

BRINGING UP FATHER

TEACHERS PASS RESOLUTIONS AT EATON MEETING

Minimum Wage of \$100 Favored by Preble Pedagogues—Ask Legislation.

EATON, O., Aug. 22.—That there be a minimum salary law of \$100 per month for regularly certified teachers, in order to preserve the teaching profession in Ohio, and that revaluation of real estate be made so that the limit for school purposes be raised to meet present conditions were among the recommendations embodied in resolutions adopted Thursday by the Preble County Teachers' Institute, which had been in session here since Monday and which closed this afternoon.

The \$100 per month salary was recommended for the purpose of enabling the teachers, in service, to continue to live comfortably and grow; and to induce capable young men and women to undertake preparation for the profession, in addition to preserving the profession in Ohio, the resolution explains. Teachers of the county are urged to make careful study of the sources from which school funds are derived.

It was resolved that the president of the institute appoint a committee of five members, one of whom is the county superintendent, to act in conjunction with the committee of the Ohio State Association in securing the needed school legislation.

For the teachers own professional standing, their interest in working as an organized unit, and in giving prestige in securing proper school legislation, every teacher in the county should be an active member of the associations, the resolutions recommended.

The resolutions adopted also pledged the teachers to give their best service to the schools and pupils the coming year. Vote of thanks was extended to the instructors—Dr. Alfred Hall-Quest, University of Cincinnati, and Dr. S. C. Schmucker, State Normal coll. of W. Chester, Pa., and to the county commissioners for the privilege of using the assembly room in the county house for the week's meeting.

In the annual election of officers, conducted Thursday afternoon, Walter Waggoner, of Eaton, was re-elected president of the institute association, and Miss Gertrude McShane of Camden, was re-elected secretary. The executive committee will be appointed by the county board of education at a later date. It is highly probable the present executive committee will be re-appointed. It is made up of County Superintendent Walter S. Fogarty, Eaton, chairman; Clayton R. Coblenz, New Paris; L. F. Schleser, Eldorado, and Joseph S. McDivitt, Campbells-

The enrollment of teachers at the institute reached the highest point Thursday, when 123 registered.

In addition to the lectures by Dr. Hall-Quest and Dr. Schmucker, C. H. Teach, state superintendent of public instruction, addressed the institute at the morning and afternoon sessions.

Dr. Hall-Quest's lecture subjects the closing day were "Social Activities of the School" and "Class Room Management." Dr. Schmucker's themes were "The Place of Nature Study" and "What Next?"

Two solos were sung at the afternoon session by Roy Benham. The morning session opened with music by the institute, followed by devotional exercises conducted by Rev. Hiley Baker, of the local Christian church. At the close of the institute this afternoon certificates of attendance were issued to the teachers.

Food Demand is Small.

While the demand was not as heavy as expected, yet local people, some of them, evidently took advantage of the opportunity to order surplus army supplies through the local postoffice. Postmaster W. H. Buckes records the following totals, the ordering period covering three days' time: Bacon, 238 pounds; baked beans, 72 cans; stringless beans, 48 cans; sweet corn, 98 cans; lye hominy, 24 cartons; rolled oats, 99 pounds; rice, 300 pounds; syrup, six 10-pound cans; green peas, 96 cans; tomato soup, 96 cans.

Tobacco is Sold.

Something like 60 cases of Spanish tobacco were bought in Preble county this week by a New York buyer at 18 cents a pound, according to a local buyer, who made rounds of the country with the New Yorker. It is said the tobacco was not purchased from members of the county tobacco growers' association.

W. C. T. U. Elects Officers.

These officers have been elected by the Eaton branch of the Preble county W. C. T. U. to serve during the ensuing year: President, Mrs. Laura Overholser; vice president, Anna L. Hahn; secretary, Mrs. Mary Small; assistant secretary, Miss Ruth Niswander; corresponding secretary, Mrs. Eva Larkin; treasurer, Mrs. Edith Johnson.

A. A. Maysilles, of Dayton, superintendent of the Ohio dry federation, will address the dry workers of Preble county here Sunday afternoon at 2 o'clock at the United Brethren church, at which time the county forces will be reorganized to combat the referendum on last fall's vote at the coming November election, as well as the legislature's ratification of the federal amendment, which will be before the voters in November.

The resolutions adopted also pledged

the teachers to give their best service to the schools and pupils the coming year. Vote of thanks was extended to the instructors—Dr. Alfred Hall-Quest, University of Cincinnati, and Dr. S. C. Schmucker, State Normal coll. of W. Chester, Pa., and to the county commissioners for the privilege of using the assembly room in the county house for the week's meeting.
