

## PEACE CONGRESS MAY BE REMOVED TO NEUTRAL CITY

Obstructive Policy of French Press Hampers Work of Conference, Delegates Say.

(By Associated Press)

PARIS, Feb. 11.—The question of moving the peace conference from Paris to a neutral country may be considered by the conference, if what is characterized as the obstructive policy of the French press and certain French officials continues, it has developed.

Representatives of various other powers taking part in the peace conference, it is declared, believe that the work of the body is being hampered greatly through unfriendly criticism by the French press of various leaders in the conference. They are represented, therefore, as inclined to consider the removal of the conference, if the hostile attitude of the French press is maintained.

Should it be deemed necessary to take up the matter it would be considered at a full meeting of the peace conference.

### Easy to Make This Pine Cough Remedy

Thousands of families swear by its promptness, its inexpensiveness, and saves about \$2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that it contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrup are combinations of pine and sugar. The sugar part is usually plain granulated sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. You can use clarified molasses, honey, or corn syrup instead of sugar. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, or it may be wet, or it may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

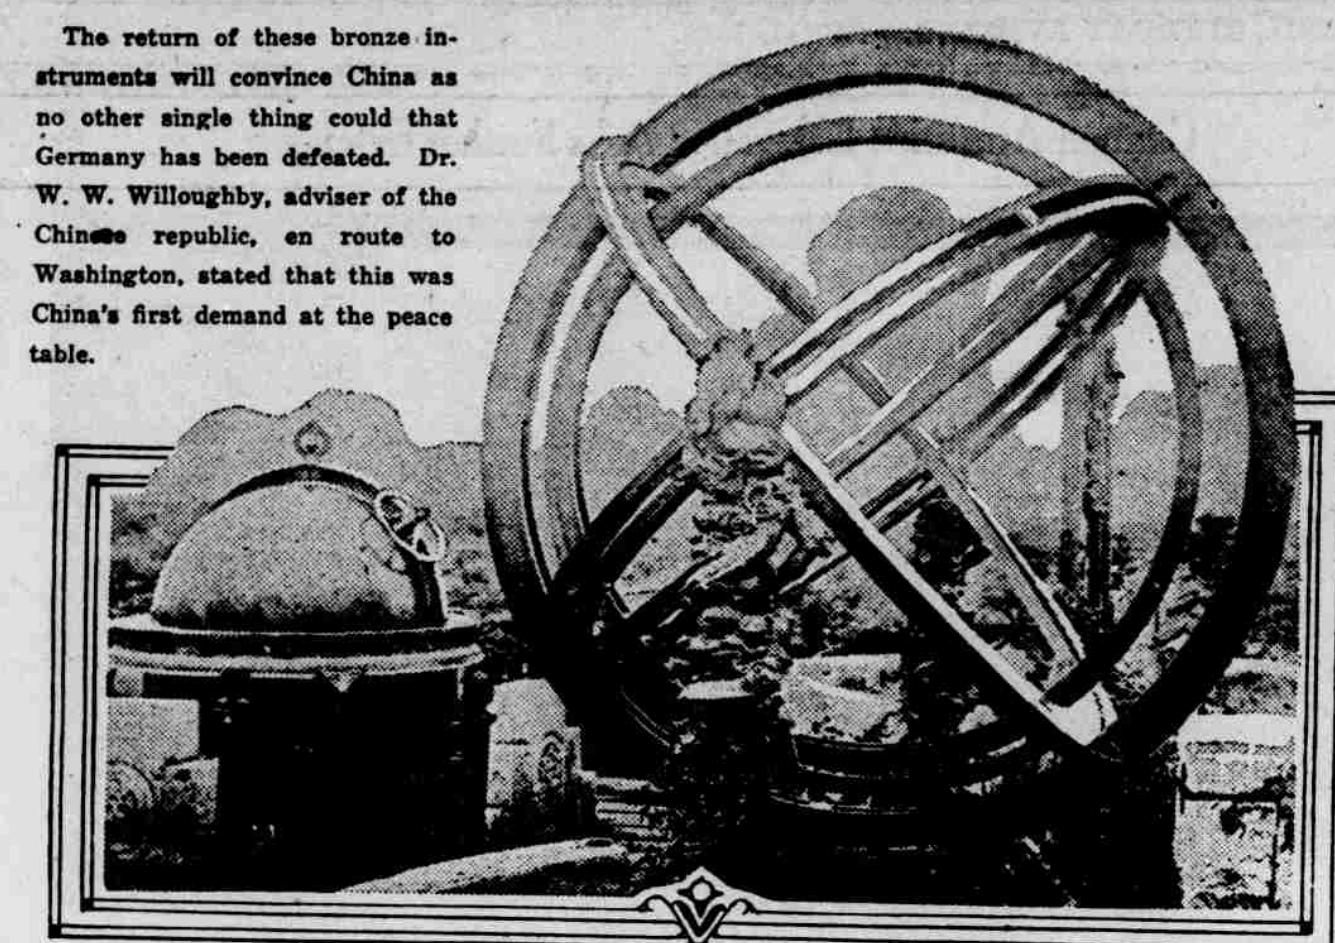

Pinex is a high concentrated compound of genuine Northern pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded.

### SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at Once When Back Hurts or Bladder Disorders. —Meat Forms Uric Acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggish filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders, come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

## The Welfare Loan Movement

The Welfare Loan Society has a three-fold aim.

**First:**—To assist the deserving when in financial need; in case of sickness to re-establish a good credit standing when the borrower is overburdened with debts and at the same time it encourages the spirit of thrift and economy. It supplies ready money when that money is urgently needed and it is returnable on an easy weekly payment plan.

**Second:**—To encourage the thrift habit in the public and to sell Welfare Savings Bonds of the society on easy weekly payments. Thus the aim of the society is to convert the borrower into a money-saving investor.

**Third:**—To co-operate with the home merchants and professional men to eliminate their over-due accounts and thereby place their business on a better financial basis.

Each Welfare Loan Society is managed by a local board of directors and a manager, who has charge of the business of the society. These men are selected from the ranks of the public spirited, enterprising and progressive farmers, business and professional men who are in close and sympathetic touch with the people of the community.
