

LYNN TO HOLD HOME-COMING EVERY YEAR

Success of Thursday's Event Determines Citizens to Repeat in Fall of 1920.

By WILLIAM R. SANBORN.

They had a great time at Lynn, Thursday. It was homecoming day, not only for the returned soldiers, of whom there are 64 registered from the township, but for numerous other folks who came back home to renew old friendships.

The public dining table, the shady school lawn, was the meeting place for hundreds at noon hour, and the lawn was dotted with white cloths and family parties eating picnic dinners from well filled baskets.

But the crowds were everywhere; they overflowed the town till late in the evening. The band concert lasted until 9:30 and the high school girls of the Circle club did not conclude their drill on Main street until 9 o'clock, with a beribboned Maypole as their center. The drill was enlivened by music by the Farmhand band. The Hollansburg band also helped to enliven the festivities during the day, and took part in the parade.

The judging of live stock in front of the grandstand took place during the morning hour and numerous cash premiums were awarded. The ladies flacked to Odd Fellows hall all day long, the display of art needlework being surprisingly large.

One exhibit which attracted much attention was contributed by the mothers and sisters of the boys in the service, and which the boys had brought home from over sea. There were also a number of paintings displayed by Mrs. Frances Lee Nichols, a local artist whose paintings are much appreciated.

Relics of Other Days. A jar of peaches picked by Mrs. Elmer Shook when she was a little girl and canned by her grandmother, Mrs. Naomi Hill, in 1879, was in first class condition. The peaches were canned whole and not peeled. A quilt pieced 75 years ago by "Grandmother Dorton" was also a relic of bygone days.

C. W. Bowen chairman of the entertainment committee, and Edwin Chenoweth, treasurer, said that because the crowd in attendance was so large and the day so enjoyable, that these homecoming days would be held regularly in future, a little earlier in the season.

The various committees are entitled to much credit for the completeness and character of the most enjoyable program, as also are those who contributed so many good features to the afternoon parade of decorated cars and floats.

O. F. Williams & Son received the first award for a business float, and J. F. Chenoweth, the second prize. The circle girls, from the high school, took first money for a really beautiful float, typifying a circle around the globe, the nations being represented by young ladies in the costumes of the different countries. The high school juniors took the second prize and provided a very handsome float.

Francis Leska received \$5 and Willie

Pearson \$2.50 as first and second in the pony contest, in which there were numerous entries. David Hodgkin received first and second awards on beef cattle and Orville Bilheimer first on span of mules. The J. A. Long company had several floats and wagons in line, two of them "comics" which created much merriment. At least 25 floats, and numerous cars were in line, and there were a number of the soldiers also marched. All the live stock which had captured ribbons formed a part of the street show, which was led by two bands.

There was a large display of rabbits in the poultry section, the Hardesty rabbitry, of Lynn, having numerous specimens of various breeds. Some fine chickens were also given ribbons and there was also a display of vegetables in the building.

Among workers for the success of the day were: O. A. Frazier and Bert Spencer, in charge of the poultry department; Clarence Clark, C. C. Williams and Blaine Moody, of the committee on parade and street show; Cecil Beettling, general secretary; Mrs. J. M. Hamilton, Mrs. Oscar McCann and Mrs. G. P. Chenoweth, in the art and household economic department, in Odd Fellows hall. The Chenoweth aeroplane gave exhibitions of flying during the day.

LEAGUE MEANS

(Continued from Page One)

The man who attempts to preach the doctrine that peace with Germany, with or without the league of nations, means peace for the world in the relations of men with men, or producing, selling and buying according to ancient customs, inflicts incalculable injury on the public.

"If America," he said, "is shackled to the proposed league of nations just as it is written, she will go blindly and blunderingly into the future, incapable of guiding her own people safely through these dark and difficult days."

obligation to any foreign nation, now or at any future time.

"I am in favor of Hiram Johnson and Americanism.

These Favor League. "Any league plan would be opposed by certain statesmen, no difference who proposed it. A league of some kind should be adopted.

"Although the proposed league constitution is not perfect, I favor it rather than endanger the entire peace of the world. My views coincide with those of Mr. Taft. I am a progressive Republican, voted for New and Watson, and am not friendly to Mr. Wilson in many of his policies.

"It has been the history of all such articles that they cannot be made perfect from the beginning. It seems that the whole principle of this cause should not be rejected because of imperfections, although I am in favor of amendments.

"I do not know any more on this subject than Senators Lodge or Borah, but it does seem that when the greatest and foremost men of the world get together, as in this case, and formulate such a plan, it is up to the people to try it and forget politics. I believe in a common world center. The present plan may not meet the needs, but it will be a good start in that direction.

"The covenant should be approved as it now stands, subject to change later by the delegates.

He Wants Reservations.

"I believe the league is all right if made public to the American people."

CATARRHAL DEAFNESS AND HEAD NOISES

TELLS SAFE AND SIMPLE WAY TO TREAT AND RELIEVE AT HOME

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels, you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Parmit (Double Strength). Take this home and add to it 3/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dullness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent. of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless home treatment.—Adv.

GOVERNOR APPROVES BUDGET.

Asserting that the United States is the only leading nation of the world without a conscience in financial matters concerning itself, Governor James F. Goodrich yesterday endorsed the campaign for a Federal budget system that has been inaugurated by the national budget committee.

Governor Goodrich declares in a statement prepared for the committee that a budget system is needed as a check on the evils developing from the lack of system in Congress in administering the nation's financial affairs.

Invest Part of Your Savings in a Dickinson Diamond

We don't ask you to place all your savings in a Diamond—as you should have some cash on hand for a "Rainy Day"—but we do say: Place part of it in Diamonds—as diamonds are good investments—especially Dickinson Diamonds—as they were bought months in advance of price increases which enables you to buy a diamond that is actually worth 20 percent more than the price we ask you. Think it over—then come to this store for your diamond.

"THE BEST PLACE TO SHOP AFTER ALL"

REED'S

"The Home of Service"

A store used to be a place to go to only when you wanted to buy something.

We all remember, and unfortunately is yet some places, that it used to be impossible to get out of a store without buying.

A new order of things established by "Reeds" has changed all of this embarrassment of "lookers" and the dickering about prices. Even more, we do not expect every one to be a buyer at that particular visit. We believe people come as visitors, to get better acquainted with the advantages of dealing here when they are ready.

With every article marked in plain figures, you could if you wished, be your own salesman, however it is a pleasure for our salesmen to show you and explain the merits of any goods you may wish to know about and we want to firmly impress upon you that you are welcome at any and all times, to visit our store whether buying or not.

The really great purpose of our organization is "SERVICE" and with this thought in mind we invite you to our store whether buying or not. We are at your service.
