

IS FOR WILSON ON LEAGUE, SAYS SEN. F. M'CRAY

State Senator Denounces
Stand of Persons Opposing
League and Treaty.

Setting forth what provincialism has already done to the world and its advancement, state senator Franklin M'Cray spoke on the league of nations and his desire for its ratification, before members of the Teachers Institute of Wayne county and other members of a representative audience in the chautauqua tent Monday morning. "I am for the league of nations and I want it ratified," said the senator. "I am not a member of the same political party as President Wilson and I did not vote for him, but I am for him every inch on the league of nations question."

The senator pointed to the steps backward which would be taken were not a tribunal for the settlement of the troubles of the world established. "Imagine the chaos of our country if we had no courts, imagine trying to settle all our affairs through diplomacy between ourselves alone. Where would we be? And the nations of the world get and what good has the great war we have just gone through, been, if a place for future peaceful settlements of the disputes of nations is not arranged."

Asks Treaty Signed
"Often, too often, you hear men say that they do not believe in the league as it now stands; that they believe in numerous amendments. Do they suggest what these should be? Will they perfect the league to any greater extent than our constitution was when it was first made a part of us?"

"While the world is waiting and the powers are ready, without amendment or delay, I want the treaty of peace, together with the League of Nations, which is to make peace for all the world, accepted and signed."

"I want this so that we may not lose upon the field of diplomacy what we gained upon the field of battle; that our boys will not have fought and died in vain. I feel that the league will be ratified," Senator M'Cray predicted.

"If we do not do this thing, the sins of our generation, of our selfishness will be visited upon the people of succeeding generations. If we do join ourselves in a great alliance of the world to protect and assure peace, the nations of the world will be shaking hands with each other in a better, brighter, happier world. The international law has got to be rewritten, for our inventions make it absolutely impossible for us to remain isolated either as enemies or friends," he said.

News and Notes of Chautauqua Grounds

The subject of President Elmer B. Bryan's address, Monday afternoon, was "The Correction of Prussianism." President Bryan will head the Teachers Institute for the entire week.

The Alice Shrode, a youthful prodigy, has been secured to take the place left vacant by the inability of the Old Home Singers to appear at the chautauqua on Tuesday. The Farmers Concert Company will appear at the hour advertised for the Old Home Singers on Wednesday. Both companies have been recommended highly to the management.

"If so many untrue things were not said about the use of tobacco, perhaps more people would let it alone," President Bryan.

"The league of nations will eventually be accepted as much as the constitution of the United States is now," said Senator Franklin M'Cray.

"I predicted a saloonless country for 1920, and now I predict a saloonless world for 1930," Landrith.

"Lincoln's name has come down to us as the greatest until Woodrow Wilson," Landrith.

"We are always in a hurry and never ready: God is never in a hurry and always ready. God is always right; we seldom are," Landrith.

"I have the greatest contempt for a man who will say as Lodge did—'Let all Republicans see me before they decide about the League of Nations.'—Landrith.

"The world war was too big to be a Republican or Democratic affair, and the League of Nations is immensely too big for partisanship," Landrith.

"We never could have won the war if we had not been right," Landrith.

