

THRACE PROBLEM IS DEADLOCK IN PEACE CONGRESS

United States Stands Alone in Support of Bulgaria's Claims.

(By Associated Press)
PARIS, Aug. 15.—Frank L. Polk, head of the American peace delegation had a long conference today with Premier Venizelos on the Thracian question. They discussed various plans to adjust the situation, but the conference ended with the question apparently no nearer a settlement. The effort to provide Bulgaria with an outlet to the Aegean sea by means of internationalized railroad to Dedegatch does not seem to be meeting with success. American delegates believe it is impossible to internationalize the railroad without granting surrounding territory to Bulgaria.

The support of Bulgaria will not meet today or Saturday. Mr. Polk will accompany Foreign Minister Tittoni of Italy on a visit to Lens, Arras and other points in the devastated area of France. They will return to Paris Monday.

Uncertainty as to what country will receive the mandate of Constantinople and surrounding territory complicates the situation almost hopelessly, as interested powers are all striving to protect their own interests, regardless of who gets Constantinople.

Dozen Plans Proposed.

Italy and Greece apparently have reached an understanding so that the United States stands virtually alone in supporting Bulgaria's claim for an outlet to the Aegean sea so that another Balkan war can be avoided.

A dozen different plans for the dividing and disposition of Thrace have been considered the last week but the one most likely to be accepted as a compromise, although opposed by Greece, contemplates an internationalized zone extending from the Bulgarian border to Dedegatch, on the Aegean sea. Western Thrace would go to Greece and she would also be given a strip eastward from Dedegatch extending from the Aegean to the Black sea, including the port of Midia.

The territory immediately about Constantinople would go to the country receiving the mandate there. This internationalized zone would be under the administration of the league of nations.

This plan violates the rights of majorities and separates districts to be given to Greece. But it is apparently impossible to reach an agreement on any plan which would make this region less of a crazy quilt. The plan gives Adrianople to Greece, which is regarded as unsatisfactory as that city is considered sacred by the Mohammedans. There is a great difference of opinion regarding the exact size of the proposed nationalized zone, and now suggestions are offered at every meeting of the council.

Friends at Waynesville Denounce Army Training; "To Prussianize America"

A resolution drawn up by Indiana Yearly Meeting of Hicksite Friends at their meeting in Waynesville, August 11 to 14, attended by several Richmond Friends, characterizing universal military training as untimely and unwarranted, was unanimously passed by the delegates.

"We are just emerging from the greatest war in history, and we have been led to believe that this war was the war to end wars, and that never again should militarism be a menace to the world's peace," says the resolution.

"We call attention to the inconsistency contained in the appeals to all citizens to support the war and the present disposition of congress to Prussianize America through a system of universal military education or training."

"We urge that all Friends raise their voices in protest, with the firm belief that the hysteria growing out of the war will soon run its course and the Christian ideals and democratic principles will ultimately obtain."

GOVERNMENT FOOD IS DISCUSSED AT CLUB CONFERENCE

Mrs. Harry Ross and Mrs. Ed Crawford were appointed to represent the Woman's club of Richmond on the Board of Directors of the Social Service Bureau, at a meeting of the Board of Woman's club at the home of Mrs. Paul Comstock, president, Friday morning.

Selling government surplus food in the city was discussed by the members of the board, and the matter will be taken up as soon as more information is obtained.

A housewives' league, such as has been formed in Indianapolis to combat the high cost of living, will not be formed here, it was decided Friday morning, because it is too impractical for a place the size of Richmond.

BUDGET IS PREPARED FOR COUNTY COUNCIL

Arrangements for the annual meeting of the county council are being made in the auditor's office, where figures are being compiled for the county's budget for the coming year.

Requisitions for expenses in the various county offices will probably be submitted to the county commissioners for their approval at the meeting of the commissioners to be held on Aug. 23.

Completion of the requisitions for the coming year has been delayed to some extent, according to the county auditor, by the increased work on tax assessments.

Texas Democrats Split; New Party is Organized

FORT WORTH, Tex., Aug. 15.—Two factions of Texas Democrats, dissatisfied with the present party organization, met here today and determined upon separate lines of attack to accomplish a return to "the principles of Jefferson and Jackson" in state and Federal governmental affairs.

One faction, headed by former Governor James E. Ferguson, left the present Democratic organization and formed the "American party," which it is purposed to make national in scope before the next general elections.

The other faction, led by former Senator Joseph W. Bailey, laid down a declaration of principles to be followed in carrying the fight for party reconstruction to the regular Democratic state conventions.

The platform of the American party expresses opposition to the league of nations as at present constituted, opposes national equal suffrage and prohibition, demands prison terms for trust formers and urges return of the railroads to their owners.

