

REDS BACK WITH LEAD INCREASED BY 24 POINTS

Wind Up Series in East by Wining Twice at Philadelphia—Come From Behind.

PHILADELPHIA, Pa., Aug. 27.—With the season finished as far as games in the east are concerned, Pat Moran and his dashing Redlegs in the eighteen contests staged during the eastern journey, have practically carried off the pennant hopes of John McGraw's Giants, by winning fifteen.

The Reds finished their eastern trip here Tuesday when they took two straight, the first by the score of 4 to 3, and the second 8 to 3, in fifteen innings.

They pulled their usual stunt, of giving their opponents a lead, and then dashed madly from the rear. In the first contest, a home run by Heinie Groh in the ninth with two down and a man on first gave the Reds a one run lead and won the game, and in the second five runs in the fifteenth inning closed the argument.

Gained 24 Points.

Although their average for the season has only been .680 up to the time they started their mad dash through the east, the Reds maintained a clip of .833 during their stay in that part of the country, and their standing today is just 24 points higher than when they left Cincinnati on their trip.

The Giants, their nearest opponents, are just nine full games behind, and have seven more games to play than the Reds.

For the remainder of this week, until Saturday, the Reds will barnstorm through some of the smaller towns in Pennsylvania, having no games scheduled until Saturday, when they play one game at Pittsburgh.

Sunday they come home for one game, and then they go to Chicago for four games, including a double bill on Labor day. The Reds then return to Cincinnati on the following Monday to finish the season.

Seats Sold Quickly.

A record breaking crowd is anticipated for next Sunday's contest at Redland park, and every seat in the big park was sold five hours after they were placed on sale, according to officials of the club in Cincinnati. The scores at Philadelphia and New York, Tuesday:

BUNCH OF "PROS" WILL PLAY LOCALS AT PARK SUNDAY

Smith, 2b; Frame, cf; Mattern, c; O. Berglin, if; Stewart, 2b; Worley, ss; Ogil, rf; Schott, 1b; Turner and Daus, p.

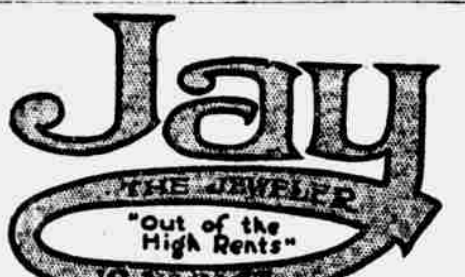

This is the line-up of the Indianapolis All-Professionals, who are booked to play here, Sunday, August 31, and Labor Day, September 1. The Professionals have a team composed entirely of players who have had minor league experience.

Smith, the third baseman for the club, was in the old Central League having played on the Terre Haute and Evansville teams. Stewart has played with Flint, Mich., in the Michigan State League, this summer and ranked as one of the leading batsmen of the league. Berglin is a heavy hitting left fielder, who at the time of his going into the army, was leading the Three I League in batting.

Worley played short stop for the fast Camp Grant team last year. Turner and Daus, who are slated to do the hurling for the All-Professionals are considered high class pitchers. Daus finished last season with Kansas City, in the American Association, and Turner was one of the most effective pitchers in the Three I league.

AGE BEATS YOUTH IN CITY TENNIS

Isley and Holaday defeated Ben Rost and Burr Simmons in two well played sets, 6-3, 6-2, for double honors in the city tennis tournament, Tuesday. So far, when the veterans have met the young players in doubles, the veterans have taken the matches. The chief reason for this can be attributed to the young players' inclination to use the Lawford and other sensational strokes, while not able to control them. The veteran players play a careful and consistent game. Jim Harrington beat Holaday in two fast and well contested sets, 6-2, 8-6. Harrington won the first set easily but in the second it began to appear as though the men would have to play three. At one time Holaday had Harrington 5-3 in games and 40-love in points, but Harrington took a brace and won the set.

Reds' Infield Has Helped Team on Defense and at Bat in Flag Race; It's a Hot Hit That Gets Through These Four, and Many a Hot Hit They Make

Left to right: Jake Daubert, Heinie Groh, Kopf and Rath.

Eeny, meeny, mini, mo, Daubert, Kopf and Rath and Groh Kill the base hits high and low, Eeny, meeny, mini, mo.

The spectacular defensive work of the Cincinnati Reds' infield, coupled with their part in the attack of the Moran Ohio team, has helped substantially in the great showing of Moran's team this season.

Daubert's work around first base stamps him as being the equal, as far as this year is concerned, of Hal Chase. Besides this he has been hammering the well known old apple at a .300 gait.

Rath at second has put up a brilliant brand of baseball and has done fair work at bat.

Kopf has played brilliantly at short and his pinch hitting and ability to score runs himself have made him a formidable member on the offensive.

Heinie Groh is without an equal in the third baseman list, in the old league, at least. He has also been slamming the ball at a .300 clip.

Eddie Rousch is the only Red who is batting better than Froh and Daubert.

The most important asset the Red infield possesses, is its ability to steady down after a temporary blow-up. The ability of the four to steady themselves quickly has pulled many a game out of the fire when it looked as though the opposing team had their nanny for the day or series.

England Orders Halt on Building of War Vessels

(By Associated Press)

LONDON, August 27.—All private shipbuilding yards throughout the country, numbering about twenty, are affected by the government order that all work be stopped on warships except those about to be completed Wednesday. The Admiralty yards at Chatham, Devonport and Portsmouth will not stop, however, as they are entirely occupied with the refitting of 2,700 steamers which are about to be returned to their owners from whom they were requisitioned for war service. Among warships being built at private yards are cruisers, destroyers and submarines, and the work on some of these may be continued, according to the Mail, if it is found cheaper to complete them than to break them up.

Shipbuilders must be liberally compensated where contracts are broken, but although several million pounds sterling may be involved, it may be more economical than carrying out the building program.

The Mail quotes an officer of the Admiralty as saying that one sound reason for stopping work is that the step will clear the yards for commercial building. There is an excellent demand for new tonnage and this work probably will absorb the men liberated by the stoppage of work on naval vessels, according to the Glasgow Daily Record, work on forty war-

ships, valued at 25,000,000 pounds sterling has been stopped.

INDIGESTION

Caused by Acid-Stomach

Millions of people—in fact about 9 out of 10—suffer more or less from indigestion, acute or chronic. Nearly every case is caused by Acid-Stomach.

There are other stomach disorders which also are sure signs of Acid-Stomach—belching, heartburn, bloating after eating, food repeating itself, gassy stomach. There are many ailments which, while they do not cause much distress in the stomach itself, are nevertheless, traceable to an acid stomach. Among these are nervousness, biliousness, crickets of the liver, rheumatism, impoverished blood, weakness, insomnia, melancholia and a long train of physical and mental ills that keep the victim in miserable health year after year.

The right thing to do is to attack these ailments at their source—get rid of the acid stomach. A wonderful modern remedy called EATONIC now makes it easy to do this. One of hundreds of thousands of grateful users of EATONIC writes: "I have been troubled with indigestion for about nine years and have spent quite a sum for medicine, but without relief.
