

NEW AMENDMENT PROVIDES BONUS FOR FIGHTERS

Enlisted Men to Get \$50, Officers \$200 Upon Discharge From Navy.

WASHINGTON, Feb. 1.—An amendment to the war revenue bill, providing for the payment of a bonus of \$50 to enlisted men and nurses and \$200 to officers of the army, navy and marine corps, upon their discharge from service, has been agreed upon by the senate and house conferees.

Demand in the house for a separate vote on the senate Child Labor amendment and the provision prohibiting importation of liquor into the District of Columbia for beverage purposes was withdrawn today, insuring the retention of these amendments in the final draft of the bill.

Under the conference agreement the bonus would be given to enlisted men, nurses and officers already mustered out as well as those yet to be discharged, regardless of whether service was at home or overseas. Field clerks and others attached to the fighting forces would share in the payments.

DIRECTORS MEETING AT NOON.

The Directors meeting of the Richmond Commercial Club will be held Monday noon at 12 o'clock at the Y. M. C. A. instead of Monday evening.

COPIES OF GARNISHEE BILL.

Secretary Ullman of the Commercial Club said Saturday that he will have a copy of the Garnishee bill in his office Monday. This bill will be of particular interest to the merchants of the city.

ODD TEA GOWN OF BROWN AND YELLOW

The chiffon frock is still popular for afternoon wear. Here is an odd color combination in a tea gown which will attract the artistic woman. A rich shade of brown chiffon veils a canary yellow. Bell sleeves, a tunic, and a plain bodice are featured. The hat is a stunning model of tete de negre straw faced in the same shade of chiffon with sprays of wheat for trimming.

HOTEL SUES MILLIONAIRE FOR BOARD BILL

Piquant revelations on the woes of the wealthy will be made in court when the suit of the California Hotel Company, representing the Hotel Maryland of Pasadena, against Mr. and Mrs. Jack Cudahy comes to trial. The hotel is suing for \$10,000 alleged unpaid board bill. The photograph shows Mrs. Cudahy and her three beautiful daughters, Anne, Edna and Marie.

POLAND-CHINA HOGS FIND READY SALE AT WOOD ELIASON FARM

By WILLIAM R. SANBORN

Wood Eliason of the Pearl-Wood stock farm isn't at all superstitious. Not he. In fact Mr. Eliason picked out Friday, January 31, weeks ago. He not only selected a Friday but also a peach of a winter day for his Big Type Poland-China—the lucky hog.

Hundreds of our readers are acquainted with Mr. Eliason, who is looked upon as a promising youngster, to say the least, and a man with a present as well as a future in Poland-China circles. After reading the sign on his stock barn, "Pearl-Wood Stock Farm," and learning why the place was so named, we are inclined to admit that he is not only a Poland-China hog enthusiast, but also a gentleman and a scholar.

You see Mrs. Eliason is named Pearl, and he gives her name preference. His wife comes first, as is proper, hence the symbol, "Pearl-Wood" as a trade name upon which to build success.

It's dollars to doughnuts that many of those who have traded with him, and more particularly those who have shared the hospitality of his home, have taken the writer's view of this combination name—also its significance.

But, as Laura Jean Libby would say, we digress. Our idea was to tell of the sale, the prices paid, and of who were present to carry off the goods; so we will have to begin all over again.

A Small but Good Sale. The size of a sale does not always indicate the quality of the offerings. In his catalog Mr. Eliason frankly states that "What we lack in numbers we have tried to make up in better hogs." And it is "better" hogs that breeders and progressive farmers are seeking, of course. But 28 head of Pearl-Wood hogs were catalogued and sold, after which eight head owned by Ott Crowner, of Milton, Ind., were disposed of.

The entire sale was devoted to sows and gilts, though King Prospect 266-915, was led into the ring to be admired as head of the herd. King Prospect is a little three-year old of about 960 pounds and hails from Vilisca, Iowa, a town with a Poland-China reputation.

Wonder Lady 624,292, a three-year old was No. 1 in the catalog and first to sell. She was bred on the farm and brought \$95. Will Dorgan of Wayne county was the purchaser. Mr. Dorgan also purchased Lady Model, a two-year old, at \$92.50; Kings Maid at \$50, and two gilts at \$32 and \$30.

J. A. Martin, of Carrollton, Ga., secured two of the Eliason gilts and one selection from the Crownover lot. A correspondent of a swine journal represented Mr. Martin.