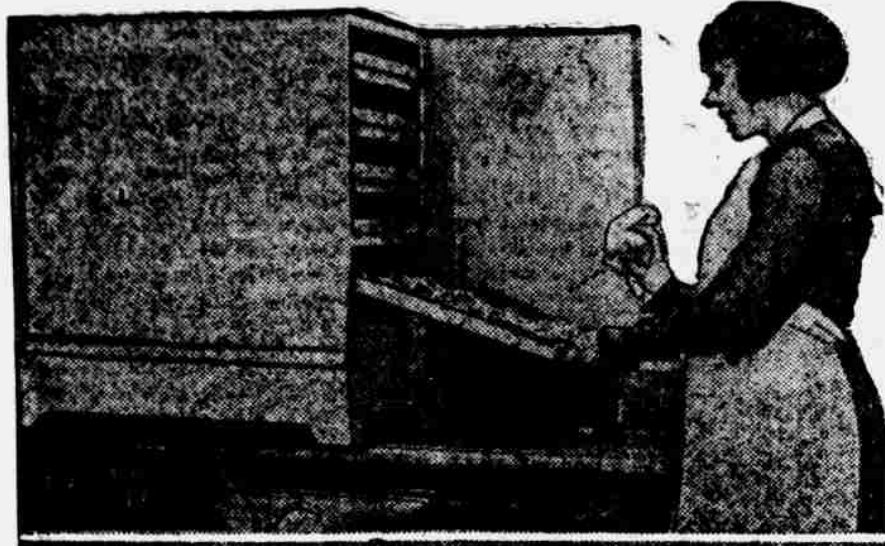

WAR HEROES FIRE SALUTE

TORONTO, Ont., Aug. 25.—The Prince of Wales today visited the government house at Rosedale. As he left his train he was greeted by Lieutenant Governor Hendrie, Premier Hearst of Ontario, Mayor Church of Toronto, Brigadier General Gunn and other officials. A battery manned by artillery veterans of Sanctuary wood, Vimy Ridge and Cambrai fired the royal salute across the Don valley.

D. E. BILLMAN, OF ST. PETERSBURG, FLA., is spending a few days in this City.

Mr. Billman is proprietor of one of the largest rental agencies in St. Petersburg. Anyone desiring any information as to climate, rentals or real estate can see Mr. Billman at the Davis Overland Sales Company, 1209 Main Street from 10:00 to 12:00 a. m. and 4:00 to 6:00 p. m. Phone 2411. If not convenient to call before Sept. 28th write to The Billman Agency, St. Petersburg, Fla.

Preserve Peaches Without Sugar by Drying by Artificial Heat or Sun

May Use Cookstove Dryers.

Peaches are usually dried unpeeled, although a superior variety is made by removing the skins. Select peaches for drying which are ripe but not soft. Wash, cut in half, remove stone and place in trays with the pit side up. Many housewives use a lye solution for removing the skins. Dissolve two pounds of commercial concentrated lye in 10 gallons of water. When boiling hot, place the peaches in a wire or wooden basket and plunge into the solution for 1 to 2 minutes, moving the basket up and down to hasten contact with the lye.

Lift from lye when fine cracks or checks in the peel appear. Plunge immediately into cold water and move about to wash off the lye. Remove the skins by rubbing between the hands or with a brush. Wash to remove the adhering lye. Slice, take out pits and place on the drier, cavity side up.

If peaches are dried in the sun, cover with muslin or mosquito netting to protect from insects the same as with other kinds of fruit. In an artificially heated drier the temperature at the beginning of drying should not be more than 120 degrees. F. This may

be gradually increased to 160 degrees. When the peaches are pliable and leathery and no moisture can be pressed out of the freshly cut surface, the product is sufficiently dry. Transfer from the drier to large, clean wooden boxes or pasteboard boxes and cover with muslin which will admit the air and exclude insects. Place the box in a warm room in a rather dark spot. Stir daily until the fruit is in a uniform condition, after which pack it in permanent containers and store in a dry, airy place.

Apricots and nectarines are treated in precisely the same way.—United States Department of Agriculture.

AUSTRIAN TERMS COMPLETED TODAY

(By Associated Press)
PARIS, August 25.—The treaty with Austria will be considered by the supreme council this afternoon and probably will be handed to the Austrian delegates tomorrow. Five days will be given for consideration unless the Austrians ask for a longer delay.

ITALIAN ADMIRAL HERE.

BOSTON, Aug. 25.—Rear Admiral Hugo Contz, of the Italian navy and officers of his flagship, the dreadnought Conte di Cavour, were welcomed to this city today. The battleship arrived in the lower harbor yesterday. Most of the day was occupied with official calls. The battleship will remain here a week.

LEGION TO CHOOSE NAME FOR LOCAL POST AT MEETING

Final organization of the Wayne county post, American legion will be perfected at the meeting to be held tonight at the court house, according to Frank Strayer, president of the post. There will be no speakers at tonight's meeting, and President Strayer said Monday morning that he expected to have the business completed in an hour.

One of the most important matters to be taken up at tonight's meeting will be the choosing of a name for the Wayne county post, upon which choice will depend the award of the \$50 prize offered by Will Romey for a name for the post.

The names proposed by the committee selected to go over the contest selections will not be announced until the meeting tonight.

