

BRINGING UP FATHER

GREAT LAKES WINS FROM MARE ISLAND

PASADENA, Cal., Jan. 2.—The Great Lakes Naval Training Station football team Wednesday won the right to claim the service championship of the United States by defeating, 17 to 0, a team representing the Mare Island marines. Both teams had gone through long seasons undefeated until today, having won elimination contests in the East and West, respectively.

The game, a feature of the annual rose tournament, was played at the tournament park before 22,000 persons. Soldiers and sailors, with a plentiful sprinkling of marines, occupied stands at the ends of the field as guests of the tournament association, and their yells and songs blended with the blare of two bands and the shouts of the thousands in the other stands.

The weather was ideal, being cool, with a light breeze.

U. S. Moving Million Tons Month When War Ended

NEW YORK, Jan. 2.—Col. W. J. Wilgus, creator of one of the greatest railroad transportation organizations in the world—that of the American Expeditionary Force in France—returned to America today, arriving on the French steamship *Espana*. Since May, 1917, he has headed the American Railroad Transportation Corps, with headquarters in Paris and Tours, receiving and dispatching troops and supplies and superintending the American-built port, Bassens, on River Gironde.

"We were handling 35,000 tons of material a day when the armistice was signed," said Col. Wilgus, once a vice President of the New York Central railroad. "This was an average of 1,000,000 tons a month."

Boy Writes Wilson for Return of Soldier Father

By Associated Press

INDIANAPOLIS, Jan. 2.—"Please and my daddy home," was the plea addressed today to President Wilson in Paris by Maxwel Farrabee, aged 10, following the death of his mother, Mrs. Bessie Farrabee, of pneumonia. The boy also wrote to his father, Sergeant Arch Farrabee, of the quartermaster's department at Bordeaux, France, telling him of Mrs. Farrabee's death.

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Easily prepared, and saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, and a remedy which is easily prepared at home, is just a few minutes. It's cheap, but for prompt results it beats anything else you've tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2½ ounces of Pinex in a pint bottle, then fill up with plain granulated sugar syrup. Or use plain molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is nothing better than Pinex. It has an antiseptic. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, whooping cough, and asthma. Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

To avoid disappointment ask your druggist for 2½ ounces of Pinex with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

China to Ask Return of Instruments Looted by Hans

SAN FRANCISCO, Cal., Jan. 2.—The return of priceless ancient bronze astronomical instruments stolen from the Chinese imperial observatory by German troops during the Boxer uprising is to be asked by the Chinese government at the Versailles peace conference, Dr. W. W. Willoughby, advisor, of that government, announced today.

Sport Snap Shots

BY JACK KEENE.

Most of the champion billiard players, as usual, retained their title in the season of 1918.

On January 4 Frank Taberski beat Ralph Greenleaf of Monmouth, Ill., in pocket billiards, by a score of 450 to 355, thereby retaining the title. Greenleaf beat Joe Concannon recently in Brooklyn.

An interesting part of this match was that Concannon was leading up to the last block by twelve points, when Greenleaf made a spurt and won, 1,000 to 934.

Willie Hoppe ran twenty-five in three-cushion billiards in San Francisco on January 8.

Alfred De Oro retained his three-cushion title by beating Charles Orlis of Brooklyn at Havana on January 13, 150 to 149, only to lose it to Augie Kieckhefer on February 8 at Chicago, 150 to 120. On February 21, Kieckhefer won the American Billiard Players' Ambulance Fund three-cushion tourney at Chicago, with ten games won and three lost.

On March 8, Corwin Huston of Detroit won the class A national amateur title, with five games won and Chicago, Charles Heddon of Michigan City, Charles Heddon of Michigan and Eugene Milburn of Detroit tied for second, with four won and two lost.

Augie Kieckhefer played five more matches after he had won the world's three-cushion title from Alfred De Oro. On March 15 he beat Bob Cannefax at Chicago, 150 to 142. April 19 he defeated Pierre Maupome at Chicago, 150 to 145.

On September 28 he beat Charles Orlis at Chicago, 150 to 123. On November 8 he beat Charles McCourt at Chicago, 150 to 83, and set a world's record of 132 innings. Again on November 22, he defeated Bob Cannefax

AMERICANIZATION URGED BY GOVERNOR

LANSING, Mich., Jan. 2.—Early ratification of the federal prohibition amendment and enactment of a law requiring that all courses in Michigan schools be conducted in English up to the eighth grade, were urged upon the legislature today by Governor Albert E. Sleeper, in his second inaugural address to that body.

The governor also urged that any defects in the state's present prohibition laws be promptly remedied. Concerning the state's educational system he said:

"Instead of encouraging the foreigner who comes to our state to retain his native language and traditions, we should exert every influence to impress upon him the high ideals of American citizenship. No school child in Michigan should receive his educational training in any foreign language."

