"INTERVENTION IN MEXICO"

Every thoughtful citizen will want to read this new book, timely and worth while, by Samuel Guy Inman. Price \$1.50. Would it be a blessing to Mexico? Would it be the entry of an army of invasion? What would that mean? Would it be a conflict of race and color? Is there any other way out?

GRAIN QUOTATIONS

WAGNER'S GRAIN LETTER

CHICAGO, 26.—Grain markets remain slow. The president's speech is regarded as a warning against any serious advance in food stuffs. The buying power on bulges remains light. Texas offers more corn to the north, but the trade believes the prices will not attract any serious quantity.

Argo strike is over and the Corn Products Company's plant is re-opened. Nebraska and adjacent territory receive good rains. Forecase warmer with showers. Hogs are 25 cents lower. Foreign Exchange at \$4.20 still represents European desire to restrict imports. July 1 to August 16 North American oats exports are reported only fair at \$8.00/0.00. A decrease of \$85,000 in oats visible was surprise. A big gain is due next week.
