

YANKS PERFORM BRILLIANT FEAT IN TAKING DUN

Will Rank as One of Most Gallant Actions of War—Showed Unusual Daring.

WITH THE AMERICAN FORCES ON THE SEDAN FRONT, Nov. 7.—By the Associated Press.—The crossing of the river Meuse and the capture of the town of Dun by the Americans, when its full details are known, will rank as one of the most gallant feats of the entire operations northwest of Verdun. The troops who accomplished it will be entitled to rank as heroes for their military work in crossing the stream was a strategic feat of unusual daring.

The crossing involved the forcing of a way over the 160-foot river, a half-mile-wide stretch of mud and a sixty-foot canal, in the face of a frightful enemy fire. It also involved swimming by those who knew how and the pulling of others over with ropes. Grappling irons were used to scale the sheer walls of the canal, along which machine gunners had been posted, under the fire of scores of batteries from the hill adjoining.

The order to cross the canal came at mid-afternoon Monday. The troops received their grim instructions under a sun which was shining for the first time in days. The men knew almost as well as their commanders the difficulty of the task and realized how well-nigh impossible its accomplishment would be. Yet they never doubted or hesitated. The orders were to send over one brigade first, and if it failed, to send another and others, one after the other if it became necessary. It was with dash that the Americans tackled the problem. Theoretically they had the choice of crossings anywhere for five miles. Actually they were limited to one point where two-thirds of a mile of mud lay between the river itself and the canal that roughly parallels the river.

Enemy Firmly Entrenched. The Germans were too firmly entrenched at all other spots. They had not protected themselves with trenches as here only because they never dreamed that the Americans would be so daring as to try to negotiate the passage. This was a short distance north of Brielleux.

All the swimmers of the First Brigade were first singled out and put in the van. It was intended to attack in this way so that the swimmers would be less likely to be hit by the Germans owing to the fact that they would be nearly submerged. On the other hand, they could carry with them ropes and other paraphernalia for assisting non-swimmers across. The building of pontoon bridges was put off until at least some American elements had crossed the river.

Adopt Resolution on Death of J. E. White

The Commercial club has adopted a resolution on the death of Attorney James E. White, expressing regret at his loss, and showing appreciation for his work in the community. A part of the resolution reads: "James Elmer White was an unusually energetic, intelligent and active lawyer and took an interest in public affairs. He was much interested in the progress of Richmond, and if his life had been spared he no doubt would have contributed much for the benefit of this community. Personally Mr. White was friendly, and exhibited toward all persons with whom he came in contact a friendly spirit and fair manner of dealing. He was painstaking in all that he did, and it was remarked by the members of the bar with whom he came in contact, that his work showed evidences of careful preparation and thought. Such men are rare in all walks of life and this community has sustained a distinct loss in his death."

WAS A MERE SKELETON FROM LUNG TROUBLE

Gained 28 1/2 pounds in 28 days, and completely recovered health.

"When my health failed a few months ago, several physicians told me I had consumption and refused to take my case—that I might last longer in a higher climate but that it was only a question of time with me. I was soon reduced to a mere skeleton, weighing only 100 pounds, and was hardly able to walk."

"Finally a friend told me that Milks Emulsion had cured him and persuaded me to try it. By the time I had used two bottles, I noticed a decided improvement. I began to grow stronger. In 28 days, I had gained 28 1/2 pounds. I have now taken 23 bottles and am happier than words can tell to think I have regained my health. I am stronger and in better health than I have been in the past 10 years. Milks Emulsion saved my life."—Chas. W. Byers, 201 1/2 Chestnut St., Terre Haute, Ind.

When success has been achieved in hundreds of cases just as hopeless as this, it seems unwise for any victim to deny himself a trial of Milks Emulsion. It can do no harm in any case. And it costs nothing to try. Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to run-down, nervous people, and it has produced amazing results in many cases of tuberculosis of the lungs. Chronic cough, trouble with the bowels, and general weakness—usually in one day. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold and guaranteed by Thielbach, Walte's & Drug Stores.—Adv.

County War Mothers Adopt National Constitution

The Wayne County Chapter of the War Mothers of America adopted their constitution at a meeting Tuesday afternoon in the Commercial club.

The motto adopted by the Wayne County Chapter is as follows: "For God, Our Homes, and Native Land, We Pledge Our Service, Hand in Hand."

The object of the organization is—"To promote, encourage, increase and co-ordinate the war work of mothers, wives, sisters, and daughters of any man or woman who is or has been in active service of the United States of America in the prosecution of the great world war, to make more effective by united action all war work, including food conservation, war financing and war charities, and for the purpose of extending mutual aid, comfort and sympathy while their sons, husbands, brothers and fathers are in active service of the United States of America."

Regarding Members. The organization includes two kinds of members, first, the "Mother of any man or woman who is, or has been in the active service of the United States of America."

