

SENATORS SIGN PLEDGE TO VOTE AGAINST LEAGUE

Thirty-Seven Have Already Signed Resolution to Stand Against Wilson Plan.

(By Associated Press) WASHINGTON, March 4.—Thirty-seven senators, who will be members of the next senate, have signed a resolution pledging themselves to vote against a League of Nations.

This is more than the number required to defeat ratification.

Those in charge of the resolution say they will have forty signatures before congress adjourns at noon today.

The resolution contains two specific and distinct provisions. They are:

1. Demand for immediate peace with Germany and the putting aside of all other issues until the terms of peace are concluded.

2. Notice to the world and to the powers gathered at the peace conference that more than one-third of the membership of the United States Senate will not support the League of Nations plan.

Easy to Obtain Signatures.

In circulating the resolution today among the senators, those having it in charge say they found it easy to obtain signatures. Most of those who signed were Republicans. A few were Democrats. None of the senators who will retire from congress at the end of this session were asked to sign. Several newly-elected senators who happened to be in the city affixed their signatures.

It was said that several of the senators who signed had only one objection to make to the proposed covenant and that was it didn't go far enough.

Others who signed expressed the opinion that the resolution might make it clear that some form of the League of Nations might be entered into, but that the plan proposed by President Wilson at the peace conference would not do. They affixed their signatures to the document, however, after explaining that in a general way they favored the establishment of a league if one could be formed which would not impair American sovereignty and American freedom of action.

Court Records

Arthur Everett was granted a divorce from Maud Everett, Monday, the wife's relatives to have custody of their daughter, and she to pay \$4 a week for the child's support.

The case of Eva Catherine Rusche against Frank Rusche, both of Cambridge, was heard Tuesday morning.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat if Kidneys Feel Like Lead or Bladder Bothers You — Meat Forges Uric Acid.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

NORMAL BUSINESS ACTIVITIES ARE URGED STATES

(By Associated Press)

WASHINGTON, March 4.—Activities of government departments in the work of restoring business to normal conditions and of alleviating unemployment were presented to governors and mayors today at the second day's session of their conference at the white house. Roger W. Babson, director of the department of labor's information and education service, was the principal speaker at the morning session, at which Governor Coolidge, of Massachusetts, presided.

Reports of the state executives on industrial and employment conditions given yesterday were supplemented today by statements from mayors attending the conference. Senators Kenyon, of Iowa, and Owen, of Oklahoma, were to speak at the afternoon session with Senator Calder, of New York, presiding.

All the government departments, Mr. Babson told the conference, are working in co-operation to extend industrial opportunities, reduce prices and provide employment.

"Something or somebody, however," he added, "is gumming up the wheels of prosperity."

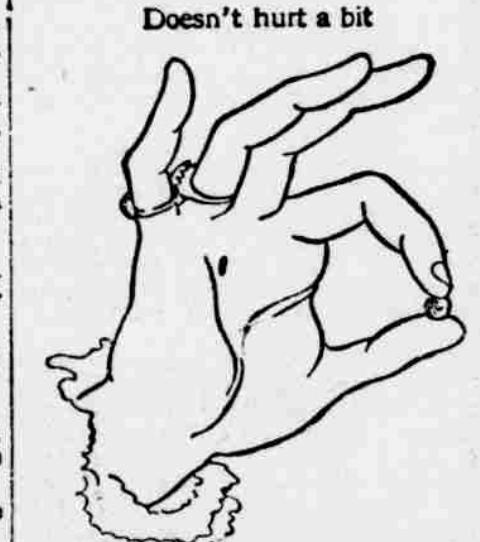

Asserting that there were 500,000 idle workers in the United States and that soldiers are returning by the thousands and that they also want work, Mr. Babson said normal employment of labor could be obtained only with a normal volume of new orders.

"Manufacturers are willing to produce," he continued, "merchants are willing to stock up, when the public is ready to buy. It is strongly recommended to us today that the government should now secure as much publicity for a movement to stimulate buying as it did during the war to retain buying."

The speaker advocated a campaign

WITH FINGERS! CORNS LIFT OUT

Freezone is magic! Corns and calluses lift right off— Doesn't hurt a bit

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon tender, aching corn or a callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!—Adv.

Time For Return

WASHINGTON, March 4.—The war department in an announcement today giving the months and order in which divisions of the American army are to return from France included the following in which people of the middle west are particularly interested:

Forty-second (Rainbow division), to return in April.

Thirty-third, Illinois troops to return in May.

Thirty-second, Michigan and Wisconsin troops, in May.

Eighty-eighth, Illinois, Iowa, Minnesota and North Dakota troops, no date for return scheduled.

Eighty-fifth, Michigan and Wisconsin troops, to return in March.

The report shows that the forty-second division has served in the American expeditionary force for sixteen months; the Thirty-third division, nine months; the Thirty-second division, thirteen months; the Eighty-eighth division, seven months, and the Eighty-fifth division, seven months.

CATARHAL DEAFNESS MAY BE OVERCOME

If you have Catarhal Deafness or are growing hard of hearing, or have head noises, go to your druggist and get 1 ounce of Parmin (double strength), and add to it $\frac{1}{4}$ pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises.

Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarhal Deafness or head noises should give this prescription a trial.—Adv.

OLD FOLKS TAKE NEW LEASE ON LIFE

They All Look Into the Future With Confidence

This is the situation of hundreds of elderly men and women that have had their youth and manhood restored in a short time. Aged men and women who have been steadily declining to the regret and dismay of relatives and friends are now half and healthy. Life to them has renewed the joys and pleasant anticipation of youth, where before it meant the usual steady progress downward, the decline and the burden to themselves and everybody around. How they all dread this and how unnecessary it is.

A lively "old timer" said to our reporter and his secretary years ago, "I am 85 years old and I am still in good shape." Aged men and women both feel that any remedy that will truly

build up the strength and increase the power of endurance of people of our age should be known to all. We are run down, man woman and child. Phosphated Iron will do this for both of us, and we made up our minds to let all of us have a new lease on life.

From us we certainly have spread the gospel of Phosphated Iron through this neighborhood, so much so that hardly a day goes by without some of our friends stopping to thank us for putting them up to such a splendid preparation.

Conkey Drug Co. and leading drugists everywhere.—Adv.

Now offer to fall in line such experience.

REED'S RANGES

Sorry to say it, but stoves will be higher next fall than at this time. We have several Globe Ranges from last fall shipments and are offering them at the old prices.

The GLOBE RANGES

have established their reputation for satisfaction and service and besides every Globe is backed by a written guarantee from the Globe factory. Come in and look over this line now.