No Living Person
Some change may result in the choice of the committee as the result of an order just received by President Strayer from the National Headquarters which provides that no post shall be named after any living person.

As a result of such ruling, suggestions which included the name of some living person cannot be considered as a name for the post.

The meeting will be called at 7:30 o'clock, and the business to be transacted will be finished in the shortest possible time, according to Strayer. The meeting will be held in the circuit court room on the third floor of the court house.

AMERICANS GIVE AID TO SARAJEVO

SARAJEVO, Bosnia, August 25.—Sarajevo, scene of the assassination of Archduke Ferdinand of Austria, suffered less from the war than any other city in the Balkans. As compared with Belgrade, it is a city of luxury and plenty. The cafes have all the food one cares to buy, the stores are well stocked, and the Jewish and Turkish vendors of souvenirs still do a flourishing business.

The service at hotels and restaurants is exceedingly bad, but that is generally true in south Europe, partly because most of the waiters and other employees during their four years at war, acquired the sloppy habits and careless ways and the spirit of I-don't-care. It is exceedingly difficult, from

ENGLAND'S BUSIEST BUSINESS WOMAN IS ON WAY TO AMERICA

Viscountess Rhonda.

The Viscountess Rhonda, daughter of the late British food controller, is called the busiest business woman in Great Britain. She is now on her way to Canada from whence she shall go to New York, spending two months there. Lady Rhonda is a director in more than thirty important British industries and she is the sole inheritor of her father's estates, her father being held as the wealthiest man in South Wales. She has carried on his business interests since last year and her visit to New York is purely a business one.

Athens to Belgrade, to find a waiter who will exert himself to please. One cannot say truthfully, whether or not the people of Sarajevo are content with the new Jugo-Slav government at Belgrade. Whatever dissatis-

faction may exist, however, is well guarded. In concert halls and elsewhere are posters which say "Speak Serbian." The formerly official German language is now superseded in all official publications by Croat, (Latin alphabet) and Serbian (Cyrillic). Programs and menus are printed on two sides in the two tongues. An official statement is to the effect that there is little dissatisfaction with the Jugo-Slav state as now organized.

There are a number of Americans at Sarajevo engaged in the affair of the American Red Cross and the American Relief administration. These organizations are jointly occupied in the child-feeding program of the United States, under the direction of Major F. C. Thwaites of Milwaukee, Wis. In Sarajevo three thousand school children and orphans are given a ration of

chocolate and roll daily. The mothers of the city are similarly blessed by Uncle Sam's agents.

'PLANE TURNS OVER IN AERIAL CLASSIC

(By Associated Press)

TORONTO, Aug. 25.—On the take off in the international aeroplane race from Toronto to New York and return, the machine piloted by Roland Rolfe, turned turtle and the other machines were called back. No one was hurt. Rolfe got away at 12:56 followed by Sergeant Coons, four minutes later. The other 16 entrants got away a few minutes apart.

Strikes on All Railroads Entering Los Angeles

LOS ANGELES, Calif., August 25.—Traffic on the four railroads entering Los Angeles virtually was paralyzed today by the strike of trainmen who quit their posts last week in sympathy with the platform men of the Pacific Electric company, which operates interurban systems in southern California.

The strike situation was further complicated today by the switchmen and brakemen of the Southern Southern Pacific railroad at Indio, Calif., walking out in sympathy with the members of the brotherhoods in other California cities. This action effectively blocks all traffic to Texas and Arizona points.

Fraudulent Tests Made of Holstein Cattle

(By Associated Press)
BUFFALO, N. Y., August 25.—A committee of the Holstein-Friesian association met here today to take testimony in regard to the alleged fraudulent tests of Holstein stock in the state which may effect the record of herds worth millions of dollars. The committee, with James A. Reynolds of Cleveland, chairman, had before it the confession of Charles Cole, former herdsman at Oliver Cabana's farm near here, in which he is alleged to have stated that he helped the records of Cabana's cows by surreptitiously putting cream into the milk pails during the tests.

TWO GERMANS ESCAPE

CHILLICOTHE, O., Aug. 25.—Twenty German prisoners escaped from the stockade here early last night, during a severe electrical storm. Eighteen of the twenty were captured later in the night.