Walter B. Fulghum, of Richmond, always carries his rabbit foot when attending hog sales. No, he didn't say so, but we take it for granted. At any rate he picked up four good ones by bidding the highest dollar on Friday, beginning with Miss La Harpe, a yearling at \$105.

Perry Crum, of Richmond, made a second purchase, Miller's Lady, a shapely animal in her fourth year, cost Mr. Miller \$102.50.

Enos Eikenberry, of West Alexandria, O., was early on the ground. He

not only made purchases at the sale, but also picked up six gilts which were not cataloged for sale, on private terms, an hour before the sale opened. His brother, Frank M. Eikenberry, of Eaton, was with him and was also a bidder in the pavilion. These gentlemen came with a truck and took it home loaded with choice young stock.

Charles Mansho, of Greenfield, Ind., paid \$35 for Lady Big Bone, and \$105 for another sow that looked good to him. R. Schendler, of Richmond, paid an even \$100 for Miss La Harpe II; and Lester Lafuze, of Liberty, secured Orange Maid at \$125. W. H. Lant, of Newburg, Ind., paid \$140 for a fall gilt. Thos. Duncan, of Indianapolis, didn't have to go quite so high, his fall gilt costing him but \$82.50.

Numerous Buyers Present. Among the buyers not yet enumerated we noted C. W. Gausley of Canton, O.; J. F. Davidson of Centerville, S. E. Dillman, of Eaton, Clarence Crum, of Centerville and Frank Townsend, of Richmond. A large number of bidders failed to go high enough to get their names on the clerk's roll of honor and as but 34 hogs were sold the number of purchasers were few.

The refreshing lunch given at the Eliason sale was served by Mrs. Eliason and a few friends, who were happy to assist. No charge was made, and all comers were welcome to partake.

Col. Thos. Conliff and Dempsey Dennis were auctioneers and H. J. Hanes clerk of the sale; all three being Richmond men, well known locally and in sales circles. The sale netted \$2,715.

The sale season will presently reach its climax and those interested will do well to consult the Palladium Farm Sale Bulletin, and note additions and changes, from day to day.

CHILD'S BODY FOUND.

OXFORD, O., Feb. 1.—The body of a male infant, wrapped in newspaper, was yesterday found alongside the railway tracks south of town. There is no clue to the identity of the child or its parents. The coroner is of the opinion that the child was dropped from a passing train.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

ORDER RESCINDING FOOD REGULATIONS

Food regulations restricting the purchases of supplies to a sixty day requirement, limiting amounts on hand to such amount and requiring sales on the basis of a reasonable profit over original purchase price, are rescinded on practically all commodities. It was announced today by the United States Food administration that such limitations apply hereafter only to cottonseed and its products.

This is one of the most significant announcements to the retail trade, inasmuch as it permits of unlimited buying, and sales based upon replacement values, or current market prices, rather than upon their cost to the dealer. In this connection further, Dr. Harry E. Barnard, federal food administrator for Indiana, today authorized the following:

President Wilson has signed a proclamation effective February 1, removing the requirement of licenses under the food control act on a large number of cases and repealing regulations governing those whose licenses have been cancelled. The following only now remain under license:

Importers and distributors of wheat, corn, oats, rye, barley, also elevators or warehouses storing wheat, corn, oats, rye, barley, rice, importers, manufacturers and distributors of fresh, canned or cured beef, pork or mutton, cottonseed, cottonseed products, lard, butter, eggs, sugar importers and manufacturers of rice, rice flour, wheat flour and wheat mill feeds, also cold storage warehouse men. Licenses and all regulations are cancelled in case of following: All persons, firms, corporations or associations heretofore required to be licensed whose licenses have not already been cancelled engaged in the business of importing, manufacturing, including milling, mixing or packing, or distributing oatmeal, rolled oats, oat flour, corn grits, corn meal, hominy, corn flour, starch from corn, corn syrup, glucose or raw corn flakes, rye flour, barley flour, milk, cheese, neiber, or other cereal beverages, malt corn, palm kernels, peanuts, oleomargarine or butter substitutes, lard substitutes except cottonseed products, all animal or vegetable fats or oils except butter, lard and cottonseed oil. Also all salt water fishermen. The provisions of the food control act are still in full force and effect.

SIMPLEX DENIES PLAN TO LEAVE RICHMOND

"At the present time we have no idea of leaving Richmond," said an official of the Simplex Tool company Saturday.

