

BRINGING UP FATHER

By McManus

Reals, J. K. Murray, and "Lefty" Flynn, the famous Yale football player. This capable group very creditably do their part in furnishing a brilliantly ideal entertainment—a masterpiece of the screen's light comedies.

Quit Laxatives, Purges; Try NR

NR Tonight—Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purges and cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary. Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so. NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best. Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold guaranteed and recommended by your druggist.

T. B. IS FOUND IN DAIRY, REPORT TO COUNCIL TO SHOW

One Wayne county dairy has been put out of business, 12 cows and one bull having been killed because they were infected with tuberculosis, 45 were visited and found in good shape, and 14 milk depots were visited by Dairy Inspector Joseph R. Edwards, according to his report for July which will be submitted to council at its regular meeting Monday evening.

Milk depots visited by Edwards and the condition in which they were found are as follows: R. J. Haas, good; Dairy Produce company, fair; Himes Brothers, fair; C. L. Pitts, good; Henry Goble, good; John Wueker, good; George Kircher, good; Fred Blickwedel, good; John Madden, fair; Howard Hoover, fair; Bert Davenport, fair; and stock yards, good. Twenty-one weights and measures were adjusted, 26 condemned, 2 concealed, and 22 re-inspected, according to the July report of W. A. Hunt, weight and measures inspector, whose report will be given to council.

The ordinance making a reapportionment of \$5,000 for the purchase of the city gravel pit will be read on third reading and one for the improvement of Fourth and Fort Wayne Avenue, will be up on second reading. Two ordinances, one to be read on third reading and one on second reading will be introduced at council, Monday evening. The report of Reid Memorial hospital will be read.

RISE IN RENTS IS JUSTIFIED, SAYS REAL ESTATE MAN

Richmond still has a very serious problem in her housing facilities. Practically no houses are for rent, and the few that are, are not modern and lay in the remote sections of the city, according to local real estate dealers. Up-to-date houses put on sale are snapped right up at enormous prices they say.

Numerous inquiry from out of town people, who would like to locate in Richmond, for rental houses have been turned down, for lack of housing facilities, as a result, Richmond loses many desirable residents.

Real estate men believe that the recent rise in rents is justified, pointing out that taxes have increased in proportion to all other articles and that real estate owners have to pay the same prices as the rest of the public.

Rents haven't risen as high here as in other cities of this size, and are predicted not to drop lower with other prices, for the reason that the landlord was not getting a sufficient amount before the rise, to keep his houses in repair, it was said.

ARMY SUPPLY SALE IS STARTED TODAY

(By Associated Press) WASHINGTON, Aug. 18.—Parcel post sale of the vast surplus supply of foodstuffs which the war department is putting on the market was inaugurated today with every postmaster in the country furnished with a price list from which the consumer may order. Individuals will order directly from their postmaster. No turn will base his requisitions upon the war department on the volume of foodstuffs ordered.

For each of the seventy articles of food offered the price list shows the price per can or individual unit as well as the price per case or larger container. The gross weight of each package also is shown in order that the purchaser may compute the price he will have to pay by adding the parcel post rate from the nearest distributing point. The foodstuffs have been distributed in each of the thirteen war department subsistence districts in proportion to population, the prices quoted being f.o.b. storage points in those districts.

EPISCOPALIANS PLAN CHANGE

(By Associated Press) NEW YORK, Aug. 18.—Radical changes in the sanctioned practices of the Episcopal church are provided for in a report made public here last night by the church's commission, to be submitted to the convention of the church in October.

WILL SAIL SEPTEMBER 1.

PARIS, Aug. 18.—Before leaving for Italy, General John J. Pershing, Commander in Chief of the American armies in France, told correspondents that he expected to sail for America about September 1, and shortly after his arrival would visit his old home in Missouri and would also go to Cheyenne, Wyoming.

Trees Necessity, Says City Engineer, Advises Neighborhood Clubs to Plant and Care for Them

By DEL B. DAVIS

It has been said that a city is known and remembered by the number and beauty of its shade trees. Nothing is so attractive as a street lined on either side with beautiful trees. Richmond has many, but she has not enough.

The benefit to be derived by planting shade trees was well appreciated by our earlier citizens. Our thoroughfares show many shade trees of which we are now very proud. Only some of the newer additions to the city do not now have shade trees planted along their streets.

Many citizens become discouraged about planting trees, for when they attain a certain size they are often unduly cut by linemen to allow wires to pass through. Or upon repeated planting, the trees die prematurely. If you have difficulties, seek the advice of an expert nurseryman. It is one of the requisites of good citizenship to keep trees planted about your home.