Yorkshire Industries Hit Hard by Strike

(By Associated Press)
LONDON, Aug. 15.—The industries of Yorkshire, particularly textiles, have been seriously affected by the coal shortage arising out of the strike of 200,000 miners who voted yesterday to return to work. More than 50,000 men and women are out of employment because of the shortage of fuel. Steel and iron mills in Lancashire have begun to shut down because of lack of coal supplies.

"VICTORY VETERANS" IS PROPOSED FOR POST

Suggestions for an appropriate name for the Wayne county post of the American Legion, continue to come in. They will only be accepted up to midnight Monday, Aug. 18, for on that date the contest will close.

Carl F. Baker, of Centerville, suggests, "Anthony's Sons of Wayne County Indiana" and adds that "Victory Veterans" would make a good name.

"M. F." of this city says: "I suggest 'Knights of Victory' for were they not knights, to have been so loyal to their country and so brave to have sacrificed so much for cause of Democracy? Also 'The Legion of the Knights of Wayne' might be suggested."

William T. Reece of 319, North Twelfth street sends for approval the following suggestions: "Wayne's Memorials," "Wayne's Invincible Defenders," "Universal Defenders" and "Protectors of Civilization."

Mrs. Frank Nedearis, of 401 Randolph street in her letter declares that Wayne county is proud of her boys who fought and fell in the great conflict and as a name for the Legion she says that names such as "The Pride of Wayne Legion," "The Pride of Wayne County Legion" would be appropriate.

Mrs. I. R. Battenburg, of 101 South Ninth street says that "Wayne County World Liberty Boys" would make a good name, as the boys fought and died for just that very thing, World Liberty.

No successor to McCracken has yet been chosen, Dr. David M. Edwards, president of Earlham, said Friday.

EDGAR HIATT GOES TO JENKINS CO. AS VICE-PRESIDENT

Edgar F. Hiatt, president of the Dickinson Trust company, will become vice-president and general manager of the Jenkins-Vulcan Springs company after October 1, it was announced by Thomas B. Jenkins Thursday night. However, Hiatt will remain president of the trust company, and will also remain on the executive committee.

Hiatt will devote most of his time to the handling of the affairs of the Jenkins-Vulcan Springs company, and the policies of the trust company will remain under the management of Everett R. Lemon and Jesse A. Wiechman, vice presidents.

"The board of directors of our company has been seeking high grade connections to add to our executive force," said T. B. Jenkins, president of the factory, Friday, "and feel that we have been very fortunate in securing Mr. Hiatt."

SAFETY FIRST RULES LESSEN FIRE DEATHS

Safety first precautions are responsible for the decrease in the number of deaths for the first six months of this year over the same period last year, said Ed Miller, chief of the city fire department. State Fire Marshall, H. H. Friedley reports that only 33 persons lost their lives from fire the first six months of this year and in the same period last year there were 67 fire deaths.

Miller warns persons against the use of gasoline and kerosene, especially on kid gloves. These are chemicals, he says, and contain static electricity which may ignite when in contact with gasoline.

State fire marshals points out that there is a needless loss of death and property each year because of the careless handling of kerosene, coal oil and gasoline. He warns against spontaneous combustion of hay stored in barns at this time of year.

Senator Watson May Not Be Here for Chautauqua

Senator James E. Watson, who is scheduled to appear as the opening feature of the Richmond Chautauqua next Sunday afternoon at 3 o'clock, may not be able to arrive on account of special work of his sub-committee on H. C. L. Charles Jordan, chairman of the program committee said Friday.

Senator Watson is chairman of this committee, and although he hopes greatly to make the Richmond engagement his telegram expressed doubt as to whether he would be able to get away.

Plans for the chautauqua's grand opening on Sunday are hastening. The resident tents are all up, as are the grocery and refreshment tents. The big tent is nearly ready for its capacity crowds. Thirty-six benches accommodating six persons each were placed in the tent Friday morning in addition to the regular number of seats and benches.

The lighting system will be ready for use Friday evening, it is hoped, as many of the campers are already moving in and the white city will be partially occupied tonight.

200 MEN PLACED IN JOBS BY "Y"

Over two hundred returned service men have been placed by W. S. Rayle, Y. M. C. A. ex-service men's secretary, whose work in Richmond will close on August 30.

Rayle has done excellent work in Richmond, it is thought, and many persons are wondering how the work, for which there is still daily demand, can be successfully carried on without the administration of a regular secretary.

A great many soldiers are yet to return and numbers of them do not have jobs waiting for them, while some already back do not have jobs. These men will need the assistance of an employment bureau after the first of September, as well as before it is pointed out. Where the help is to come from, aside from side-work assistance which can be rendered by other members of Y. M. C. A. staff is a question.

At present there are more jobs open for service men than there are men to fill them, and the employers are interested in a number of cases of retaining an employment secretary in the city.
