HAS 4,081 MEN
IN U. S. SERVICE**

Pays \$22,350 in Benefits to
Seventy-five War Victims
Thus Far.

INDIANAPOLIS, Ind., June 27.—On June 15, 1918, 4,081 journeymen members of the International Typographical Union and 655 apprentices were in the army and navy forces of the United States and Canada.

Several hundred of our members have fallen in battle in France or have died in military camps in America.

To the widows, orphans, fathers, mothers or other relatives of these men this International Union has paid mortuary benefits amounting to \$22,350.

During the past twelve months this International Union has paid \$354,000 to 1,500 old age pensioners.

In the same period this union has paid mortuary benefits amounting to \$312,400.

Supports Union Home

The total expense for the maintenance and for improvements at the Union Printers' Home at Colorado Springs last year was \$167,600.

This union has invested \$30,000 in each of the three Liberty Loans—\$90,000 in all. Our subordinate organizations and individual members have invested more than \$3,000,000 in these securities.

The gross earnings of our members amounted to more than \$71,000,000 for the year for 62,000 members, and the insignificant amount expended for strike purposes reflects our determination to give full patriotic support to the governments under which we live in the terrific responsibilities which now confront us all.

Seeks Harmony

The officers of this International union are volunteers in the Army for the Preservation of Industrial Peace for the duration of the war at least, and we will do our level best to give full effect to the earnest recommendation made by President Wilson in his proclamation creating the National War Labor Board. There should be no strikes or lockouts during the war.

This International Union neither solicits nor accepts contributions to its benefit funds. Every dollar expended for these purposes is paid by members of this organization in the form of regular dues and assessments.

Our strike expenses for the past twelve months were but \$1,237.

HOW SHE BANISHED BACKACHE
Mrs. Effie E. Kiepp, Averill, Minn., writes: "I was at a sanitarium three weeks at one time, two weeks another time, for rheumatism and kidney trouble and I got well. THIS MEANS--THAT YOU ARE GOING SURE

A photograph as a remembrance is unsurpassable. It will mean more to those you leave behind than anything you could offer. "She" wants a picture of you—wants it badly, but maybe she doesn't like to urge it. It's the least you can do. It's a little act of kindness and it's something you will never regret. There can be only one motive that can cause you to neglect it, and that is selfishness. Do it at once. Today!

THE PALLADIUM'S FREE OFFER

Any man who is to enter the service of the United States, who either intends to enlist or believes he may be drafted, may, by going to CAIN'S Studio, Second Floor Colonial Building, Cor. 7th and Main streets, have a sitting made at no expense to himself and putting him under no obligations. The pictures will be turned over to The Palladium to be published in The Palladium in the event that he should distinguish himself in any way or should receive advancement from the government.
