

## MARKETS TAKE UPTURN IN WEEK DESPITE STRIKE

Live Stock and Grain Prices  
All Going up—Much Bull  
Sentiment at Chicago.

By WILLIAM R. SANBORN.

Despite the fear of demoralized live stock markets last week, because of the steel strike, the price of cattle averaged 45 cents above the previous week and hogs averaged 5 cents higher, at \$17.

Prime steers ranged from \$17.60 to \$17.90 last Saturday, with good to choice ranging at from \$17.50 down to \$16.60; while common to good ranged up to \$16.50 on a few selections. The market at the end of the week was steady to strong at all western points. Western receipts were considerably lighter than a year ago both of cattle and hogs.

The top on hogs at Chicago Saturday was \$17.80, for light butchers, which was 4 cents over the top for heavier. Light bacon hogs were in demand, those ranging at 180 to 190 pounds bringing \$17.25.

So many poor quality hogs were marketed on Saturday that the average for the day was but \$16.25, this being 20 cents under Friday's average, and the lowest, with one exception, since last October. Owing to the large number of heavy packers received last week, the average estimate was estimated at 256 pounds.

The percentage of prime finished cattle was small everywhere last week especially in the west, but even so, the average price at Chicago, \$15.60, was 20 cents above the average for the same week in 1918, while hogs, at \$17, were \$2.20 under the figures for the same week last year. Sheep at \$5.20 and lambs at \$14.50, on averages for the week, were each \$2.50 per 100 weight below 1918 prices.

**Active Grain Markets.**  
Corn and oats had a broad range during the past week, with exceptional daily fluctuations. Unexpected strength developed on the morning the strike opened, corn advancing 3 cents and oats gaining 1 cent, where a decline had been feared by the bulls.

Rye and barley also advanced sharply and all hog products took an upward turn, with everything closing at the top of the day. This indicated that the trade did not take the strike seriously, but anticipated an early settlement and return to work.

September corn reached \$1.55 or its upward peak on Tuesday, an advance of more than 4 cents from its recent low. But the price did not hold; it struck bottom for the week at \$1.41 on Saturday, and closed at \$1.44.

Board of trade speculators and grain shippers are always awake to the various changes in the cost of every important food and the fact that, in spite of the government campaign to reduce the cost of staples, eggs and butter have advanced 8 cents per dozen and pound. Chicago, within thirty days, strengthened bull sentiment on the spot. Dressed beef, pork and mutton ranged about one cent higher the past week, at wholesale, than during the previous week.

### Glen Miller Market

The receipts at the local yards were fairly heavy last week and prices ruled steady within a rather narrow range, compared with recent widely fluctuating markets.

In spite of the hesitancy shown by live stock shippers generally, the local yards received 551 hogs, 84 head of cattle, 38 veals and 20 lambs. Outside of 38 spring pigs fed by Wora Payne of Glen Karn, that sold for \$17 on Tuesday, 16 cents was practically the top on good hogs sold late in the week.

With reference to the intake for the week, Rome Shurley, said: "D. Hoggatt sent in 65 hogs, fed by William Hearnley of Randolph county, which averaged 300 pounds, and brought \$16.65 over the scales. Ozro Bales brought in 75 head that netted \$2,551 at \$16.75, and Ollie Hodgin marketed 92 head, fed by William Miller and Edward Medaugh, that sold for \$2,398, at \$16.35 per 100. Charles Longnecker sold 28 May pigs at \$16, the net being \$617.50.

"In addition to these, were 105 hogs delivered in small lots at various prices, which weighed 17,510, and cost us \$2,880.

The bulk of cattle was on through billing, although there were several cows received good enough to command 10c and 11c, with a little better market all up and down the list. Veals ruled steady, a range of 8c to 17c as to quality, but lambs were very dull, selling at 6c to 10c; sheep at 4c to 5c and bucks at \$2 to \$3 per hundred pounds.

### List of Shippers.

In addition to those above mentioned, and who patronized the local yards last week were: Will Henley, John Branson, John Royer, E. Stancomb, Carl Wright, Charles Snedeker, J. W. Morrison, William Miller, D. Conway, W. N. Wilcox, Al Paulin, Ott Cranor, Miles Shute, Ell Laird, Hugh Crocker, J. A. Carr, W. R. Crawford, Earl Stevens, Joel Rallsback, Harry Osborne, R. C. Wolf, Bert Isenbarger, William Lipp and Brason Horner.

The local farmers and shippers who visited the yards last week, were most

### Teeth Made Beautiful In a Few Moments

Don't deceive yourself into believing that because you brush your teeth regularly they are free from stains. Just take a careful look at them in a mirror at the window where there's a good daylight. You do see yellow or black spots or tartar on them. Because the dentifrice you use is powerless to remove such blemishes, no matter how often you brush your teeth. Those stains are really discolored films, thin coatings of fat, which the usual pastes, creams and powders fail to dissolve.

You will welcome the information that a remarkable product recently introduced through the druggists here, known as "Once-a-Week Teeth Polish," will completely remove all stains and spots so quickly you hardly believe your own eyes. Just use it like any dentifrice and after the first brushing, look in your mirror again—last. You will know then what it is to have teeth that are truly white, clean and sparkling. Once-a-Week Teeth Polish is a whitener as well as a beautifier, for keeping the teeth polished prevents decay. Your dentist will tell you so—Adv.

optimistic. They do not believe that prices are going all to pieces, and say better markets are to be looked for.

A "locotractor" has been developed for use in Africa.

### TWO MEN FALL IN N. Y. STREET BATTLE

NEW YORK, Sept. 29—Two men, bullet riddled, fell dead in front of 78 Catherine street, Sunday, and a third was so severely wounded that his

chance of recovery was said to be slight when he was taken to a hospital.

The dead men were Joseph Gracino, 30 years old, and Louis Valenti, 30, both of Manhattan. Their companion,

the wounded man, was John Blocco, 26 years old.

GIVES UP HUN HUSBAND  
FOR AMERICAN FORTUNE

BERLIN, Sept. 29—Baroness Boeck-

lin von Boecklin, formerly Gertrude Berwind, of Philadelphia, is re-

ported to be the first American girl who has decided to give up her German husband for her American for-

ture that was seized during the war.

A letter from Switzerland said that the Baroness is reported to be about to sail for the United States with her son.

### Sale

Starts today, Sept. 29th, and lasts until Monday, Oct. 6th.

# Rugs! Rugs!

A Sale That Will Save Our Customers Thousands  
of Dollars---A Most Opportune Event

This sale of Rugs, as compared with the present rug market, is an event that should interest every home in Richmond insofar that everyone knows the old maxim is true "That a dollar saved is worth two earned." You ask why "REED'S" can have a rug sale in the face of the advancing market. Here is the answer: Our buyer has just returned from the rug market and while there was quoted prices on rugs in large quantities, that were materially lower than regular quoted price, and having the welfare of the buying public in mind, bought heavily, and having them now on display, we are today going to give you the benefit of those prices. There are no seconds or maimed Rugs in our stock. Every rug is of first quality and the "Reed Store" is back of them all, as these are all rugs whose quality is never questioned and of lines which appear regularly in our stock.
