

CRIME IN STATE MUCH REDUCED BY PROHIBITION

Reduction from 575 to 345
Arrests Shown in Report
From Richmond.

INDIANAPOLIS, Ind., Oct. 29.—Statistics from 43 cities formerly wet, show that crime has been reduced in the state during the first six months of prohibition. These statistics were taken from official city records. They show a reduction in arrests for all causes of 35.3 per cent. of arrests for drunks, 70.6 per cent. Richmond shows a reduction from 575 to 345 arrests, and a reduction from 314 to 77 arrests for drunkenness.

Under license, arrests were not as frequently made in proportion to drunks, as under prohibition, because under license, in most places drunks were not arrested unless they became troublesome, or were past going, while under prohibition, as soon as a person becomes intoxicated, he is at once arrested. As the superintendent of police in Terre Haute says, in explaining the reasons for the arrest of drunks there now almost equal to those of last year:

"During the preceding administration here, the police department was in a demoralized state—this was especially true during the last year of that administration—and I suppose there should have been ten times as many arrests as there were. As to 'drunks' under that administration, a man was not arrested unless he was in such a condition that he could not get home, or he had no friends to take care of him. With the state prohibition law in effect, we pay close attention to drunks, as oftentimes, we are able to get evidence from them which will lead to the conviction of the person or persons who sold the liquor.

Terre Haute is less than fifty miles from a place in Illinois or two places for that matter—where liquor can be obtained, and liquor is, of course, brought into this city both in and out of men's 'hides.' Many men get a drunk on in Illinois and get over here before they can get sober."

Two hundred and fifty English girls of the A. A. C.'s now under royal patronage and known as Queen Mary's army auxiliary corps, are doing clerical work with the American force in France.

Japanese Trade With U. S. Shows Increase

(By Associated Press)
TOKIO, Oct. 29.—Japan's trade with the United States increased during the six months ended June 30. Exports to the United States gained \$30,500,000, and imports \$97,000,000. The increase in exports was accounted for by the large shipments of raw silk, habutae and other staples, while the increase in imports is attributed to increased requirements of cotton, iron and machinery, as a result of the flourishing state of Japan's industries.

SONG COMPOSED BY LOCAL GIRL SANG ON WESTERN FRONT

A song written to the tune of Marching Through Georgia has been composed by Marjorie Morgan of this city and in a letter received from a Wayne county boy he states that the song is very popular with the Wayne county men in France.

Miss Morgan is employed at the court house in the conscription board office. The song follows:

MARCHING TO BERLIN
Uncle Sammy's dashing boys
Will never reach our land.
So that saucy Kaiser said.
To him it sounded grand.
But Uncle Sammy said to us
For that we'll never stand,
We'll go marching to Berlin.

(Chorus.)
Hurrah! Hurrah! We'll sail across
the sea.
Hurrah! Hurrah! To fight for
Liberty.
And when the Huns see that we've
come
They'll turn around and flee.
Then we'll go marching to Berlin.

How the French and British smiled
When they heard that news.
And poor little Belgium said
It drove away her blues.
For Uncle Sammy's fighting men
A war did never lose,
And they'll go marching to Berlin.

(Chorus.)
Everyone joined in the Red Cross
Or bought a Liberty Bond.
Or Thrift Stamps or Savings Stamps
To help the cause along.
All the young men joined the troops
And they're three million strong.
And they'll go marching to Berlin.

(Chorus.)

DRUGGISTS! PLEASE NOTE VICK'S VAPORUB OVERSOLD DUE TO PRESENT EPIDEMIC

Tremendous Demand Last Few Days Has Wiped Out Excess
Stocks That We Had Estimated Would Last Until Next
January. Last Week's Orders Called For One and Three
Quarter Million Jars—Today's Orders Alone Amount to
932,459 Jars.

Big Shipments Are En Route to
Jobbers. Until These Arrive
There May Be a Temporary
Shortage. All Deals Post-
poned—Buy in Small Lots
Only.

RETAILERS CAN GET IMME-
DIATE SHIPMENTS DI-
RECT BY PARCEL POST

This advertisement is written on
Monday, October 21st. It is directed
to the attention of all distributors of
Vick's Vaporub, both wholesale and
retail. In an emergency such as the
present epidemic—our duty—and your
duty—is to distribute Vaporub in the
quickest possible manner to those
sections stricken by influenza. We,
therefore, call your careful attention
to the following:

DANGER OF SHORTAGE IF SUPPLY
IS NOT CONSERVED.

On October 1st we had on hand, at
our factory and in twenty warehouses
scattered over the country, sufficient
VapoRub to last us, we thought, until
January 1st, allowing for a 50% in-
crease over last year's sales, and not
counting our daily output. This big
excess stock had been accumulated
during the summer months.

