SIMPLEX WINS FROM NATCO IN PITCHERS' DUEL

The Simplex aggregation defeated a pitcher's duel between Hawekotte of the Natco leather tossers Saturday in the National Automatics, and Minner of the Simplex.

The game was going fast and the outlook bright for an overtime game, when suddenly in the fifth a cloud appeared on the horizon. Haas reached the initial sack on an error and Clapp bounced one to Johnny Logan who, in his hurry to make a double, threw high to Herbie who was covering second; Fuller made a wonderful leap into the air and caught the ball. However this only postponed the agony for on the next pitch Haas stole third and in attempting to get him Davis threw wild to Logan on third and Haas came across the pan for the only run of the game.

After that run Hawekotte did not give his teammates any chance to make errors but struck out the next three in order.

The fifth was the only time the Simplex had man beyond first base and only once did a Simplexer reach first. That was in the first when Winters slammed one to right for a single.

Hawekotte struck out 10, while Minner retired 13 by the swing and miss system.

The second game of the double bill was short. The Malesables didn't like the kind of decisions the "umps" chose to deal out to them. The decision that broke up the sport came when Reid of the Vulcan close to the line that it was hard to bunt knocked one into right field so tell whether it was four or fair. The "umps" thought it was fair and called it that but the Malesables saw it the other way and immediately "walked off," forfeiting the game to the Vulcans. The score by innings of the first game follows:

R. H. E.
Natco 000 000 0-0 3 3
Simplex 000 010 0-1 1 0

WHERE CAN I FIND RELIEF FROM ITCHING, TERRIFYING ECZEMA?

This Question is Ever on the Lips of the Afflicted.

Eczema, Tetter, Erysipelas, and other terrifying conditions of the skin, are deep-seated blood diseases, and applications of salves, lotions and washes can only afford temporary relief, without reaching the real seat of the trouble. But just because local treatment has done you no good, there is no reason to despair. You simply have not sought the proper treatment, that is within your reach.

You have the experience of others who have suffered as you have to guide you to a prompt riddance of blood and skin diseases. No matter how terrifying the irritation, no mat-

berg, Humphries and Owens.

PIQUA-GIANTS GAME HALTED BY WEATHER

The game Sunday between the Piqua Coca Colas and the Richmond Giants was called in the last half of the third inning on account of rain.

In the first inning Stevenson, the second man up for the visitors, singled and advanced on an error to second and crossed the platter on a two bager by Zimmer. The next two men went out in order.

In the second Shaneneasy got a pass to first but was forced at second and on the next play Kohene advanced to second when a play was made for the man going to first. He crossed the pan on Rehan's bingle. This ended the scoring for the visitors.

In the last of the third Cooper, the local's left fielder, smashed one over the score board for a home run. Day singled and reached second but the game was called at this point on account of the weather.

Women may serve in the naval reserve as telephone switchboard operators, nurses and "voemen" or clerical workers.

RAIN STOPS GAME IN SIXTH INNING

The game between Liberty and Co. K

Militia Team was called in the sixth inning, when the score was tied, 1 to 1. Minner and Haas formed the batteries for Liberty while Hawekotte and Winters acted for the Militiamen. Minner secured a bingle for two bases and the other five hits made by both

sides were singles. When the game was called, Richmond had men on second and third and not outs. The tie will be played off a week from next Sunday.

It's What You Save, Not What You Earn, That Makes Success

ROCKEFELLER and Carnegie became possessors of great wealth because in their youth they were masters in little savings—because they learned to spend less than they earned, and invested their savings.

Fortune is within the grasp of every American who learns the lesson of thrift. Save a part of your earnings every day and become a bond buyer. Teach thrift to your child by example. Inject the spirit of saving and thrift into every boy and we will develop a mighty civilization.

Buy a first mortgage 6% bond safeguarded under the Straus Plan for your boy and let him cash the coupons and re-invest the interest. Then note the influence it will have on his life. It will make him more manly and independent. It will stimulate him with vigor and energy to earn, save, and invest for himself. It will make him a success in life, for the solid foundation of a business career has been laid.

Protected 6% Investments

First mortgage bonds safeguarded under the Straus Plan are investments pure and simple. They do not contain one element of speculation. They are secured by improved real estate in the biggest and most prosperous cities of the United States—land and buildings that produce an income three times the amount necessary to pay the interest on the bonds, discharge a part of the mortgage every year and provide for the upkeep of the property.

These bonds are the favorite investments of thousands of people all over the United States who have invested hundreds of millions of dollars in them for 36 years without loss of a single dollar of interest or principal. They are purchased by banks, insurance companies and trustees of estates because they are absolutely safe and pay 6% as regularly as night follows day.

They can be bought in amounts of \$100, \$500 and \$1000.

It will pay you to learn more about these bonds.

Write Today for Our Book

"6% On Your Savings with Safety." It explains how the Straus Plan has protected investors who have purchased securities from us for thirty-six years without the loss of a dollar. No charge—no obligation on your part. Ask for

VESTA STORAGE BATTERY

The battery condition shown here happens with every other battery but the Vesta. The illustration shows the wooden mats broken down—the plates touching. Short circuits result—the battery is killed.

But this can't happen with the Vesta—the plates are locked apart by Vesta Indestructible Isolators.

The construction and the advantages of these Isolators will be explained to you at any Vesta Service Station. This remarkable invention gives the Vesta doubled life and has placed the Vesta above all other storage batteries.
