## NATIONAL AMATEUR GOLF TOURNAMENT WILL OPEN MONDAY

(By Associated Press)  
PITTSBURGH, Pa., Aug. 15.—After a lapse of two years the United States Golf Association will revive the National Amateur championship tournament at the Oakmont Country club, Allegheny county, next Monday.

All of the leading American golfers, including the title holder, Charles Evans, Jr., of the Edgewater G. C., Chicago, and some Canadian players have entered for this year's contest. In fact the field of aspirants is so large that it has been found necessary to begin with a weeding out of preliminary qualifying round of 18 holes medal play on Saturday, which will reduce the big field of entrants to 64 players who will take part in the regular qualifying round of 36 holes medal play which will start at nine o'clock next Monday morning.

On Tuesday the thirty-two best scores will be paired for 36 holes match play and each succeeding day the survivors will meet at match play until Saturday, August 23, when the pair of finalists will fight it out for the championship title and gold medal. This year's tournament will be the twenty-third held under the jurisdiction of the United States Golf association which became the governing body of the game in America in 1895.

Captain Thomas C. Gregory, chief allied food administrator in Central Europe, appeared before the conference and said he would not assist in sending food to Hungary if the Rumanians were to requisition it. "If the Rumanians will not leave, I am going home," he declared in his address.

## Fourteen Strikes in New York; Seven More Pending

(By Associated Press)  
NEW YORK, Aug. 15.—More industries are affected by strikes now going on or threatened in this city than ever before in the history of labor unions, according to figures compiled by labor leaders and made public today.

Besides the actors and railroad shopmen those now on strike in New York include painters, plasterers, machinists, carpenters, shopmen of the Brooklyn Union Gas company, cigar makers, brass workers, shirt makers, furriers, brass bed makers, umbrella makers and art lamp workers.

Although it has attracted little public attention the cigar makers' strike is the largest numerically. According to union estimates 120,000 cigar makers are on strike.

Some of the strikes threatened are by interborough car men and men workers in the entire building trades, workers in the entire garment industry, postal clerks and letter carriers, teamsters, rag-pickers and mattress workers.

A nation-wide building strike, taking 1,500,000 men out of work was threatened in a statement issued yesterday by twenty-seven international heads of labor unions. The trouble is the outgrowth of charges that building contractors employ non-union labor.
