

## SENATOR KNOX ENTERS FIGHT ON PEACE PACT

Present Treaty Joins Ranks  
of Senators Opposed to Ac-  
ceptance.

WASHINGTON, August 22.—Senator C. Knox, of Pennsylvania, today joined the ranks of those who believe the treaty of peace with Germany should be cast out and rejected by the United States.

The safety of the United States, in the opinion of the Pennsylvania senator, makes it necessary that this nation should keep out of the European situation altogether, and have nothing to do with the engagements laid down by the treaty for the disposition of European and Asiatic inhabitants and territory.

Senator Knox announced this position at a luncheon served in his office in the Capitol, to which seven other senators were invited, who are irreconcilably opposed to the League of Nations and to the entire treaty.

Those who attended were Senators William E. Borah of Idaho, Hiram W. Johnson of California, Albert B. Fall of New Mexico, George H. Moses of New Hampshire, Frank B. Brandegee of Connecticut, Miles Pollock of Washington, and James Reed of Missouri.

## HISTORY OF MEXICAN OIL LAWS IS ISSUED

(By Associated Press)

MEXICO CITY, Aug. 22.—Complete history of the Mexican petroleum question including legislation dating back to the days of Spanish dominion and continuing up to the constitution of 1917, together with data concerning the industry and figures showing profits made by oil companies in this country, has been furnished the Associated Press by Leon Salinas, under secretary of the petroleum and labor, which development has charge of matters pertaining to petroleum.

Sections of laws enacted since 1793, according to the statement establish for the Mexican government the legal right to exercise dominion over coal and oil deposits and to enact mining and commercial codes which shall be binding throughout the republic. Article 27 of the constitution of 1917, the statement says, "defines in clear terms the dominion of the nation over hydrocarbons and outlines a system of concessions for the exploitation and development of petroleum territory."

Discussing various legal phases of the question and giving historical data concerning the establishment of different development countries in the republic the statement gives production figures which show that from 1901 to 1918 approximately 288,000,000 barrels of oil were produced in Mexico each year. The production during 1918 was approximately eleven percent of the potential production of the country, the statement says adding that lack of transportation has been the reason that the Mexican oil industry has not as yet equalled that of the United States.

## Chilean Mission Is Disbanded in Europe

(By Associated Press)

WASHINGTON, Aug. 22.—Gustavo Munizaga Varela, counsellor of the Chilean embassy here, has been appointed consul general of Chile at Liverpool. Jose Luis Riesco is at present acting as counsellor and Luis Illanes has been appointed to succeed Senator Varela.

It was learned today that the special financial mission from Chile, which recently visited the United States has broken up in Europe, although no reason is known at the embassy for this. Augusto Villanueva, president of the Bank of Chile and Juan Enrique Tocornal, former minister of foreign relations, have resigned. It is reported, leaving Senator Eliodoro Yanez the only member of the mission.

## New Peru Government Is Snubbed by Mexico

(By Associated Press)

MEXICO CITY, Aug. 22.—The Mexican government does not recognize and will not recognize the new government of Peru, recently installed by a coup d'etat, according to a story printed by El Demócrata, which adds that the Mexican government on the anniversary of the Peruvian independence did not send the customary cablegram of felicitation.

There are neither diplomatic nor consular representatives of Peru at the Mexican capital.

## Arms Distributed Among Peasants in Pomerania

(By Associated Press)

BERLIN, Aug. 22.—A mysterious distribution of arms among Pomeranian peasants is reported by the Zwölf Uhr Blatt, which says that a military auto delivered a load of arms Saturday. Another auto was seized when about to deliver four hundred rifles, and a quantity of ammunition to the Pomeranian agricultural league.

## PESKY BED BUGS

A MILLION BED BUGS. Just think, a 35¢ package of the new golden chemical P. D. Q. (Pesky Devils' Quietness), is enough to make a quart and enough to kill a million bedbugs, no matter how large they may be, where they came from, their age, color or sex, and the same time leaves a coating on their eggs and prevents hatching.

CUT THIS OUT. This new chemical can be had at any first-class drug store. A 35¢ package makes a quart of P. D. Q. and will go farther than a barrel of old-fashioned bug killer.

Your druggist has it, or can get it for you.—Adv.

## Akron, O., Machinists Vote to Go on Strike

(By Associated Press)

AKRON, O., Aug. 22.—Machinists here, at a meeting last night, voted unanimously to go on a strike this morning for increased wages and changed working conditions. More than 3,000 men employed in twenty-six factories including the large rubber plants, would be affected.

The demands include besides increased wages, abolition of all bonus and premium systems, second and third shift men to receive for forty hours the same pay first shift men receive for a forty-four hour week.

A secret ballot taken last Saturday and Sunday, according to S. L. Newman, business agent of the union, indicated that 80 per cent of the machinists favored the strike.

The International Harvester company is said to be the only shop not affected, an agreement having been reached yesterday.

## Four Men Meet to Decide Golf Title

(By Associated Press)

PITTSBURGH, Pa., August 22.—The semi-final round of the National Amateur golf championship started on the morning with Robert T. (Bobby) Jones, of Atlanta, paired with W. C. Fownes, a former national champion, of Oakmont, while S. Davidson Herriot, of the home club, met J. Wood Platt, Philadelphia.

Golf experts, attending the play, were not anxious to express opinions as to the probable winners in the semi-finals. The four golfers who have survived the three rounds of match play, have demonstrated wonderful skill, and while Jones and Platt are favored by many to meet in the final round Saturday, others expect that the 18-year-old Atlanta player will mark the crowning of a new amateur champion.

## WILDE MAY MEET FORT WAYNE BOY FOR BELT

## Hot Tea and Frozen Cream Very Constipating

(By Associated Press)

THERE is little inclination for solid food on a hot day. Cold drinks and ices, salads and pastry form much of the diet, especially among women. This lack of wholesome variety, however, interferes with proper digestion.

The result is biliousness, listlessness, dizziness. The cause is constipation. The stomach could not digest nor the bowels pass off the day's strange mixture of food and drink.

A simple way of overcoming the trouble is this: If you have not already got Dr. Caldwell's Syrup Pepsin in the house, go to a drug store and buy a 50c or \$1 bottle. Take a teaspoonful tonight before you go to bed. It will act in the morning, and immediately thereafter your

head will be clear and that feeling of oppression will be gone. Syrup Pepsin is a combination of simple laxative herbs with pepsin. It acts on the stomach-muscles training them to do their work naturally so that medicines can be dispensed with. It is the most widely used laxative compound in the world. That means merit.

A free sample bottle can be had by sending your address to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.