Need Much Care. Trees need care and attention or they become liable to attack by insects or disease. Recently forty trees in Richmond were reported by the police to be dead, and their removal ordered. Will forty new trees be planted in their places this fall? It is doubtful, but they should be.

Among the numerous varieties of trees to choose from are the Oriental Plane, Ash, Maple, American Elm and Birch, all of which make delightful shade and are well suited to our climate.

It is best to plant shade trees about thirty feet apart, as nurserymen say it requires that distance to give their branches space to spread. In many places in Richmond the trees are planted too close together. Instructions on planting can be obtained from any nurseryman's catalogue.

Haste in Action Upon Hungry Question Asked

(By Associated Press) BUDAPEST, Aug. 18.—Brigadier General Harry H. Bandholtz, American member of the allied military mission here, is urging his colleagues to ask the peace conference to act quickly in regard to the presence of the Rumanians in Hungary. This action on his part was taken in view of reports coming from all sides that the Rumanians continue to requisition food supplies.

Captain Thomas C. Gregory, chief allied food administrator in Central Europe, takes a strong position regarding food and will permit none to enter Hungary as long as the Rumanians continue their seizures. This food was purchased by him with Hungarian money which was obtained in Vienna when the communist regime collapsed.

Herbert Hoover, chairman of the allied relief organization, who is now in Warsaw, has been asked to exert pressure on the peace conference for immediate action. Rumanian military authorities have asked that the American direct wire to Vienna be run through the central exchange, under control of the Rumanians. This request was refused.

Constantine Diemandy, the Rumanian high commissioner here, stated today that he would attempt to remove the censorship from the allied press, but complained that he did not have control of the military authorities.

POPULACE DRIVES REDS FROM ODESSA

(By Associated Press) LONDON, Aug. 18.—The Bolsheviks have been driven from Odessa by the populace of the city, according to reports received by the British war office. It is reported also that the Soviet forces are evacuating Kiev and the entire Ukraine.

GREATER STRENGTH IN ARMY IS URGED BY WAR SECRETARY

(By Associated Press) WASHINGTON, Aug. 18.—Calling attention to the "disturbed state of the world at present," Secretary Baker told a senate military subcommittee today that he would not be doing his part unless he urged upon congress to provide for an army that would "represent the strength of the United States." The committee is considering the war department plan for a standing army of 567,000 men and universal military training.

Mr. Baker said the nation's military policy must be modified as a result of the experiences gained in this war, not only in the organization of the war department but also in the organization of the army so as to bring about greater co-ordination.

MULLIN WITH TRUCK FIRM

(By Associated Press) WABASH, Ind., Aug. 18.—George Mullin, former major and minor league baseball player, and for several years pitcher for the Detroit American league club, has accepted a position with a motor truck company here.

The Theatres

MURRAY. Pigs do not belong in the laundry chutes, but Peggy Hyland will not believe it. In "Cheating Herself," the William Fox comedy which is shown today for the first time at the Murray theatre, the jolly little star believes this to be the most appropriate hiding place for little pigs.

In this picture she is said to be up to more mischief in one minute than

there are seconds in the minute. She plays the part of Patience Hilton, who is out of patience with the life of ease and luxury she is obliged to live, because she is a millionaire's daughter. She believes in the "sweat of one's brow" theory, and decides to give it a trial. But she refuses to go into the experiment alone. The whole family must be reduced to a state of bankruptcy, in order to adopt the simple life. And of course, after a few days of dishwashing and floor scrubbing—but why give away a good story?

MURRETTE.

Art Hoxen, who plays "Nick Horton," the cow-puncher hero in "The Love Call," Billie Rhodes' latest production showing at the Murrette, is a real cowboy, who has spent the greater part of his life on the plains.

Hoxen, a husky giant, is a dare-devil horseman and pulls off many hair-raising stunts of reckless riding in "The Love Call."

He is also quite handy with his digits, and as he weighs two hundred and thirty, when in condition, has had many offers to help train prize fighters for their bouts.

The latest offer was from Jack Dempsey, who defeated Willard for the heavyweight championship of the world. On account of his size, which approximates Willard's, Dempsey wanted the cow-boy actor-pugilist as a sparring partner, but up to date, Hoxen decided that he preferred to "shot" by the camera rather than taking a chance of having his classic map ruled for the films by the giant-killer, Dempsey.
