

ONLY REGULARS WILL BE ABROAD AFTER JULY 1ST

New Plan for Return of
Troops is Announced by
General March.

WASHINGTON, Feb. 27.—General Pershing notified the War Department today that "Divisions now in the American expeditionary forces, excepting those with regular army designations," would be returned to the United States in the order of arrival in France. This was interpreted as meaning that all divisions, except the First, Second, Third, Fourth, Fifth, Sixth and Seventh, would be returned as shipping was available.

Combat troops not assigned to divisions will be returned in the order in which their services can be spared, and a similar policy has been adopted regarding service of supply troops, except that, as far as possible, these also will be returned in the order of arrival in France.

37th included.

General Pershing said he estimated the movement of troops, based on tonnage available, as follows: March, 212,000; April, 221,000; May, 248,000; June, 207,000.

The general said that on these estimates divisions would be returned in the following order:

March, Twenty-seventh, Thirtieth, Eighty-fifth, Thirty-seventh and Ninety-first; April, Twenty-sixth, Eighty-third, Eighty-second, Thirty-fifth and Forty-second; May, Thirty-second, Twenty-eighth, Thirty-third, Eighty-first and Seventy-eighth; June, Eighty-ninth, Ninetieth, Twenty-ninth.

WINCHESTER.—The Star grocery stock was sold Monday to W. J. Williams for \$600. It is not known yet whether he will continue grocery at the same place or will combine the stock with his South Side grocery. The store was the property of the estate of Grant Gilmore who was killed by a traction car near here three weeks ago.

The funeral of Mrs. Frank Murphy who died of uremic poisoning was held from the family home near Snow Hill Monday. She was twenty years of age.

Mrs. Ella Mann, 69, mother of Mrs. Ernest Clark of this city was buried at Spartansburg, Sunday, the Rev. Scott officiating. She was a pioneer of Greensboro township.

County Superintendent Driver is at Chicago this week attending the National Educational Association. He will address the association on Rural Schools. He is president of the State Supervisors and Inspectors of Rural schools.

The White River Township Farmers' Institute will be held here Thursday and Friday. The meeting will be welcomed by Judge Theodore Shockney. The speakers will be E. C. Mardine, Mrs. Bert Lacey, A. L. Hodgeson and E. W. Hill. There will also be prizes given for the first, second and third best ten ears of corn exhibited. The girls of the rural schools will enter a contest in the patching of aprons. First prize will be a free trip to the Purdue Short Course and second \$5 in cash.

William Clark, 75 years old, of Lynn, was brought to the county jail by Sheriff Davison Saturday. He is of unsound mind.

G. W. Hiatt has been appointed guardian of Sarah Kennedy and has filed his bond in the sum of \$2,000.

Robert Fogie has been granted a divorce from Grace Fogie.

Real Estate Deed Forty Years Old Is Recorded

All records for a transfer of real estate without record were smashed a short time ago, when a deed came in which was forty years old and had never been recorded, says County Auditor Howard Brooks.

Because of approaching valuation for taxes, business in transfers of property have been very brisk the last few weeks. But Wednesday Brooks went to look up a transfer and couldn't find it under the name of the man who owned the property. Upon inquiry he found that there had been two transfers of the property before the present one, and neither was recorded.

RECORD SALES FOR COMING CONCERTS

Record sales are reported for the Aida and Lazar-Ganz concerts. By noon today more seats had been sold and reserved for each concert than had been recorded at any previous concert in the history of Richmond. Although former May Festivals have brought large seat sales, these concerts are proving even more popular, it is said.

A number of people who have season tickets have not yet reserved them, and they are urgently requested to do so before Friday morning when the single concert tickets will go on sale. There are still desirable seats to be had, but they are rapidly selling.

Madame Frances Aida, who will appear in the first of the two concerts next Wednesday evening, is under the same management as Galli-Curci, and John McCormack. She is one of the most versatile sopranos now appearing before the public. During the past year Madame Aida sang at numerous charity as well as paid concerts.

"And speaking of 'doing her bit' during the war," said an eastern critic recently, "I am reminded of the occasion when the late Theodore Roosevelt, and Madam Aida appeared at the Hippodrome benefit, and the genial Colonel, being enthusiastic over the artistic singing, congratulated her before the immense audience. Several days later, he sent her one of his new photographs, upon which was inscribed his appreciation in most emphatic words. In return she sent him one of the Columbia pictures of herself, which so delighted her distinguished friend that he immediately wrote he had never expected to receive so valuable a picture."

It is such appreciation as this that Madam Aida has gained for herself throughout America.

TARVIA CONTRACT IS LET BY BOARD

The Barrett Construction Supply company of Cincinnati, was awarded the contract to supply Richmond with 20,000 gallons of tarvia, more or less, for next year's street improvements, at the board of works meeting Monday morning. Price for the tarvia was 11 1/2 cents per gallon, a total of \$2,300. One other bid was opened.

The board was in favor of letting gardeners have vacant city property for cultivation this summer on the same terms as during the war, that is, free, providing they keep the weeds down and the lot looking neat.

The city engineer was instructed to inspect brick sidewalks on Richmond avenue, which were reported in very bad condition; and the building inspector was instructed to put a new roof on the tool house at the city gravel bank.

Notice was given of the new fire plug district, between North West Second and North West Fifth, on Center, which was authorized by the board last week.
