

SUSPENSION OF IMMIGRATION TO U. S. ADVOCATED

Bill Submitted by Johnson Would Stop Influx of Laborers for Two Years.

WASHINGTON, Aug. 21.—A bill to stop all immigration for two years and to deport all aliens who withdrew their first papers in order to escape military service during the war was introduced today by Chairman J. B. Johnson, of the House Immigration Committee.

After the end of the two-year suspension, aliens would be entitled to admission to the United States only under a passport or on their written declaration to become an American citizen. They would be required to register annually until citizenship was conferred.

Few Exceptions Made. Fraudulent entry would be punishable by five years' imprisonment and \$1,000 fine, to be followed by deportation.

A few exceptions to the prohibition of immigration for two years are permitted by the bill.

Alien residents of the United States might send for their parents, grandparents, unmarried or widowed daughter or son, under 16 years old, unless these relatives had been in the country for whom special authorization for admission would be required.

Skilled labor also might be imported under existing law, and foreign officials, tourists, students and professional men might come into the country temporarily under passports.

Alaskan Prospects Enter New Lands in Gold Search

(By Associated Press)

NOME, Alaska, Aug. 21.—Twenty-nine weathered explorers hailed from every quarter of the globe and bound for some mysterious gold country of northern Siberia, left here last night aboard the sailing schooner Casco, once the property of Robert Louis Stevenson. Fears were expressed by Nome residents before the boat left that it would not be able to get through into the Arctic Ocean as reports received here recently said the Bering Straits were still blocked with ice. Members of the ship's company said they were bound for some point in a vast uninhabited territory lying along the Arctic shore of Siberia between East Cape and the Lena River. They would not divulge the exact location of their destination.

FOR 16 YEARS ALL HIS EFFORTS WERE FAILURES

Conn Found No Relief Till He Took Tanlac—Gains Twenty Pounds.

"I tried for sixteen long years to find a medicine or treatment that would overcome my troubles but all my efforts failed completely until I commenced taking Tanlac," said Dan Conn, a well known employee of the P. & O. Implement Co., and who lives at 86 East Elm Street, Canton, Ill., the other day.

"My general health just seemed to give down all at once," continued Mr. Conn, "and during all these years it has been a hard struggle for me to keep on my feet. It was just a general all round breakdown, but my stomach seemed to give me more trouble than all the rest of me. What little I ate just seemed to lie like a lump of lead right in the pit of my stomach and would cause me to suffer something awful. All my strength left me and I just had to drag around with no life hardly at all. Then to make matters worse, rheumatism hit me about four years ago, and this trouble got so bad that it finally put me in bed where I had to stay for a good long time. For several days at a time, my legs would be so badly drawn up that I couldn't straighten them out at all, and the only way I could get any relief was by rubbing my legs for hours at a time. I lost so much in weight until I got to where I looked like a skeleton almost. I went everywhere for treatment that I was able to go, and tried many different kinds of medicine, but I just gradually got worse all the time."

"That was the condition I was in when a friend of mine talked me into giving this Tanlac a trial, and sir, if you would just come down to the factory and see me work now, you would never think that I was down and out in health such a short time ago. Tanlac did it too, and I'll tell the world so, and I will say further that I think it is the best medicine on earth. Tanlac just hit my case exactly, and since taking nine bottles of it I am as well and strong as I was in my life. I have a fine appetite, and everything I eat agrees with me all right. My stomach trouble has been completely overcome and so has the rheumatism. I have gained over twenty pounds in weight, and am stronger in every way than I have been in sixteen years. Now a medicine that will do that much for a man ought to be talked about, and as long as I live I will boost Tanlac everywhere I go."

Tanlac is sold in Richmond by Clem Thistlethwaite, in Greensfork by C. D. Sornine, in Cambridge City by Mr. Dean House, in Pershing by Sourber & Rodenberg, in Centerville by Centerville Pharmacy, and in Milton by W. L. Parkins.—Adv.
