

HEARD FROM OUR SOLDIERS AND SAILORS

NEWSPAPER HONORS FORMER EMPLOYE KILLED IN FRANCE

The Jacksonville Times-Union carries an account of the death of Corporal John Vernon Goldsberry, an employee of that paper, who was killed in action in France on June 6. Goldsberry formerly made his home in Richmond with his uncle, Edgar E. Brown.

The Times-Union in part says: "Corporal John Vernon Goldsberry, for five years a member of the Times-Union composing room force, was killed in action June 6 in France. Vernon had many friends in Jacksonville who will pay tribute to his memory as one of those who paid the supreme price for the salvation of the world.

"The news that he had been killed was received here yesterday and when it was announced in the composing room of the Times-Union, every member of the staff, while old friends paid tribute to his memory.

"Goldsberry was warranted a corporal on June 1, and six days later met death with the marines who were the road to Paris in the now famous battle of Bourges.

"And this is how Corporal John Vernon Goldsberry, late apprentice boy in the composing room of the Times-Union, died in the defense of democracy."

ROLL OF HONOR

Army casualties issued in two sections Wednesday show: Killed in action, 74; missing in action, 19; wounded severely, 145; died of wounds, 27; wounded, 7. Total, 332.

Marine corps casualties show: Killed in action, 3; died of wounds, 3; wounded in action, 6; missing in action, 10. Total, 32.

Indiana men named are: Sergt. Beal V. Pittenger, Muncie; Grover C. Reid, Evansville; Henry J. Steel, Shelbyville; killed in action. Corp. Frank C. Courtney, Union, died of wounds. Norris Robert Riley, Warren; Arthur John Prohl, Hammond; Jerry Slanksky, North Judson; Henry Glimch, Evansville; Charles Robertson Hill, Crown Point; wounded severely. Arthur Pugh, Winamac, missing in action.

Ohio men listed are: William E. Elderson, Cincinnati (marine corps), killed in action. Sergt. Bryce Briggs, New Holland; Floyd Hamilton, Newark; William Holland, Anna; William Andrew Kuhlman, Reading; Anthony Larch, Cleveland; Henry E. Moorman, Burkettsville; Patrick J. Scabill, Cleveland; wounded severely.

President Wilson has authorized the expenditure of \$125,000 on a laboratory in the bureau of fisheries, which will show how to prepare many kinds of fish for food. That means we will save a lot of meat bills and can buy more War Savings Stamps.

DOCTOR SAID HE HAD CONSUMPTION

Mr. Swazey Explains What Was Done in His Case by Inter-State Doctors.

That many people die of consumption that could have been saved from death and been made well and happy had their cases been properly diagnosed and treated in the beginning is now a well recognized fact. Some are treated for consumption who only have indigestion while others who are really in the first stage of consumption are treated for something else until it is too late.

A good illustration of what can be done in these cases by a scientific examination to find the real underlying cause of the trouble, and then by skilled treatment to remove that cause is furnished in the case of Mr. Swazey, who says:

Muncie, Ind., March 7, 1917.

To the Inter-State Doctors:

Gentlemen: I want to take this means of publishing to the world and especially the afflicted what great good you have done me in so short a time. My case had been pronounced tuberculosis and all hope had been lost. I went to your office February 19, 1917, and after a searching examination, your doctor told me I had bronchitis and a severe case of indigestion. Had been troubled this way for four or five years and tried everything I could hear of, but nothing seemed to do me any good. Doctors advised me to use Cod Liver Oil, but it worked against my disease. I got so bad this winter I could not eat nor sleep and would vomit every time I coughed, and got so weak I couldn't walk a square till I went to the Inter-State Doctors. After the second day after using your treatment I could sleep good and eat hearty. I have now been taking treatment only three weeks, but I feel like a new man and can't say enough for what the Inter-State Doctors have done for me. I advise anyone afflicted to go to them.

Yours truly,

H. P. SWAZEY.

520 S. Blaine Street.

Voluntary testimonials like the above, coming from a heart full of gratitude for his saved life and health with no other object but to guide some other sufferer to reputable, skillful specialists is what has gained for these specialists the confidence of all who know them.

Any sick person is safe in going to the Inter-State Doctors. Their examination and consultation are free, honest and confidential, and if they cannot relieve your suffering they will candidly tell you so and not take one penny of your money.

Doctor Culver, the head physician, will be at the Richmond office every Friday, all day from 9 a. m. to 8 p. m. to render his services to the afflicted. Office over Starr Piano Store, corner Tenth and Main—Adv.

SOLIDER HEARS OF HIS FATHER'S DEATH

A letter has been received from Raymond McNutt by his mother of Fountain City, Ind. He has been in France for several months, and had only recently learned of the death of his father. A portion of the letter follows:

"I have received your letter and the sad news, which I had already received from Opal, but could hardly believe until I heard from you. I had been longing, waiting and hoping to hear from you, thinking that Opal might be mistaken. I took your letter and found a quiet spot where I could be alone, and share the sorrow which I knew was the worst for all of you."

