**Astounding Statement by Springfield, Ohio Woman**

**Troubled With Dropsy, Indigestion, Nervousness and Improper Assimilation, Her Case Baffled Medical Skill. Read How, Drop by Drop, Hull's Superlative Restored Her to Health.**

I am so thankful for that accidental meeting we had on North Capitol Ave, Indianapolis, about eight years ago, when my health was so wretched and my condition so alarming, for I had taken drugs, not medicine, until I fairly despised everyone who claimed the title of Doctor, and when I was no longer able to keep up I felt that "Hull's Superlative" was the only thing that might reach my trouble for I remembered so well how you stood on the opposite side of the room looking in my face and telling me just what my trouble was, when never a doctor (and I had consulted dozens of them)

came to my ears, of course my limbs were still swollen, in fact my whole body was swollen. I was in the first stages of a severe attack of Dropsy with a weak heart, a very serious case of female trouble, a deranged stomach, a lazy liver and a complete prostration of the inner nerves, from which I had suffered since the birth of my eldest daughter in 1902.

Dr. Hull had told me how the water would pass out of my system, and it truly began in about four weeks, quarts and quarts of water passed from my system, and in less than one week my weight was reduced from 180 pounds to 135 pounds.

My neighbors stood against, "What are you taking, Mrs. Dutton?" "Hull's Superlative." Christmas time came, I was still taking of my first bottle of medicine, and, Oh, the joy of that first bottle of medicine. I kept on taking Hull's Superlative until I had taken the second bottle — more than six

could tell what the trouble was.

When in answer to my telephone call you called me on that last Saturday morning of August, 1908, at my home, 2423 Kenwood Avenue, it seemed a long journey from kitchen to the door to let you in, and after a talk with you I reluctantly gave you that first silver dollar, saying "I want it distinctly understood if this medicine doesn't help me I want my dollar back." I had used Hull's Superlative three weeks when one morning you came to the door with a silver dollar in hand and offered it to me, did I take it? I should say not. I was already feeling stronger and the Superlative was doing its work so surely but slowly I thought, and yet my neighbors were remarking, "What a marvelous change! Who are you doctoring with?"

It was not faith that cured me for when I took the first two drops at noon on that last Saturday of August, 1908, I said to my husband, I imagine this would do me just as much good if I should dump it in the sink and let it go down White River. I took two drops of the Superlative three times a day in a whiglass of water. In just four days all my pain left me, color

months for two dollars. Besides I had always suffered from my earliest womanhood days with a dull misery in the small of my back. This, too, was gone.

Do you wonder I sing the praise of Hull's Superlative? I say most truthfully it was a Godsend to me.

I have never been without it and as long as I live there will always be a bottle of Hull's Superlative in my medicine cabinet and I shall always sing its praise and my prayer shall always be that Dr. Hull may be spared yet many years and that God's richest blessings may be lavished upon him, and his greatest of all medicine, Hull's Superlative.

Will gladly answer any question you may want to ask providing a self-addressed, stamped envelope is enclosed. Most sincerely,

MRS. A. H. DUTTON,
