Sleeps Any Old Way Now

"I am 50 years old and never was sick until 8 years ago when I got stomach trouble. I have spent a fortune for medicine which did not cure. I kept on suffering and getting worse. A fellow worker told me about May's Wonderful Remedy. After taking three doses I felt like a different man; before taking it I could not lie on my back nor right side. Now I can sleep any old way." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. C. C. Thistlethwaite, six drug stores and druggists everywhere.—Adv.

Miss Regene Cain will return to her home in Indianapolis today after a visit with Miss Ethel Thomas. She will be accompanied home by Miss Thomas.

AGREEMENT REACHED IN RATE HEARING

CHICAGO, August 1.—Just before the close of the Indiana-Illinois freight rate discrimination case Thursday afternoon the meat packing industries of the two states reached an agreement to settle their rate differences and withdraw their industry from the controversy.

Terms of the agreement are that pending a final settlement of the rate differences, the tariff on fresh meats and packing house products from St. Louis and East St. Louis to Chicago will advance 27 per cent. From other western points outside of Illinois, the rate to Chicago will be increased 15 per cent. The railroad agreed to this basis of adjustment.

Evansville and Terre Haute, Ind., meat packers will benefit largely by the agreement. This freight advance will place the Indiana packers upon the same parity of rates as their strong St. Louis and East St. Louis competitors in the Chicago market. Iron and steel interests of the two states attempted to compromise their rate discrimination and withdrew from the case, but because the railroads in the case desired application of the Disque mileage scale in Illinois to supplant the present group rating the Illinois shippers feared that to withdraw at this time might be interpreted as betraying their comrades who are fighting mileage substitution. Upon pure rate discrimination adjustment the Indiana and Illinois iron and steel men could compromise in a minute, but hesitate because of the principle involved in the case.

Former Soldiers Take Rooms In "Y" Dormitory

One hundred and fourteen ex-service men were extended three months' free membership by the Richmond Y. M. C. A. during July according to announcement made by Secretary Lester Carlander, Friday morning.

Among the recently discharged service men who are entering the local association building as residents this week are: W. N. Collin, former dormitory man, Charles W. Sparks, Eber Brown and Arthur B. Close. Included in the list of ex-service men who have already taken rooms in the local "Y" dormitories are: T. G. Chamberlain, LeRoy Coffin, William Ferguson, Jr., A. Friede, Herbert Guether, Roy Hendricks, Fred P. Jeffers, O. M. Kendall, Harley H. Lucas, Charles MacLeondhardt, Paul R. Overman, R. M. Russell, C. E. Stevens, Herbert W. Wall and K. J. White.

These twenty men form one-third the dormitory occupants. Demands for rooms are made every day, and the association officers are using every means to accommodate more men by a doubling-up process. Many of the older roomers are sharing their rooms together, as well as a majority of the new men.

Clarence Chamness Sees Chicago Race Rioting

Clarence Chamness, former Y. M. C. A. office secretary who is studying in the Chicago Y. M. C. A. college, writes in a letter to Lester Carlander, general secretary of the local "Y" that he is indulging in pilgrimages through the "race-rioting and blood strewn streets of Chicago."

"Eleven men were killed within a block of the North LaSalle Boys Club, where I am staying," said Chamness. "The other evening we went down into 'Little Italy' and saw the real thing in rioting. The street car tie-up is awful, also."

About two months ago I joined the I. R. M. and we are expecting to be called out at any time."

Commission Would Set Aside Burleson Rates

(By Associated Press) LANSING, Mich., Aug. 1.—In an opinion rendered to the Michigan public utilities commission, Attorney General Groesbeck declared congress had no authority to continue the telephone rates put into effect by Postmaster General Burleson for four months after the government relinquished control of the wire companies. Such an act, the attorney general held, violated the state's right to control intra-state business.

Americans To Remain In Coblenz District

(By Associated Press) PARIS, Aug. 1.—Permanent locations to be assigned to allied troops on the Rhine are being discussed by General John J. Pershing with France and Great Britain, he announced here today. He said the American force probably would continue to occupy the Coblenz district.

General Pershing said, in his opinion, the American forces in Europe would be demobilized entirely by the end of September, except the Rhine contingent, which would number less than 7,000 men.

Chesapeake And Ohio To Stage Safety Campaign

Details are being completed for the staging of an intensive campaign against preventable accidents on the Chesapeake and Ohio railroad for a period of one week, beginning at midnight, Sunday, August 24th announced a Richmond C. & O. agent, Friday.

This campaign was decided upon by Geo. W. Stevens, Federal manager, because of the excellent results shown by the Safety department of the Chesapeake and Ohio in securing a steady decline in the number and gravity of accidents. Stevens feels that great impetus will be given the Safety work on all railroads if it can be shown that it is possible for 25,000 men engaged in railroad service to go through an entire week with no accidents.

The details of the campaign are in the hands of L. C. Bentley, General Safety agent of the road, who says that between now and the opening of the drive on August 24th every one of the 25,000 employees on the Chesapeake and Ohio Railroad will receive a personal appeal not only written, but verbally presented, from his superior officer, urging him not only to "watch his step" during the critical week, but to watch the step of his fellows.

A DISCOVERY THAT BENEFITS MANKIND

Two discoveries have added greatly to human welfare.

In 1835 Newton originated the vacuum process for condensing milk with cane sugar to a semi-liquid form.

In 1883 Horlick at Racine, Wis., discovered how to reduce milk to a dry powder form with extract of malted grains, without cane sugar.

This product, **HORLICK** named **Malted Milk**. (Name since copied by others.) Its nutritive value, digestibility and ease of preparation (by simply stirring in water) and the fact that it keeps in any climate, has proved of much value to mankind as an ideal food-drink from infancy to old age.