An amendment to the present state primary laws, which would prevent a candidate from seeking nomination to an office on more than one ticket, also was recommended by Governor Sleeper.

He also recommended enactment of a budget law under which requests for appropriations would be carefully scrutinized and consolidated before being presented to the legislature; laws to make uniform accounting compulsory, and laws to place the state's purchasing with a centralized body or agency.

Construction of more improved highways was recommended by the governor, who termed such enterprises "one of the best investments the state can make."

In recommending continuance of the recently created state police force, which took the place of the National Guard when the latter organization was taken into the federal service, Governor Sleeper paid a tribute to the part Michigan boys have played in the war. He concluded with an earnest appeal to every citizen to help in obtaining suitable employment for returning soldiers.

Watertown, Mass., claims the distinction of having the oldest, as well as the strongest golf club in America.

It is known as the Midiron club, and its course is laid out on a private lawn. The course measures but 179 yards, and has five holes, which are spaced off and named as follows: Architect's Angle, 123 feet; Junkpile, 68 feet; The Cottonfield, 39 feet; Barrister's Bag, 34 feet, and Akron, 65 feet. The cups are made of old tomato cans and the trophy is a can bearing a brass name plate.

The record for the course is 23, and the hazards consist chiefly of hedges and children.

This strange club has been six members,

all of whom live in an apartment house, which serves as the club-house, and which adjoins the lawn, which serves as the course.

Ship Passenger Service Is to Be Resumed

NEW YORK, Jan. 2.—Passenger service, interrupted by the war, will be resumed between New York and Antwerp late this month by the Red Star Line, it was announced today by the International Mercantile Marine company. The company is awaiting only the release of its vessels, Lapland, Finland, Zealand and Kroonland, by the British and United States government. Meanwhile chartered ships will take care of the freight traffic.

On The Screen

IRON

"Nuxated Iron helps put astonishing strength and energy into the veins of men and women, and gives relief to the aches of pain, nervous, run-down women," says Dr. James J. Sullivan, M.D., a well-known physician of the Bellevue Hospital (Outpatient Dept.) N. Y. and Westchester County Hospital.

He prescribes it regularly in cases of debility, neuritis, anæmia, rheumatism, loss of strength and endurance. There is nothing like organic iron—Nuxated Iron—to quickly enrich the blood, make beautiful, healthy, strong, strong, vigorous, men and women.

Relief guaranteed or money

scenes in the production were taken. In the afternoon the Goldwyn star and her company made some scenes aboard a yacht anchored off Montauk Point and were given a scare when a naval seaplane swooped down and grazed the vessel.

The real program of fun and frolic began shortly after the scenes were photographed. The players remained in their "movie" finery and danced and sang until long after the midnight hour. Miss Kennedy delighted those about her with a clever exhibition of modern solo dancing.

The ballroom scenes will prove a distinct novelty to all who see "The Kingdom of Youth" at the Washington theatre last night today.

MURRAY

"The Inn of the Blue Moon," an original story by Louis Joseph Vance with Doris Kenyon starring in a dual role, will be the photoplay attraction at the Murray theatre on Thursday and Friday and Saturday. It is a fascinating love tale, full of complications, surprises and highly dramatic incidents, with many remarkably beautiful outdoor scenes.

"The Ragging of the Rag of Rags" with Walter Wills at the piano is one of the uproariously funny hits of "Chin Chin." Instead of being on the wane, as a few prejudiced persons would like to believe, ragtime is steadily increasing from year to year. Ragtime will always be popular—anywhere, everywhere—except, perhaps, at a funeral.

Good ragtime music has become a standard article, and if the matter were put to a popular vote it would far outrank classical music by mere

force of numbers, because nine-tenths of the people prefer ragtime and popular music.

This delightful and tuneful musical comedy with Walter Wills and Roy Binder in the leading roles is scheduled to appear at the Murray Jan 7.

By McManus

MURRETTE
It may be a perfect day for the Lee Kinds, but there's nothing perfect about it so far as the grown-ups are concerned. Nothing short of modern warfare with skyrockets and fire crackers as ammunition content Jane and Katherine Lee in "Tell It to the Marines." Their perfect day consists in scaring a butler nearly to death. Daddy has guests, and the children see to it that they are well drenched with water before they leave. Then the two young rascals have a wild ride in an automobile to complete the day's fun.

Roscoe Arbuckle "Fatty" will be seen today, Friday and Saturday at the Murrette in his new and latest comedy "The Cook." The picture abounds in comedy situations, and is said to be the best picture Arbuckle has ever made. Jane and Katherine Lee in "Tell That to the Marines," are also on the program.

NEW BILL AT MURRAY.
A new vaudeville bill consisting of McCarthy and Lovering, a classier sister team, Tai Ling Sing, Chinese violinist, Brown and Jackson eccentric comedians will open today at the Murray for the last half. Doris Kenyon in "The Inn of the Blue Moon" is the screen attraction.

Look out for Spanish Influenza.
