

P. O. FOOD SALE TO LAST 3 DAYS; BEGINS MONDAY

Directions Given for Proper
Purchase—Weight Limit is
125 Pounds.

Complete instructions for the purchase and distribution of government foodstuffs through the postoffice department were received Friday by local postal authorities and the sale of the government's supply of food will be started next Monday and continue for three days.

As the supply of foodstuffs is limited, every effort will be made to sell the supply to consumers only, and the letter of instructions to postmasters urges that the department supervise the distribution of the food and to see that only bona fide consumers are allowed to purchase it.

All orders for food from consumers must be accompanied by the cash amount of the total cost of the order, and the postage necessary to cover the delivery of the food from Washington.

No special form for the use of consumers will be provided by the government, but purchasers must order in writing, with an itemized list of the articles they wish to purchase, written in such a manner that the postmaster may readily ascertain the exact amount of the articles they wish to purchase.

Carriers to Take Orders.
Carriers in both the city and rural route service may accept orders in writing, but consumers must keep a copy of the order given a carrier, upon which the carrier will receipt for the amount of cash paid for the goods ordered. This amount, with the order, will be turned in by the carrier to the local postoffice, who will in turn, send the orders to Washington.

Orders will be sent to Washington in the exact order they are received at the main postoffice, whether from a carrier, substation, or direct from the consumer, and in case of a shortage, deliveries will be made as the orders are received at the main office. In case a delivery cannot be made, the amount paid by the purchaser will be refunded.

Limit 125 Pounds.
Purchases may be made up to and including 125 pounds, which is the weight limit for parcel post shipments of foodstuffs, such as will be sold by the government.

The postage on 125 pounds in this zone will be 6 cents for the first pound, and 2 cents for each additional pound, making a total of \$2.54 postage on the maximum order for a single package.

In case the Zone Surplus Supply Office, who will have charge of the distribution of the foodstuffs, does not have all of the articles ordered in stock, the articles listed, which are in stock will be shipped, and the money paid on the balance will be refunded. Articles will be shipped to the postmaster and will be distributed by him as soon as received. In case of a shortage, consumers who have not had their orders filled will be given a refund of the amount paid as quickly as possible, or in case of an order only partially filled, the amount due him for articles not received.

Bulk supplies, such as flour, rice and the like, will only be sold in the amounts of their original containers, that is, no fraction of a sack of flour, or bag of rice will be sold by the postmasters.

Damaged Food Replaced.
Spoiled material or that damaged in transit will be replaced by the Supply Officer upon an affidavit by the consumer, supported by the postmaster.

No orders will be received by the postmaster from zone surplus officers after August 20, and orders will not be sent to the zone office until enough have been received to make up a carton, case or crate lot. In case orders are large enough, they will be forwarded to the zone surplus officer each day.

The zone officer for Richmond and vicinity is at Chicago and the foodstuffs will be shipped there. The price list is found on this page.

LEGION POST STARTS DRIVE FOR MEMBERS

A drive will be opened by the Wayne county post of World War Veterans to enlist service men in the American Legion in Wayne county and the surrounding counties of the sixth district, Frank Strayer, district head of the American Legion said Saturday. A meeting will be held at the court house Monday night, August 25, when the campaign will be outlined. "There are many returned war service men in the sixth district that we want to get affiliated with the American Legion, and we intend to double our membership, besides adding many posts," said Strayer.

A state drive for 100 new posts, and 8,000 new members has been started by the state directors of the Legion, under the supervision of L. Russell Newgent, state secretary at Indianapolis.

Five new posts with a total membership of 1,000 were reported to state headquarters Wednesday, which was the largest number of posts and members received at one time into the state organization since the Indiana branch of the Legion was formed.

The new additions make a total of 46 posts and approximately 7,000 members in the state.

Girls! Have the Long Beautiful Hair that is Rightfully Yours

Short, scraggly, unsightly hair is more of a habit than anything else.

Hair must have intelligent care. Merely combing and washing will not keep it in a healthy condition, and give you the abundance of hair nature intended you should have.

Newbro's Herpicide

should be used at frequent intervals, because it keeps the scalp free from dandruff and harmful matter due to perspiration. Herpicide keeps the scalp in a healthy condition permitting the hair to have its normal growth and sheen.

It is astounding how many men and women will go through life with little or no hair and with what they have in a very unhealthy condition, when at a very small cost, they could get Newbro's Herpicide and save and beautify their hair.

Herpicide is sold and guaranteed at drug and department stores everywhere. Applications at barber shops.

Send 10 cents in stamps or coin today for sample and booklet on the care of the hair. Address: The Herpicide Co., Dept. 180-B, Detroit, U. S. A.