Then this epidemic of Spanish In-
fluenza hit us—and in the last 10
days this stock has vanished. At
first we thought this tremendous de-
mand would last only a few days, but
the orders have run:

Wed., Oct. 16....18,504 Doz.
Thur., Oct. 17....25,323 Doz.
Fri., Oct. 18....39,256 Doz.
Sat., Oct. 19....45,833 Doz.
Mon., Oct. 21....77,705 Doz.

Up to Saturday, October 19th, we
have actually shipped for this month
\$400,334.10, or over two million jars
of VapoRub.

THE PROBLEM NOW IS TO DIS-
TRIBUTE VAPORUB QUICKLY.

Most of this tremendous quantity
is still en route to the jobbers, but
freight and express are both congested
nowadays, and it may be some time
before this supply reaches the jobbers.
In the meantime, therefore, it is ne-
cessary that we distribute as widely as
possible, the stock that we are manu-
facturing daily, together with that
now on the jobbers' and retailers'
shelves, in order that it may get to
the influenza districts quickly. Our
normal output is about 4,000 dozen per
day. We are putting on a night shift,
but it will be a little while before that
is producing.

WHAT WE ASK THE WHOLESALE
DRUGGISTS TO DO

Last Saturday we notified all of our
jobbers, by Special Delivery, as fol-
lows:
1st—Deals and quantity shipments of
all kinds are cancelled. Fill no
quantity orders of any kind,
whether taken by our salesmen
or by your own. Sell in small
lots only.

THE VICK CHEMICAL COMPANY, Greensboro, N. C.—Adv.

2nd—Order from us in small quan-
tities as possible. If you are out
we will try to ship a limited
amount by Parcel Post or ex-
press, and pay the charges our-
selves.

3rd—in order to make distribution
still quicker, we will ship direct
to your retail customers quan-
tities not more than three (3)
dozen 30c size at any one ship-
ment.

4th—We are now out of the 60c size
and will be for the next 10 days.
WHAT WE ASK THE RETAIL
DRUGGIST TO DO.

Buy in as small quantities as pos-
sible. If you have any quantity or-
ders, given the jobbers' salesmen or
given to our salesmen, don't bother
about them—no need to write us—
it is absolutely impossible to fill these
orders at this time. If the jobbers in
your territory are out of Vick's Vapo-
Rub, we will ship you by Parcel Post,
prepaid, quantities not more than
three (3) dozen 30c size in any one
order. Naturally, we can't open ac-
counts at this time, so your check or
money order for this amount must ac-
company order. Don't write us stat-
ing to ship thru your jobber, as we
then have to wait until we write this
jobber and get his O. K. If you wish
the goods to come thru your jobber,
have him order them for you.

SNOWED UNDER WITH CORRES-
PONDENCE.

Our force has already been "shot to
pieces"—twenty-four of our men are
wearing U.S. Army's khaki—and this
recent rush has simply buried us. All
our sales force has been called in to
help in the office and factory. We
just mention this so you won't hold
it against us if your wires and letters
aren't answered promptly.

SPECIAL BOOKLETS ON SPANISH
INFLUENZA

We will send, on request, to any
retail druggist, 100 or more little book-
lets, just issued, on Spanish Influenza,
giving the latest information about
this disease—its history—the symp-
toms—the treatment, and particularly
the use of Vick's VapoRub as an ex-
ternal application to supplement the
physician's treatment.

NEW WAYS TO USE VAPORUB

In addition to the usual method of
using VapoRub—that is, applied over
the throat and chest and covered with
hot flannel cloths—our customers are
writing us daily telling of their suc-
cess in using VapoRub in other ways,
particularly as a preventive. They
melt a little in a spoon and inhale the
vapors arising, or melt it in a benzoin
steam kettle. Where the steam kettle
is not available, VapoRub can be used
in an ordinary teakettle. Fill the tea-
kettle half full of boiling water, put
in half a teaspoon of VapoRub from
time to time—keep the kettle just
slowly boiling and inhale the steam
arising.

According to a Bulletin just issued
by the Public Health Service, Dr.
Stiles, of this Service, recommends
that the nose be kept greased as a
preventive measure against the In-
fluenza germs. For this purpose Vapo-
Rub is excellent.

ADVICE ON WATCH BUYING

Camouflage—was intended to be used on the Battlefields of France—but it
seems that some watch-makers in order to get their product on the market have
been using all sorts of methods in order to get their product ahead of American
made watches.

This house sells and guarantees only American made watches, and in our line
you'll find such well known makes as the Elgin, Hamilton, Waltham, Illinois,
South Bend and Howard. The name of the manufacturer is on the dial of these
watches and that name is your guarantee—that you are getting the make of
watch you actually want.

Don't be misled by some smooth salesman who says, "This is just as good."
Insist that the name of the manufacturer is on the dial of the watch before you
buy.