"The bloody Germans will not be able to hold out many months more. The Americans have showed a splendid fighting spirit, and they sure deserve all the credit in the world. The French people think the Americans are the 'whole cheese' and are here for an early finish. We will get paid tomorrow in the French money. Today is Sunday."

"Do not worry about me for I am coming home soon and am feeling all right. I do think it is too awful that I could not be home when Dad passed away and to think that the Kaiser is the fault of all this and many other heartbroken mothers and children."

"I have a little school teacher, 15 years old, and the day I got your letter telling of Dad's death she asked me why I was so sad. I told her, and she jumped up and ran home and told her mother. Then she came back with a fine bouquet and pinned it on my blouse. She is a very pretty little girl. I will try to get her picture and send it home."

The following letter was received recently by Mr. and Mrs. Kate Rentfrow, of Centerville from their son, Walter, who is in France, with an ammunition train.

"I am in the best of health and like it fine—better every day. We are in a great place now; fine country, but nothing to the good old United States. All the boys here seem to like the country and enjoy the life."

"I have not heard from home since July 27, and that was before I started across. I have received one letter from sister Estella, and that was mailed July 1. That is the only mail I have received since I landed here."

"I saw Mr. Stephen's grandson and had a long talk with him."

Like It Better Every Day, Writes Centerville Soldier From France

CLOTHING WANTED FOR DESTITUTE OF OCCUPIED COUNTRY

(By Associated Press)

WASHINGTON, Sept. 18.—Five thousand tons of clothing for the destitute people of occupied Belgium and France is the object of a campaign announced today by the American Red Cross for the week beginning next Monday. The clothing drive of the Red Cross last March brought in 5,000 tons of garments and it is estimated that at least as much more will be required to clothe the ten million people in the occupied territory during the coming winter.

As in the previous campaign the clothing will be collected by the chapters of the Red Cross throughout the United States. Every kind of durable garment, for all ages and both sexes, is urgently needed, but ball room dresses, high heeled slippers, silk hats and straw hats which were donated in large quantities last year are not wanted. In a message asking the Red Cross to undertake the work, Herbert C. Hoover, now in Europe, says millions of men, women and children are facing suffering and disease, some of them death, for lack of clothing this winter.

"In the face of brutal coercion and spiritual suffering, they remain splendidly courageous," Mr. Hoover cabled. "This courage challenges our charity. Let us match the courage of Belgium with the generosity of America."

TWO UNION CITY MEN ARE WOUNDED

WINCHESTER, Sept. 18.—Private James O'Connor of Union City, who was reported missing in action July 24, has been heard from and is in a hospital, according to a letter received from him Monday under date of August 9. He was a member of the 151st Infantry. Private Waldo Hoke, also of Union City, was severely wounded in action July 24, according to a telegram from the War Department received by his mother Sunday. Hoke was with the Field Artillery and left here last October.

Are you one of those who have expressed the wish that you were single again, so that you could "go across"? And were you bluffing, or did you mean it? Well, if you meant it, even though you can't go across, you can "come across." How many War Savings Stamps do you own?

Twelve enter army corps

EATON, O., Sept. 18.—Twelve young men of Eaton who registered Sept. 12 have gone to Miami university at Oxford for the military training course. They are: Robert Ayers, Robert Acton, Donald Kubler, Morris Highland, Clyde Cahill Carl Pitsinger, Raymond Churchill, Clement Pitsinger, Kenneth Miller, Russell Magill Russell Johnson and Howard Miltenberger.

American Soldiers Are Given Wonderful Reception by French

An interesting letter has been received from Corporal Hubert R. Boren of Fountain City, who has been in France for some months: "Here I am again and hope by now you have received word of my safe arrival over here. Our trip ended fine. The weather was good most of the time except one day. I didn't get seasick, nor was I bothered with the U-boats. We are surely seeing lots. So much of which I used to read about and see in pictures, and no doubt we will see much more before we are through."

"Our reception when we landed was wonderful. They surely think a lot of the Yankees over here. I met a sailor from Indianapolis on the transport and he said he was getting a furlough when he got back to the states, and said he would call you by phone. Hope he does as he could tell you all about my trip."

"We do not do very much here except get a good rest. Have to go out on detail once in awhile. Yesterday we took quite a hike out into the country to get some vegetables for our mess, and saw some of the country. Friday we were honored as the president of France was here."

"Several of our old Camp Shelby boys were here in the other companies, also some from Camp Hancock. I was with John Goodrich yesterday."

"The weather here has been fine since we arrived. Just about the same as at home. The nights are quite cool. Today it is trying to rain. I am feeling fine—got more pep than I had in Georgia, and getting away from the terrible sun is surely a relief."

"There isn't much I am allowed to write you so you must be satisfied with these little notes. Perhaps later I can write more. Hope the time will soon come when we can get home mail."

When we buy War Savings Stamps we do not give—we receive.
