

## Local and Foreign Markets

### GRAIN QUOTATIONS

**WAGNER'S GRAIN LETTER**  
CHICAGO, Aug. 12.—Living costs and railway snarl has effected the grain markets. They look to traders as no particular change overnight unless the shippers return today, in which case a higher opening might result. Cash corn at a record high of \$2.10 on famine receipts. Corn belt needs rain and there is moisture in the forecast. Absence of hot weather has hurt the buying side. European crops very poor but indications are they will squeeze through the best possible. Some local crops are quite bearish on the cost of living but the majority look for rallies. Financial arrangements of railway trouble may force dull export situation.
