

YANKS AMAZED RUSS BY FEATS OF ENGINEERING

Railway Troops Performed
Seeming Miracles on Dashes
Toward Interior.

SOROKA, Russian Paland, June 30.—Via London, July 28.—Correspondence of The Associated Press.—Pushing forward daily into territory of the Bolsheviks and often under fire, the American railway troops on the Murman front in two months transformed 76 miles of dynamited and burned bridges and railway, wrecked and destroyed by retreating Bolsheviks, into a world-beaten railway which they maintained, operated and maintained.

To these troops the British command gives much of the credit of the seventy-five mile advance toward Petrozavodsk. In the contingent were 36 officers and 476 men, comprising the 167th and 188th companies of railway troops as a special battalion under Major E. E. MacMoreland, Kansas City, and every kind of railroader from a superintendent to a section hand.

The Yanks worked so fast in fact that the Bolsheviks, according to prisoners taken, believed that they had miraculous machines for track-laying and adjustable bridges which they dropped in as they went along. It was all done by a gang under Captain C. J. Jones, of Peterson, N. J., who in Alaskan and Latin-American jobs was nicknamed "Hurry-up Jones."

The men worked seventeen hours daily with the enemy right ahead and the British artillery right behind awaiting construction. There were also battles and skirmishes in many small sidings where on several occasions the constructors and also the train's crews were under fire.

Attacked by Bolsheviks.

On May 19, while building a bridge under shrapnel fire, the Yanks were surrounded by Bolsheviks skipping through the woods and dynamiting the bridge three versts in the rear. On the way back to repair the bridge the Yanks were again attacked at close range but managed to escape.

The ship detachment, under Captain C. E. McMillan, of South America and Panama, formerly from Omaha, had to transform junk pile equipment into workable rolling stock.

Then the Yanks, under Captain H. G. Odell, former assistant and superintendent at Santa Fe, built and operated an eight-mile street railway in Murman. Under Lieutenant Charles B. Tufile, they operated and manned an armored train.

Railroad men who formerly drew high pay in Boston, Pittsburg, or Indiana shared in making these railway enterprises a Yankee success.

College Corner, O.

Mrs. William Riggs returned to her home in Richmond Tuesday after an extended visit with her mother, Mrs. Warren Roberts. The College Corner and Union township school teachers are attending Institute at Liberty this week. Mrs. Robinson of Mixer-ville, mother of Mrs. Glen Dover, died Tuesday morning at her home in Mixer-ville. The funeral was held Thursday morning at 10 o'clock at the Harmon church. Will Maxwell and family of Liberty spent Monday with W. E. Baker and family. Mr. and Mrs. Henry Witherby, Mrs. C. W. Douglass and daughter Mabelle and Gertrude Baker were shopping in Richmond Tuesday. Mr. and Mrs. Roy Wright, Mr. and Mrs. James Orr, Mrs. G. B. Gilmore, Mrs. William Earhart, Mrs. Warren Roberts, Mrs. Alexander McDill and daughter Nelle, Mrs. L. T. Latta and daughter and Mrs. Frank Jeffers were in Richmond Tuesday. Herbert Miller of Cincinnati and Joe Davis of Hamilton took dinner with Charles Douglass and family today. John Leffler and family motored to Hamilton Monday, taking Mr. and Mrs. Taylor Alexander with them. Mr. and Mrs. Alexander had been keeping house for Mr. Leffler's while they were taking a trip through northern Indiana. Word was received by Mr. and Mrs. Jack Shepherd of Hamilton, Ohio, former residents of College Corner, from General Pershing that their son Marion had died in France. J. E. Kaufman and family attended Institute at Liberty Wednesday.

Hawkins' Swimming Season Is Best Ever; Many Women Take Dips

C. A. Parker, proprietor of the Hawkins' swimming pool, says this summer was the best season for swimming he had experienced in several years, and good sized crowds were in the water every day. The last two weeks, however, the pond has not been quite so popular, because of cool weather.

