

OATS ARE RECEIVED AT COUNTY ELEVATORS

Oats are now being received at many of the elevators in Wayne and adjacent counties, according to the operators. In a few instances it has been impossible to receive the grain because the elevators are filled up, owing to shortage of freight cars. Wheat is moving slowly and much of the crop is still in the hands of the farmers.

Hagerstown has taken in 11,000 bushels of oats, the largest amount to be received at any place. Five cars of grain were shipped last week. There is now about 15,000 bushels of grain in the elevator, and more is being received all the time. It is estimated that 4,000 bushels of grain has gone through the elevator this season. Oats can not be taken in at Cambridge City because there is not sufficient capacity. Two cars were shipped last week and two arrived Monday morning. There are 16,000 bushels in store and the elevator may close Monday evening until more cars are received.

The operator reports that no difficulty has been experienced in getting cars on the Lake Erie lines, but on the Pennsylvania lines much difficulty has been encountered. Over 70,000 bushels of grain have been handled this season and 100,000 could have been used if the freight service had been normal.

Much Grain Near Centerville. Two cars were shipped from Centerville last week. None were received Monday morning. Grain is to be taken in until Monday evening. There are 15,000 bushels in store now. Operators said that the neighborhood farmers still have a fairly large amount of grain. There were 18 wagons waiting at the elevator at one time Monday.

Anderson and Son, at Milton, have been shipping and receiving all the time at one of their three elevators, either at Milton, Bentonville or Beeson's Station. Last week one car was shipped from Bentonville, seven from Milton and two from Beeson's Station. Three cars were received at Bentonville Monday morning.

In all their elevators there are about 16,000 bushels on hand. Grain is being taken in at each. Anderson estimated that the farmers still have a third of their wheat crop on hand. They do not sell oats to Anderson, he said.

Greensfork reports that four cars were shipped last week and one was received Monday morning. There are 13,000 bushels in the elevator, and grain was received Monday only. The operator at Greensfork estimates that 65,000 bushels of grain passed through the elevator this season.

Six cars were shipped from Fountain City last week, and two were received Monday morning. The elevator has received 10,000 bushels of oats, and there are still 7,000 bushels of wheat in the elevator. It is estimated that the elevator has handled 50,000 bushels of grain this season and the farmers in the vicinity have 40,000 bushels still on hand.

Economy had 11,000 bushels. Seven cars were shipped last week and one arrived Monday morning. Over 40,000 bushels went through the elevator this season. It is estimated that the farmers in the vicinity have 45,000 bushels of oats that will have to be shipped.

Ohio Grain Not Handled. At the elevators at Camden and New Paris, O., a small amount of grain compared with last year was handled this year, as a result of the freight difficulties.

At Camden six cars were shipped last week and none was received Monday morning. There are 17,000 bushels on hand but the capacity of the elevator will allow more. More than

43,000 bushels of grain were handled this season at Camden.

In New Paris, only 20,000 bushels of grain were handled this year, while last year there were 60,000. Just now there are only 4,800 bushels on hand. Three cars were shipped last week and one arrived Monday morning. Only 1,000 bushels of oats were taken in because when they came in the elevator was filled. It is estimated that the farmers in the vicinity still have 20,000 bushels of grain on hand.

Home Gardens Cut in Half the H. C. L.—Better Plan For One in 1920.

Home gardens have cut in half the cost of providing their owners with foodstuffs, is the statement made by several local home gardeners. They further say that the high cost of green foodstuffs does not cause them one worry.

Although complete data showing the monetary value of the local gardens, has not been secured as yet, it has been estimated that one hundred gardens, measuring 50x100 feet, will produce during the summer foodstuffs valued at about four thousand dollars. One dozen tomato plants should yield tomatoes valued at \$9, while a 100-foot row of corn netted the owner corn valued at \$2.50 and a 100-foot row of beets produced \$2.00 worth of beets. A 100-foot row of green beans produced \$7.50 worth of green beans while a 100-foot row of lima beans produced beans valued at \$6.00. One woman in the north end canned and stored so much of her garden produce that she was able last winter to keep her grocery bill down to \$2.00 a week, despite high prices.

Economy, Ind.

Mr. George Bird and wife, of Greensfield, Ind., spent Monday with Mr. and Mrs. Charles Morrison. The Rev. O. M. Frazer and family spent Sunday with Edgar Manning and family, and attended Chautauqua in the afternoon. Mr. William McCann, wife and daughter spent Sunday with Mr. and Mrs. Harry Downing. Mr. H. E. Cain left Friday evening for a trip to Washington. His daughter Miss Ruth, will join him in Illinois and make the trip with him. Clifford Channess and family spent Sunday with his parents, Leander Channess, of Williamsburg. Miss Effie Wilson went to occupy her tent at the chautauqua grounds Friday. Charles Mendenhall has the frame work up for a new barn on his farm east of town. Louis Channess and family motored from Muncie to call on friends. Dr. A. L. Loop and family of Crawfordsville, motored here Saturday to attend the soldiers' picnic. Whittier Beard has purchased the O. M. Frazer farm. Mr. Andrews is the relief man who will have charge of the C. & O. station during Mr. Cain's absence.