A rumor has been current that the company was preparing to leave Richmond. During the period of the war it was doing 100 per cent war work.

BILLS MAY BE INSPECTED.

A bulletin of measures before the house and senate of the state legislature comes to the secretary of the Commercial club each morning and any one who wishes to do so is free to come to the office for inspection of the bill.

A great increase in the rat population in England is thought to be due largely to the decrease in the number of dogs.

Richmond Business College News Notes

Several of the students of the Office Training Department, who have been on temporary positions, have returned to complete their courses.

C. E. Denny, formerly principal of the Commercial Department is traveling for the Remington Typewriter company.

Miss Marie Schobin, who is now located in Indianapolis, was a caller at the office a few days ago.

Miss Martha Plummer, assistant in the Stenographic Department, spent last week end with Miss Gladys Swain a former student, who is now teaching shorthand in the Central Business college, of Indianapolis, Ind.

Miss Bessie Meadows has accepted a position at stenographer at the Richmond Home Telephone company.

Miss Ina Mulvihill has accepted a position as stenographer at the Star Piano company.

Misses Helen Largen, Mary Reese and Elizabeth Shroyer are working temporarily in the sales department of the Swayne-Robinson company.

Miss Opal Hodgins, who has been assisting Cosler's expert tax collectors, has accepted a permanent position with them. She will be permanently located in Indianapolis, Ind.

Miss Dorothy Stanford, principal of the Stenographic department, is spending the week end with her parents at Tipton, Ind.

REPORT MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry; Avoid Exposure and Eat Less Meat.

Slay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water, and above all, take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism, get from any pharmacy about four ounces of Jad Salts put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well. —Adv.

WHY LAXCARIN IS A VITAL NECESSITY FOR THOSE SUFFERING FROM INDIGESTION, LA GRIFFE COLDS, INFLUENZA, NERVOUS PROSTRATION, A GENERAL RUNDOWN CONDITION.

LAXCARIN is a vital necessity for those who suffer from these diseases, because it is a preparation that will help Mother Nature to perform its duties, because it will clean the intestinal tracts, eliminate the malignant poisons and thereby prevent blood poisoning.

You cannot possibly live—and live long—if your bowels do not perform their natural functions. One of the greatest curses which have been cast upon the human being is constipation.

Whether constipation is the result of neglect during childhood, or whether it is hereditary—it must be remedied. The sooner the better. Constipation must be done away with all price.

Lucky is the man who has never felt the ill effects of irregular bowel movement. He does not know what it is to wake up in the morning with the same tired feeling felt before going to bed the night before. Headache early in the morning does not bother him. He does not feel that terrible feeling which is caused by a

coated tongue. His appetite is such that he can eat a whole calf early in the morning. His ambition is boundless—and work appeals to him. He is full of life—energy—of a desire to live.

But what about the man or woman who is afflicted with constipation or stomach trouble? Life is not worth a two cent piece to those. It is the same continuous drudgery—the monotony of the everyday suffering. As if a great stone would be tied to their back, which must be borne along continually. From early morning to late at bed time. Nothing but a desire to end that wretched existence.

Take for instance the man who is suffering from indigestion and irregular bowel movement. He does not spring out of the bed as vigorously as the man who is healthy. He has a tired feeling early in the morning. He has a headache. His tongue is coated.

He has a disgusting taste in his mouth. No desire to start the day—or to live through it. He barely touches breakfast. Work is not worth to him—it is drudgery. It does not

matter what kind of work he is doing. No energy—not an ounce of ambition.

Why do you suffer? Is it worth while? The LAXCARIN PRODUCTS CO. is placing on the market a preparation which is guaranteed to move your bowels. Why not take a chance? Even if you have taken a chance before. If you suffer daily backaches, sick headaches, dizzy spells and annoying stomach and bowel irregularities you naturally seek a remedy that will give freedom from these discomforts—a remedy that is what it is claimed to be.

Act today. And be another man tomorrow. Your health should be your very first consideration. Money is nothing. Send one dollar today and receive by return mail a box of LAXCARIN. Then tell your friends about the change which has taken place in your life.

LAXCARIN is a pure preparation. It will not hurt even the baby. It may be used with absolute confidence by old people. It is good for middle aged folks. Trial will convince you.

LAXCARIN IS SOLD SOLELY BY THE
