

PLAN TO ENROLL MORE DOCTORS IN ARMY CORPS

Dr. S. E. Smith and Dr. Charles Marvel Among Speakers at Meeting.

INDIANAPOLIS, Ind., July 31.—Additional plans for enrolling more Indiana doctors in the Medical Reserve Corps were discussed Tuesday at a joint meeting at the University Club of the Indiana Committee, medical section, Council of National Defense of which Dr. Joseph R. Eastman is chairman, and the medical section, State Council of Defense, of which Dr. Charles P. Emerson is chairman. Governor Goodrich and Michael Foley, chairman of the State Council of Defense, were present.

Governor Goodrich declared that every young doctor in Indiana without dependents who might suffer by his absence should enter the service and he asserted that public opinion should brand as a slacker that doctor who remained at home to reap the harvest through the departure of some more patriotic colleague.

"The boys over there who are giving up their lives in other health are entitled to the best medical attention which the United States can offer," said the Governor. "If any one must suffer, let it be us old folks back home. It is true that in certain communities there is already a dearth of physicians, but we must up with it the best we can. Doctors for the army are needed first."

The Governor humiliated by the poor showing the state had made as regards the number of her doctors enrolled in the Medical Reserve Corps, but he was assured that the classification of physicians now under way would improve the state's standing materially.

Doctors Must Explain.

In classifying the doctors, the number of dependents, financial rating and the needs of the community will be considered, but when the committee finally determine that a doctor should be in the service, it will be up to him to explain why he is holding back when the government is begging for more medical men.

In addition to the Governor, Dr. Eastman, Dr. Emerson and Maj. Stuckard, Dr. S. E. Smith, head of the Eastern Indiana Hospital for the Insane, at Richmond; Dr. A. E. Sterne, of Indianapolis, chairman of the classification committee; Dr. Charles R. Marvel, of Richmond; Dr. W. T. Gott, of Crawfordsville and others spoke.

Dr. Smith asserted his belief in the loyalty of the great body of Indiana physicians and declared that in his opinion, the low rank accorded the state in figures from Washington was due to an error. Dr. Marvel denounced propaganda which, he said, had been circulated among the doctors of the state hinting that the state committee of the Council of National Defense was acting without authority and indicating that more doctors were not needed for military service.

West Manchester, O.

George and Charles Troutwine made a business trip Tuesday to Richmond, Dr. S. P. Carter and family attended Chautauqua Tuesday evening at Arcanum, Mr. and Mrs. Jerry Fager were in Arcanum Friday, Mr. and Mrs. Edgar Fager of Dayton visited last week with his parents, Mr. and Mrs. William Fager, Miss Irene Wolverton returned Friday to her home in Greenville, after a ten days' visit with relatives. PARADE BOMBER IS SENTENCED TO DIE

Thomas J. Mooney.

Thomas J. Mooney, convicted of being a participant in the San Francisco preparedness parade explosion, has been condemned to die on the gallows. The explosion killed several persons. The picture shows Mooney in prison garb.

Doctors Make Important Announcement

They Take the Public In Their Confidence

Reliable physicians believe that broken down nerve tissues need not a bracer but a builder like Phosphates and Iron. To get these essential food tonics to the nerves has long been the big question.

A successful physician says, "Phosphated Iron is an especially adapted discovery that has solved the problem of giving Phosphates and Iron in such a way that the nervous system can actually take hold of it."

Another, an equally important mission of Phosphated Iron is to build up anaemic (thin, weak, watery) blood by charging it with good health-giving Iron.

A leading Doctor says, "Phosphated Iron is the best iron tonic that I have ever prescribed, its results are remarkable.

Strengthening the nerves, building up their starved tissues and recharging weak, watery blood with the great health restoratives, Iron and Phosphates is the mission of Phosphated Iron. You who are nervous, weak, anaemic (lack of iron in the blood) all in, and run down cannot afford to turn down the help that Phosphated Iron offers.

Special—To insure physicians and their patients receiving the genuine Phosphated Iron we have put up in capsules only, so do not allow dealers to substitute pills or tablets, insist on the genuine, in capsules only Conkey Drug Co. and leading druggists everywhere. Adv.

2543—Simplicity and grace are combined in this model. The waist closes at the left side of the vest, under the broad collar. The two-piece skirt is finished with a deep hem and a tuck at knee length. The sleeve may be in wrist or elbow length, with plain or turnback cuff for the wrist length sleeve.

The pattern is cut in six sizes: 34, 36, 38, 40, 42 and 44 inches bust measure. Size 32 requires 5½ yards of 44-inch material. The skirt measures about 2½ yards at the foot.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps.