This summer more women made use of the pond than ever before, said Parker. It is thought that the women's classes at the Y. M. C. A. is the cause for this, as the lessons encouraged girls and women to take up outdoor swimming.

On warm days during the chautauqua season, numbers of campers take advantage of the nearness of the pond to enjoy a swim.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.—Adv.

AMERICANS BRING REP FROM DAYTON

Dayton Americans, scheduled to play here Sunday, August 24, are coming over with the intention of breaking the winning streak of the locals. The Americans are reputed to be a much better club than the Dayton Red Sox, who were defeated by the Quakers earlier in the season.

Hikes, Dayton's crack pitcher, formerly pitched for the Louisville club, of the American association, but as the spit ball is barred in that league this year, Hikes is pitching semi-pro ball for the Americans, although he has had several offers to play league ball.

He has defeated such strong teams, Farmland, Ind., Hamilton, Springfield, Lima and Wilmington, Ohio. Although defeated, he held the Newcastle Maxwell club to one run; the Muncie Greys had to go fourteen innings to beat him, and the Cincinnati Norwood, semi-pro champs of the world, were only able to score one run off his delivery.

SHIPS TO BE RELEASED.

WASHINGTON, August 22.—The American passenger liners, Finland, Kroonland and Louisville, (formerly the St. Louis) will be released from government service as soon as surveys for repairs have been made, the shipping board announced Thursday. All have been used for army transports. They are owned by the International Mercantile Marine.

SKIN ERUPTIONS CAUSE UNBEARABLE ITCHING

Scratching Increases the Irritation of the Delicate Skin Tissue.

You can claw your nails into your skin until it bleeds, in an effort to obtain relief from the fiery itching and burning caused by skin diseases, but you only increase the irritation and pain.

And you can pour ointments, salves and lotions by the gallon on the irritated parts, without obtaining anything but temporary relief. Just as soon as the strength of the counter irritant gives out, your pain and torture will return with increased violence, because these local remedies have not reached the source of the trouble.

The real source of all skin disease is the blood supply. The blood be-

SHODDY

THE DICTIONARY DEFINES THE WORD "SHODDY" AS: "Inferior, Not Genuine, Sham" and, whereas this expression is more popularly applied to clothing, such may with equal good taste and forcefulness be used in connection with lumber for there is such a thing as Shoddy Lumber.

THE EFFECT OF SHODDY LUMBER IN BUILDING is identical with that of shoddy clothing for the individual. For a brief period ostensibly all right, then a sudden giving away and falling apart—old and down and out before its time.

YOU'VE SEEN THEM, THESE HOUSES WHICH WERE built to sell: Imperfections cleverly camouflaged; lumber exposed which possesses no weather resistance; carelessly chosen, imperfectly cut—old in depreciation even before the final nail is driven.

LUMBER IS ONE THING. GOOD LUMBER is the all important thing in building. To build with any other than that of "PERFECT KWALITY" is to erect upon that foundation of sand which is the Biblical epitome of the foolish man.

HERE IS THE MORAL: BUY ALWAYS WHERE both material and service are guaranteed. Build, not for today and tomorrow, but for a lifetime. Use "PERFECT KWALITY" Lumber.

**Healthy Mothers
Healthy Babies**

Every true mother realizes the fact that her baby's health depends upon her own, that the very vitality of her child is influenced by her own physical condition. How important it is, therefore, to guard against any impairment of the female organs, which induce general weakness, nervousness, constant fatigue and utter inability to properly care for her child. Please remember, that Lydia E. Pinkham's Vegetable Compound has brought health and strength to thousands of such mothers.

Miss Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, some days I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia. I had gained in strength and was able to go around and do all my housework. My baby when 7 months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good.—Mrs. PEARL MONTAGUE, Mitchell, Ind.

Good health during and after maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.
