

LOOK AT 'IM --- LOOK AT 'IM AGAIN!

There are four of them born every minute.
 Has God blessed you with one of these little fellows?
 Have you ever experienced the real thrill of baby arms around your neck?
 Do you know what it means to get down on all fours and play horsie or dollies with one such as this?
 Were you ever requested to put poor little dolly's arm back on again or fix a wheel on the little red wagon?
 Did you ever kiss away the pain from a little bumped head or wrap up a tiny finger?
 At the end of the day, did you ever have one of these precious little things tenderly crawl up in your lap and snuggle a curly head close up under your chin—weary of play—heave a sigh and go to sleep?
 Is there anything in all this world that is sweeter and closer to you?
 Were you ever permitted to live this "love-life" with one of these sweet innocent babies and then—then have it taken away?

Think for a Moment --- Think---

And Then You Must Know—the feelings of the mothers and daddies, in battle-torn Belgium and France who have been forced to see the slaughtering German soldiers crucify—yes crucify their babies on the walls of their once peaceful, happy homes—or those who have had to stand helplessly aside and see their own babies impaled on bayonets carried over the shoulders of brutish German soldiers marching down the street or have their little girls torn from them to be carried off—enslaved—living a life worse than any death.

These facts will make the cold chills play leap frog up and down your back—but this will be happiness compared to your feelings if Germany wins and invades America and—well—

Wayne County "Must Go Over the Top"
