

RENSMAN MAY GO TO DAYTON FROM EATON OFFICE

Census Supervision Probably Must be Made From Largest City of District.

EATON, O., Sept. 2.—It is not unlikely that the offices of Census Supervisor Griffin E. Rensman, of Eaton, will be transferred from Eaton to Dayton, although the supervisor would prefer that his offices, which he has established in the courthouse here, remain in Eaton.

In a communication received by Supervisor Rensman from the director of the census he states that it is customary to establish each census district offices in the largest city in the district, which in the case of the Second Ohio Census district Dayton is the largest city.

It is desirable to have the offices in a federal building, which eliminates rental cost, when convenient. The offices as now established embrace all modern conveniences and no rental is to be exacted by the county commissioners.

That Dayton seems likely to get the offices is due to the fact that out of a total of 264 enumeration sub-divisions, as outlined in a tentative plan, Montgomery county has 166 enumeration sub-divisions or districts, while Butler county has 76 and Preble county 22.

Supervisor Rensman states that he will go over the situation carefully and if he is convinced that the work can be directed and handled to better advantage from a point other than Eaton he will of his own accord suggest that the offices be located at the point that is most advantageous.

With the time limit for filing nominating petitions, enabling candidates to get their names on the official ballot in the November election, expiring at midnight Thursday, only a few petitions had been filed up to this morning with C. The following list of Democratic candidates has been filed from Monroe township: Trustees, Henry Mattis, Fred Lock, W. I. McGuff; board of education, F. A. Howell, J. L. Studebaker, William Unger, B. Opera Singer to Appear With Barnes' Big Circus

Preferring the bright light of the white top to the footlights, Vera Earle, favorite in grand opera, quit the stage and sought the kayer life of the circus, under the protecting shelter of Al G. Barnes.

Lovers of music will find charm in Miss Earle, for not only is her voice one of excellent quality, but Barnes has provided her a snow-white pure blood Arabian horse, and further to add to the picture a covey of doves have been taught to come to the prima donna's call, hovering around and lighting upon her head and shoulders.

A forty-piece Marine Band, which is a new offering of the show this season, will play the accompaniments for Miss Earle.

(By Associated Press)
It was reported in official circles today that Ambassador Domicio Da Gama, who has been the Brazilian diplomatic representative here for eight years, will resign his post in the near future and would be succeeded by Senor Forioura Xavier, at present Brazilian minister to Great Britain. The report could not be confirmed at the State department, although it was learned the question as to who would be persona grata to this country has

been left to the American ambassador at Rio de Janeiro. It also was reported that the London post is to be raised to the rank of an embassy and that

Senor Da Gamba will be sent there as ambassador.

Velvet Always Hits a 3 Bagger: Sight! Smell!! Taste!!!

THEN it's easy to get to the home-plate, right where you snuggle down in an old coat and slippers to enjoy life.

To begin with, Velvet Tobacco, in its jolly red tin, has a wholesome generous look to it. Nothing namby-pamby about it. A red-blooded tin full of red-blooded tobacco, for red-blooded folks.

Open it up—and you get the fragrance that Nature stored in the tobacco during eight changing seasons, while it mellowed in great wooden hog-heads.

And say! It's great! That good, natural fragrance of Kentucky's wonder tobacco—Burley—King of Pipe-land. No camouflage about it. No drolling up.

Pack a pipeload. Light up and you'll get the fragrance of real tobacco—the incense to solid comfort.

And a mild, pleasant taste, that only our Nature-ageing method can impart. You will never taste a finer cigarette than the one you roll with Velvet.

Fifteen cents a tin—not a cent more.

Batter up!

Lightly and slowly

A friendly pipeful makes even the umpire seem almost human.