BEEKEEPERS' CHAUTAUQUA

(By Associated Press) MADISON, Wis., Aug. 18.—Dr. C. C. Miller of Marengo, Ill., will be one of the principal speakers at the beekeepers' chautauqua to be held here Aug. 19-23. H. F. Wilson, in charge of the work with bees at the college of agriculture here declares Mr. Miller is the "best-known beekeeper in the country." For 50 years the Illinois man has kept bees, written about them in farm papers and edited columns about them in bee journals.

ROTARIANS TO BE SURPRISED

Rotarians will have a surprise Tuesday when they meet at the Commercial Club at 12 o'clock and go out for luncheon. Not only will they have good eats but efforts are being made to provide a speaker.

CHRISTY WEDS HIS MODEL, THE "NAVY POSTER GIRL"

Reproduction of navy poster for which Nancy May Palmer posed, inset of Howard Chandler Christy and photo of model in fancy ball costume.

Another romantic chapter has been written in the art world. Howard Chandler Christy, famous artist, recently married Nancy

May Palmer, his favorite model for nine years. She is twenty-six. Most folks will recall the poster painted for the navy by Christy

entitled "I want you for the navy." Miss Palmer posed for the poster. Christy and his first wife were divorced last spring.

\$394,005 WILL BE ASKED OF COUNCIL

An appropriation of \$394,005.14 will be asked of the county council for the expenses of the city for the fiscal year ending December 31, 1920, according to figures made public Monday.

The general fund appropriation is \$183,181.80, while the South Side bridge fund, which was cancelled last year and reverted to the general fund is \$185,000.

Payments of the principal interest on bonds issued for the Main street bridge total \$25,823.24.

Rumanian King Visits Budapest in Disguise

BUDAPEST, Saturday, Aug. 16.—King Ferdinand of Rumania, according to reliable reports, visited Budapest last week incognito. Four Hungarian monitors, manned by British seamen have arrived here.

They carry 5 inch guns and are under command of Commander Troubridge Archduke Joseph, head of the Hungarian state, denied today that he had received a letter from former Emperor Charles as charged in dispatches from Budapest to Berlin newspapers. The latter, it is alleged ordered him to take over the power in Hungary and thanked him for his services to the Hapsburg dynasty.

The letter as published in Berlin, according to those familiar with Hapsburg court documents, bears the stamp of forgery.

It is pointed out on behalf of Archduke Joseph that he cannot exercise the power of a sovereign but can act not only as regent for the interests of the former emperor and his eldest son. According to the law of succession in Austria-Hungary, it is said, no archduke can ascend the throne while a male descendant of a king is alive or even if the king has been banished.

Operated by an electric battery and magnets, a clock has been invented that runs for two years without attention.

Banner Crops Reported In Eastern Europe

(By Associated Press)

VIENNA, Saturday, Aug. 16.—Banner crops are reported throughout Jugoslavia, the Ukraine, Austria, Bohemia and soviet Russia. Much grain, however, is rotting in Austria and elsewhere because of lack of coal for harvesting machinery.

HENRY WHITE TAKES REST

(By Associated Press)

PARIS, Sunday, Aug. 17.—Henry White of the American peace delegation has gone to Scheveningen, Holland, for a week's rest.

Some Rooms Possess Individuality Others Are "JUST ROOMS"

It's all in selecting the furnishings! The proper selection means taste, refinement and that indescribable something we call "atmosphere." Some furniture is stiff and awkward—while other furniture is graceful and "restful" and pleasant to look upon. The latter is to be found on our sales floors in a multitude of charming designs. The beauty

and grace of each suite or individual piece seems to be trying to out-do all the rest. Everything which you could possibly want for every room is here. There are exquisite suites and individual chairs and rockers, tables, lamps and any number of other interesting things. The prices are most moderate—and the values very unusual as you will know.

This is "HOME OUTFIT" Week

AND WE ARE PROVING TO MANY THE ECONOMY AND DESIRABILITY OF BUYING NOW

There are many reasons why furniture will go higher; none why it should get cheaper for months and, perhaps, years. Demands that cannot possibly be met; extremely high wages; scarcity of desirable timber and many other things all point to higher prices. We advise purchase now of anticipated needed furniture.

In planning your home there is nothing of so great importance as the inside—the heart of the home. Your Furniture, Rugs and Draperies should be selected in accordance with a well-thought-out plan. An unwise selection can prove very expensive. In other words, it is not so much a question of HOW MUCH you in-

vest, as it is one of PROPER SELECTION. You can secure benefit from the experience of others; you can also come here where we specialize on home outfits and thru years of experience in the planning and arranging of homes get the greatest possible customer satisfaction at the amount the customer desires to invest.

DIAMONDS

Represent a Closely Woven Combination of Sentiment and Investment

Its value is never forgotten or impaired with age. The advance in diamond prices, which has been brought about as the result of the world war, has in no way affected the demand for diamonds. And we have no reason to believe that diamonds will ever be lower in price or a better investment than now.

You can look with safety to Dickinson's for expert advice when buying a diamond, whether you contemplate a modest stone at \$25 or a finer one at \$1,000 or more.

Diamonds are easily misjudged and should be purchased only at places of known reputation and reliability. We are diamond experts and positively guarantee each and every stone we sell.

Your Great Grandmother's Wedding Ring came from The House of Dickinson.
