. British aviators actively co-operated with the French in the latter's counter attack southwest of Noyon.

SATIN HAS VOGUE FOR SPORTS WEAR

This satin sports skirt in green and white will be sure to find favor with the younger set this summer. This is a season for satin sports costumes and never before have such beautiful shimmering fabrics been used for this purpose. Baronette satin is the highest favor. It usually comes in plain colors, but often clever striped combinations like the one pictured are seen.

SPEED NOT STOPS—THE MOTORIST'S IDEA!

American motorists have been giving all their attention to going fast and none to stopping, declares John J. Younger, well known automobile engineer, now supervising engineering in the War Department's Motor Transport Division. "Get-away," "pick-up," "dash" are familiar terms, he says, but nobody has been thinking of stopping. It is time to put on the brakes, he says.

Mr. Younger believes the national brake inspection movement, endorsed by traffic officials and leading motor experts the country over, will accomplish much good if it does nothing more than to call the attention of motorists to the importance of having their brakes inspected at regular intervals.

In fast rail traffic, says Mr. Younger, the question of stopping is always considered first. With a continuous stream of cars through the New York subway at rush hours, when Manhattan's millions are being carried to work and back home, experts point out that the subway engineers know the fraction of a foot where the brakes are to be applied to bring their trains to a dead stop at a required point. Permanent signs are displayed and the subway cars stop so as to open in front of them. There would be a great amount of confusion, Mr. Younger thinks, if a similar string of automobiles attempted to stop at as frequent intervals as the subway trains.

Good Brake Lining Important

The importance of having automobiles equipped with good brake lining, as, for example, the kind that is thermoid hydraulic compressed and impervious to moisture, gasoline, oil and dust, is emphasized by the brake inspection movement. Many of the American cars now going to the front are equipped with the thermoid lining.

Automobile brakes, in the opinion of experts, should be as effective when applied by a strong man. A test was made recently in which a truck driver was found who could exert a pedal pressure of 400 pounds. No woman driver could do that, the experts say, yet, with a thermoid hydraulic compressed brake lining, a woman driver should be able to stop her car as quickly as the truck driver.

BIG CROWD GREETED FORMER PRESIDENT

(By Associated Press.)

WASHINGTON, June 13.—From Chile there came today a pair of "made in Germany" binoculars to aid the navy in the war against the submarines. William Campbell, stevedore and ship chandler, of Iquique, heard from an American vessel that marine glasses were very scarce and, although not an American citizen, forwarded to Chairman Hurley a fine pair as a token of appreciation for business given by United States ships.

"MADE IN GERMANY" GLASSES TO AID U. S. AGAINST SUBS.

(By Associated Press.)

WASHINGTON, June 13.—From Chile there came today a pair of "made in Germany" binoculars to aid the navy in the war against the submarines. William Campbell, stevedore and ship chandler, of Iquique, heard from an American vessel that marine glasses were very scarce and, although not an American citizen, forwarded to Chairman Hurley a fine pair as a token of appreciation for business given by United States ships.

Thrill Drive to Start June 17, at Winchester

WINCHESTER, Ind., June 13.—The men in deferred classification and the County Council of Defense held a meeting at the Chamber of Commerce rooms Monday night and set the time for making the Thrift stamp drive for Monday, June 17. Each person in the county will receive a letter this week asking them to be ready to pledge as much as possible. The pledge must be all paid in by the end of the year. The county's quota is \$550,000.

74 BOTTLES OF BEER TAKEN FROM NEGROES AT WINCHESTER

WINCHESTER, Ind., June 12.—Wayne Warner, Frank Fannatta and Ben Churchman, colored, were arrested near here yesterday morning for intoxication. When the machine was searched in which they were traveling seventy-four bottles of beer, two two-gallon jugs, and twelve quart bottles of whiskey were found. The men were brought to Winchester and lodged in jail. They said they had been to Union City where they bought the liquor and that they lived in Muncie. Fannatta showed fight when Sheriff Davison undertook to arrest him and had to be handcuffed. The men are all about forty years of age.

SOCIALIST WINS POST

AMSTERDAM, June 13.—Friedrich Ebert, German Socialist leader and vice-president of the Social Democratic party, has been elected president of the Main Committee of the Reichstag.

HOW SHE BANISHED BACKACHE

Mrs. Effie E. Kleppe, Averill, Minn., writes: "I was at a sanitarium three weeks at one time, two weeks another time, for rheumatism and kidney trouble and got no relief. On my return home I began using Foley Kidney Pills and found immediate relief; a half bottle corrected the cure." This is further proof that these wonderful pills give relief where other treatments fail. Unequalled for weak, sore, aching kidneys, bladder, back, muscles or joints. For sale by A. G. Luken & Co.—Adv.

7 DIRECTORS MAY OPERATE RAILROADS

WASHINGTON, June 13.—Seven directors, each managing all the roads in his territory and responsible to Director McAdoo as to questions of general policy, probably will operate the railroads of the U. S. under the present system of government control. This was indicated today with the publication of an announcement by Director General McAdoo, creating three additional operating regions, dividing the territory west of the Mississippi river. Lines east of the Mississippi had previously been divided into four districts and it was indicated today that no new region would be formed.

The new regions, their directors and the headquarters of the directors was announced as follows: Northern, R. H. Ashton, Chicago; Central, Hale Holden, president of the Burlington, Chicago; and Southwestern, E. F. Bush, receiver for the Missouri-Pacific, St. Louis. It was said a district manager will be named later for the Pacific coast.

Kerensky Trying to Reach France, He Says

(By Associated Press.)

A PACIFIC PORT, June 13.—A. Konovaloff, former Russian minister of Commerce, who is here on his way to Washington, London and Paris, said that former Premier Alexander Kerensky is on his way to France.

Konovaloff served as minister during Kerensky's administration and for a time was vice president of the cabinet. He was once president of the duma during the Romanoff rule.

"The last I heard from Kerensky was through an indirect source," he said today. "At that time he was in Norway, and was trying to reach France."

WILL OUTLINE PLANS FOR AERIAL MAIL SERVICE

(By Associated Press.)

DETROIT, June 13.—Plans for the institution of an aerial mail service between Detroit and Cleveland will be outlined by Judge William F. Connolly, who will go to Washington next week to confer with Postmaster General Burleson relative to the matter.

One of the best grades of Italian cheese is sold only after it has been seasoned for at least four years.

GET NEW KIDNEYS!

The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering out and throwing off the poisons developed in the system, things begin to happen.

One of the first warnings is pain or stiffness in the lower part of the back; highly colored urine; loss of appetite; indigestion; irritation, or even stone in the bladder. These symptoms indicate a condition that may lead to that dreaded and fatal malady, Bright's disease, for which there is said to be no cure.

You can almost certainly find immediate relief in GOLD MEDAL, Haarlem Oil Capsules. For more than 200 years this famous preparation has been an unfailing remedy for all kidney, bladder and urinary troubles. Get it at any drug store, and if it does not give you almost immediate relief, your money will be refunded. Be sure you get the GOLD MEDAL brand. None other genuine. In boxes, three sizes.—Adv.

YOU ARE WELCOME TO OUR OPENING SATURDAY, JUNE 15th

"Richmond's Newest Ladies' Shop"

New styles are always interesting—and there's so much that's entirely new in the Summer Fashions displayed at this store that every woman will be unusually anxious to become acquainted with the correct modes.