GRANDMA NEVER LET HER HAIR GET GRAY

Kept Her Locks Youthful, Dark and Glossy with Common Garden Sage and Sulphur.

When you darken your hair with Sage Tea and Sulphur no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and is not a medicine. It is not intended for the cure, mitigation or prevention of disease.—Adv.

Swift & Company Chicago, Pa. 1918
One of Our 22 Packing Plants in U.S.A.

Unlike Topsy— Swift & Company Has Not "Jest Grown"

Swift & Company, in fifty years of well ordered growth, has become one of the great national services because it has learned to do something for the American people which they needed to have done for them, in the way in which they preferred to have it done.

It has met each successive demand, in the changing conditions of national life, by getting good meat to increasing millions effectively, efficiently, economically, and expeditiously.

The Swift & Company packing plants, refrigerator cars, car routes, branch houses, organization, and personnel of today are the practical solutions, born of practical experience, to the food problems of a half a century.

Because of all of these elements working in correlation and unison, Swift & Company is able to supply more and better meat to more people than would have been possible otherwise, at a net profit per pound of meat so low (a fraction of a cent) that the consumer price is practically unaffected.

Strip away any portion of this vast, smooth-running human machine, and you make a large part of the meat supply uncertain, lose the benefit of half a century of fruitful experience, and scatter the intelligent energies of men who have devoted a life work toward meeting the needs of a nation in one vital field.

The booklet of preceding chapters in this story of the packing industry will be mailed on request to Swift & Company, Union Stock Yards, Chicago, Illinois.

The knitting committee reported that 750 pairs of socks had been given to the Red Cross and 20 pairs had been sent to the boys who are on the battleship Indiana.

The Mothers are going to remember the boys that are overseas and in the camps at home from Wayne county in some way at Christmas.

Mrs. A. W. Roach, county War Mother, said that it was important that the visiting committees be appointed immediately.

Mrs. M. P. Beal of Newcastle, War Mother of Henry county was present and made a short talk.

Officers will be elected at the December meeting. They should have been elected in November according to the constitution, but it was thought better to wait until December as all

RED BLOODED MEN FIGHTERS

THEY RULE THE WORLD

Red blooded men are born leaders in every walk of life and fight intelligently with both brain and muscles. They know better, they live wiser, smiling and full of ginger; keen, alert on their toes and ready for anything that comes their way. Work is a pleasure and they land on top every time.

You will not find a strong successful man or woman trying to plug along with poor health or weak nerves. They know better, they live wiser, smiling and full of ginger; keen, alert on their toes and ready for anything that comes their way.

A leading doctor says, "Show me a strong healthy successful man or woman and you can bank on it every time, their bodies are just loaded with Iron and Phosphates." Another prominent physician says, "There is no need of anyone going through life sickly, miserable, played out, fagged and nervous when Phosphated Iron will always put energy and vigor in the body, mind and nerves." This same doctor also said, "With the system loaded with Phosphated Iron you can fight life's battle at any stage of the game and be a winner at every turn."

Mr. Run Down man or woman in any stage of life, if you feel all in, your nerves are all shot, and life seems like one continual drag and drudgery from day to day, get next to yourself, wake up, take a brace. Lay in a supply of Phosphated Iron and take a new lease on life. You will once again feel like a live one and face the world with the smile that wins. Are you game?

To insure physicians and their patients receiving the genuine Phosphated Iron, it has been put up in capsules only, so do not allow dealers to give you tablets or pills. Insist on capsules.

KING SOLOMON MEETING

King Solomon Chapter No. 4 is notified of an inspection Monday afternoon, Nov. 11 which will begin at 4:30 o'clock. John Glendening, state inspector will be present. Luncheon will be served at 6:30 o'clock.

CATARRAL DEAFNESS AND HEAD NOISES

TELLS SAFE AND SIMPLE WAY TO TREAT AND RELIEVE AT HOME.

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Parnint (Double Strength). Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dullness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing, and mucous dropping in the back of the throat are other symptoms which suggest the presence of catarrh, and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment.—Adv.

ARRESTED FOR THEFT. EATON, O. Nov. 7.—Charged with stealing a suitcase containing clothing and other articles, Lawrence Miller, 32, was arrested Wednesday afternoon and placed in jail. His home is in Cincinnati. The alleged stolen property belonged to Harry C. Robinson, local miller, and was taken from his room at the Central hotel, according to the police. The property was recovered.

No Camouflage About Our WATCHES

Each and every watch we sell bears the name of the manufacturer who makes the watch. If it is an Elgin, the name Elgin is on the Dial. If it is a Waltham, the name Waltham is on the Dial. This is your safeguard against being imposed upon by firms who handle Swiss watches under high sounding names.

Our stock of reliable watches is at its best at this time and we will be pleased to show you our stock and quote you prices.
