## NO STOCK SOLD AT SHURLEY YARD LAST SATURDAY

Record-Breaking Day, With Not a Single Sale Because of Unsettled Conditions.

By William R. Sanborn.

In view of the tempestuous conditions at Chicago last week, in which riots and strikes in the packing plants interlarded, the average prices for live stock may be considered very satisfactory. Hogs averaged \$21.05 against an average of \$21.95 the previous week, and \$19.05 for the corresponding week in 1918.

While hogs showed a decline of 90 cents at Chicago, by comparison, cattle advanced 60 cents, the average being \$16.85 against \$16.25 for the week ending Saturday, August 2. This is the highest average price for cattle on record in that market. Sheep lost 15 cents, the average for the week being \$9.85, while lambs gained 5 cents, the average price for the week being \$16.50 per hundred.

Receipts at the seven western markets were 175,000 cattle, 240,000 hogs and 306,000 sheep. Compared with the previous week this summary shows a reduction in receipts of hogs of 92,000 and in cattle of 63,000 head. Receipts of sheep were increased 15,000 head. Only 75,000 hogs were received at Chicago last week, the lightest receipts for any week since January, 1918. The estimated average weight was 246 pounds.

**Packers' Strike Called Off**

At a big mass meeting of stock yards employees on Saturday afternoon the unions unanimously voted to resume work on Monday morning. The workmen objected to the presence of soldiers in the yards, also to the policemen and special deputies in such large numbers. The soldiers were withdrawn without the grounds on Saturday forenoon and the police force was cut down later in the day. On the promise that the strike would be on duty Monday, and no soldiers whatever be in evidence, the favorable vote was taken.

The railway shopmen's strike and the cancellation of passenger trains is still a consequent shortage of cars for both grain and live stock, on most of the western roads.

The indications are, however, that there will be a big rush of hogs to all markets this week. The labor unrest, and the efforts of the government to lower the prices of necessities, is beginning to have their effect upon the sentiment of the bulls in all products. There is a feeling that live stock may bring less money later, perhaps very soon, and the tendency will be to take advantage of the prices now prevailing, in our opinion.

**Richmond Live Stock Market**

Not a single hog was received at the Glen Miller yards last Saturday, this being the only Saturday since the yards were opened of which this could be said. Farmers were not inclined to take chances on lack of cars or a bad break in the market, so stayed at home.

The receipts for the week were very light, while the week ending Saturday, August 2, came very near being a record breaker as to receipts. A lot of hogs came in early this morning, and if there are no unfavorable market developments the local receipts will probably be heavy this week.

Among the noteworthy receipts of the past week at the local yards were 52 head of cattle brought in by N. S. Drury, of Boston township. These were marketed on last Thursday and Friday and netted \$6,500.00. Chalk Slick marketed 42 hogs last Friday and banked a check for \$2,242.

Eleven cars of stock were shipped during the week ending August 2. These shipments included 619 hogs, 224 lambs and 158 veal calves. The cattle market was demoralized all that week and feeders kept cattle at home. Cattle, however, made new high records in all western markets last week, the rise after the slump being unexpectedly rapid. This had a local effect and the shipment of cattle from this point was quite heavy during the week, ending August 9th.

**Men Who Got Money.**

The men making deliveries since our last report included the following named farmers and shippers, most of whom seemed to be good guessers as to lucky market days: Clem Endsley made the largest delivery of hogs, 71 head of Poland Chinas, which brought \$4,010 and averaged 260 pounds. J. H. Kinsey brought in a greater number of head but less pork, and his check was for but \$2,701. J. H. Johnson marketed 42 head and cashed in \$1,578; Warner Rallsback, 41 head, \$1,909; John Branson, 22 head, \$1,052; Elmer Stithol, of Greensfork, 27 hogs, \$1,188, and Huddleston Brothers, of Boston township, collected \$2,300 for 51 head of porkers.

The following named were also shippers to the Glen Miller yards since our last report:

Dan Homan, Simon, Atwell, J. L. Beatty, Russell Odell, Coy Simpson, Everett Druley, Joe Meyers, T. F. McDonnell, William Mills, Joe Reid, Sam Robinson, Ad Reid, Ralph Bunker, Floyd Best, Harry Critchfield, O. Cranor, John Wood, Burt Hunt, George Comer, John Call, Arthur Hutchins, Dick Conway, C. Myers, Justin Reynolds, H. L. Hoover, Clyde Thomas, Worth Hill, R. E. Chenoweth, Harvey Osborn, E. Baker, B. H. Crook, Oliver Bond, S. Nicholson, Elsworth Dearman, Albie Benbo, Ed Eubank, Earl Pickett, F. Dancio, Bert Isenbarger, S. Robinson, Frank Southworth, W. W. Pickett, Milt Morris, Everett Johnson, James Jordan, John Yeatts, Verl Albertson, Sam Stephens, Clarence Horner, Mahlon Lenard.

## The Theatres

## MURRETTE.

Thrills that stir the soul are plentiful in "Secret Service," William Gillette's famous drama, a Paramount-Artcraft special picture which comes to the Murrette theatre today. Major Robert Warwick, who has doffed the khaki and temporarily wears the blue of the Federal and the butternut of the Confederate service in this picture, plays the role made famous by Mr. Gillette.

Caught in a desperate situation in his efforts to betray Richmond into the hands of the Union army, the hero is saved by a southern girl who has learned to love him. This is not, however, a war play, with shot and shell flying thickly; but a tense human story of a few people involved in network as the result of the secret service in its most dramatic sense.

