## WAR DID NOT CHANGE IT

War did not change the process of manufacture or the nutritive value of **Shredded Wheat**. It is the same Shredded Wheat you have always eaten—pure, clean, wholesome, unadulterated. It is 100 per cent. whole wheat, made digestible by steam-cooking, shredding and baking. Try it with milk or cream and fresh fruits.

## To keep in touch with the business world— READ ADVERTISEMENTS

You can learn more from the advertisements in your daily newspaper than you could in weeks spent in visiting stores, shops and offices.

If you did not read the advertisements, you might go to a store and come home again and never learn about some new goods in that store that would interest you. But the storekeeper knows and he publishes the news in an advertisement for you to read. If you did not read advertisements, you might go on purchasing one article for years when a new and better article had come to take its place.

It pays to keep in touch with the business world by reading advertisements.

It pays if you have nothing to buy but your own clothes and shoes and candy and books and other personal things.

It pays even more if you are buying for a household.

By keeping in touch through reading advertisements you can buy to more advantage, find out where you can get the things you want, and avoid regrettable expenditures.

A large part of our world of today is the world of business and commerce. And the voice by which it speaks is advertising. It has a message for you. Keep in touch by reading this message—by reading advertisements.