In the supporting cast are found many favorites. Wanda Hawley, beautiful and talented, is Edith Varney, the heroine, playing opposite Major Robert Warwick. Others in the cast are Theodore Roberts, Raymond Hatton, Irving Cummings, Casson Ferguson, Edythe Chapman and Guy Oliver.

## MURRAY.

Audiences have gotten so used to seeing Bryant Washburn in roles depicting the "easy guy" that they are going to be considerably surprised when they see him in "Something to Do," in which he isn't a soft young guy at all, but a lively, active young fellow who manages to mix into and clean up a lot of complicated scrapes.

It will shown at the Murrette theatre today. When the picture starts the hero is a young millionaire suffering from ennui, brought about by lack of occupation. He is the read stuff, however, but he has always been too pampered to ever do anything. When he consults a doctor, who insults him with his lack of pep, he wakes up and starts things, and keeps them moving till he finishes the picture.

Ann Little is leading woman. This is her first appearance with Mr. Washburn. Hitherto she has supported Wallace Reid in most of his recent pictures. Others in the cast are Robert Brower, Charles Gerard, Adele Farrington, Charles Ogle and James Mason.

Donald Crisp directed the picture, which is an adaptation of a story by Maximilian Foster, a well known novelist. Will M. Ritchey did the scenario.

## WASHINGTON.

Florence Reed, daughter of the late Roland Reed, the leading actor, made her debut with the Proctor stock company, Fifth avenue theatre, New York.

**GREENSFORK**—Fire completely destroyed the large barn on the farm of Abner Bond, a half mile south of Greensfork, Saturday. The loss which amounts to several thousand dollars is partially covered by insurance. The origin of the blaze is unknown. Mr. Bond was able to save the live stock and farming implements, but 500 bushels of seed wheat, carloads of baled straw, 100 bushels of old corn and two tons of hay were burned.

**GREENVILLE**—The body of Mrs. Jane Hannon, who died at Cincinnati, was brought here for burial Friday. Funeral services were held at St. Mary's cemetery. Mrs. Hannon was 83 years old, and was born in Ireland.

at the age of 16. Originally intended for a musical career, Miss Reed's plans were abruptly changed by the death of her father. Playing in the Proctor company for two years, Miss Reed was then played lead in leading parts with E. H. Sothern. Her first big New York success was in the part of the psychic girl in Seven Days. Other prominent successes on the speaking stage were Under Cover, The Yellow Ticket, The Celebrated Case, and later still, The Wanderer, Ching Chow and Roads to Destiny, in which Miss Reed starred a notable triumph.

Florence Reed's screen successes are equally remarkable. In Wives of Men this sterling actress, to mention only recent successes on the silver sheet, made a notable hit, and in the still more successful releases of United Picture Theatres of America, she is adding to her fame as the foremost emotional artist of the day in such triumphs as Her Code of Honor, and The Woman Under Oats, which last is by far the most thrilling story that has fallen to Miss Reed's lot for pictorialization, presenting as it does, the unique experiences of a woman juror in a life and death case in a New York court. The Woman Under Oats comes to the Washington theatre today and tomorrow.

One of the most thrilling and dramatic pictures ever seen upon the screen will be shown on Friday and Saturday at the Washington theatre, when Joseph M. Schenck presents Norma Talmadge in her latest Select picture, "The New Moon."

"The New Moon" is the story of a Russian princess who becomes a peasant girl and leader of a band of women who refuse to obey the request issued by the Revolutionists, ordering all women to register in order to be nationalized. She smuggles the women out of the province and finds happiness in the ruin with her fiancé.

**One Day's Test Proves NR Best**

The stomach only partly digests the food we eat. The process is finished in the intestines where the food is mixed with bile from the liver.

It must be plain to any sensible person who realizes this, that the stomach, liver and bowels must work in harmony if digestive troubles are to be avoided or overcome.

This fact also explains why sufferers from indigestion, also suffer more or less from head aches, biliousness and constipation.

If you are one of the many unfortunate persons who cannot eat without suffering afterward, if you are constipated, have bilious spells, headaches, coated tongue, bad breath, variable appetite, are nervous, losing energy and feel your health slipping away, take this advice and get a box of Nature's Remedy (NR Tablets) right today and start taking it. ## Plumb Plan Radically Socialistic, Says Taft

**CINCINNATI, O., Aug. 11.**—"It is radically socialistic and ought to be fought," William Howard Taft said of the Plumb plan for the administration of the railroads, in a statement here last night.

"I very much disapprove of the plan. I am almost certain the Republicans will oppose the Plumb plan and I hope the Democrats do too. We should not let the soviet system gain even a foothold in America," he said.

"I do believe in close supervision of the railroads of the country, but such supervision as we have had has been too severe. We should give the railroads a chance, give them adequate revenues by proper rates so they can attract the necessary capital for necessary maintenance and improvements. We have not allowed the rates to go up as they should."

Luther Martin, of Cambridge City, suggests either "Wayne's Army of Democracy," or "Wayne County's Minute Men," as alternate titles.

"The first is good because our boys went to Europe to fight for that which is dear to all Americans, liberty," says Martin. "The second is suggested because they fought to keep autonomy from conquering the world, and as they waited only for the minute to come, as did the minute-men of '76, the third would be suitable."
